INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Poly-America, L.P. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Poly-America, L.P. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Poly-America, L.P. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Poly-America, L.P. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Poly-America, L.P. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Poly-America, L.P. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Poly-America, L.P. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

1 - Description of Plan

The following description of the Poly-America, L.P. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan became effective on January 1, 1990 and is a defined contribution 401(k) plan, covering all full-time employees of Poly-America, L.P. (the "Sponsor" and "Administrator") and certain companies related by common ownership (the "Companies"). The Plan Administrator is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Contributions - Participants may voluntarily contribute to the Plan up to 50 percent of their compensation, as defined by the Plan, not to exceed limits imposed by the Internal Revenue Service during the calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Annually, the Companies may elect to contribute a matching percentage of the participants' eligible contributions. During 2025 and 2024, the Companies matched an amount equal to 100 percent of each participant's contribution up to 6 percent of the participant's compensation. The employer matching contributions, net of forfeitures, were $12,625,831 and $12,406,022 in 2025 and 2024, respectively.

In addition, the Companies made a discretionary employer non-elective ("profit-sharing") contribution in 2025 and 2024 equal to 1 percent of eligible participants' compensation as defined in the Plan, subject to limits imposed by Internal Revenue Service regulations. The amounts of the profit-sharing contributions were $2,993,300 and $2,905,129 in 2025 and 2024, respectively.

C. Participants' Accounts - Each participant's account is credited with the participant's contributions, an allocation of the Companies' matching and profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined within the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Eligibility and Vesting - Employees of the Companies become eligible to participate in the Plan once they have attained the age of nineteen and completed six months of service with the Sponsor. Effective January 1, 2016, employees are automatically enrolled in the Plan upon reaching eligibility.

Participants are immediately vested in their contributions plus the allocated earnings thereon. Vesting in the Sponsors' matching and profit-sharing contributions plus allocated earnings thereon is based on years of vesting service. A participant is 100 percent vested upon completion of three years of vesting service. A participant becomes 100 percent vested in all accounts without regard to vesting service upon the attainment of age 65, disability or death.

E. Investment Options - Participants may direct the investment of their account balances into any of the Plan's investment options selected by the Retirement Plan Committee. Participants may change their investment options daily.

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes are available only for the purchase of a principal residence for terms not to exceed five years. Participants are permitted to only have one note outstanding at any time. Notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The range of interest rates in effect for all outstanding notes at December 31, 2025 was 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

1 - Description of Plan (Continued)

G. Payment of Benefits - A participant is entitled to receive a distribution equal to the value of his or her vested account balance upon attainment of the normal retirement age of 65, termination of employment, disability or death. Payments are made to the participant or the participant's beneficiary in a lump-sum. Upon attainment of age 59-1/2, a participant may elect to withdraw all or part of his or her elective deferral contribution account balance. In-service withdrawals of a participant's elective deferral contributions are permitted for amounts necessary to satisfy a financial hardship as defined by the Plan agreement. Effective September 1, 2016, participants may elect to receive installment distribution payments upon reaching the normal retirement age of 65.

If a terminated participant does not request a distribution or direct rollover and his or her account balance is less than $1,000, a distribution of the participant's vested account balance will be made automatically in a lump-sum payment. If a terminated participant's vested account balance is greater than $1,000, but less than $7,000, a distribution of the participant's vested account balance will be made automatically as a direct rollover into an IRA set up for the participant. If a terminated participant's account balance is greater than $7,000 and the participant has reached normal retirement age, the participant may request a partial distribution of his or her vested account balance at any time.

H. Forfeited Accounts - Forfeitures of non-vested matching contributions may be used to reduce the Sponsor matching contributions. Forfeitures of non-vested profit-sharing contributions may be allocated to eligible participants based on compensation as if the forfeitures were an additional profit-sharing contribution. Forfeitures may also be used to pay plan expenses; however, none were used for that purpose in 2025 and 2024.

Forfeitures allocated in each year were:	2025	2024
Non-vested matching contributions	$ 859,751	$ 643,379
Non-vested profit-sharing contributions	310,769	202,230

2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recorded when the obligation is incurred.

B. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investments Valuation and Income Recognition - The Plan's investments are reported at fair value as determined and certified by Matrix Trust Company (the "Trustee"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and collective investment trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net investment income (loss) in the fair value of such investments.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

2 - Summary of Significant Accounting Policies (Continued)

D. Contributions - Participant contributions are recorded when withheld from compensation. Sponsor contributions are recorded in the period in which they become the obligations of the Companies.

E. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions for the years ended December 31, 2025 and 2024, respectively.

F. Administrative Expenses - Substantially all costs of Plan administration are paid directly by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Prior to November 14, 2014, all costs of administering the Plan were paid by the Sponsor. Effective November 14, 2014, fees related to the administration of notes receivable from participants, distributions and administration of qualified domestic relations orders are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net investment income (loss).

G. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant note balance is reduced and a benefit payment is recorded.

H. Subsequent Events - The Plan has evaluated subsequent events through September 23, 2026, the date the financial statements were available to be issued.

3 - Information Certified by the Trustee

The Sponsor elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: lnputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for that asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common collective investment trusts: Valued at the net asset value ("NAV") of units of a trust company investment trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued using the NAV (or its equivalent) of units held by the Plan at year-end as provided by the Trustee and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These investments are required to publish their daily NAV and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

4 - Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Other (1)	Total
Interest in registered investment companies	$ 26,380,063	$	$	$	$ 26,380,063
Interest in pooled separate accounts				43,404,427	43,404,427
Interest in common collective investment trusts				188,093,391	188,093,391
Total	$ 26,380,063	$	$	$ 231,497,818	$ 257,877,881

	Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Other (1)	Total
Interest in registered investment companies	$ 20,863,139	$	$	$	$ 20,863,139
Interest in pooled separate accounts				41,485,800	41,485,800
Interest in common collective investment trusts				154,028,037	154,028,037
Total	$ 20,863,139	$	$	$ 195,513,837	$ 216,376,976

(1) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (NAV), or its equivalent, as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

4 - Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024. There are no participant redemption restrictions for the investments below; any redemption restriction listed is applicable only to the Plan.

	Fair Value Estimated Using NAV Per Share				
	Fair Value December 31,		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Pooled Separate Accounts:					
New York Life Anchor Account 35					
Stable Value Option	$ 43,404,427	$ 41,485,800	None	Daily	12 Months
Common Collective Investment Trusts:					
Aggressive MAP	14,639,631	11,036,243	None	Daily	None
Growth MAP	14,931,718	12,730,363	None	Daily	None
Moderate MAP	144,994,857	119,355,172	None	Daily	None
Conservative MAP	5,128,797	4,206,350	None	Daily	None
Income MAP	8,398,388	6,699,909	None	Daily	None
	$ 231,497,818	$ 195,513,837			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5 - Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and the Sponsor may terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100 percent vested in their accounts.

6 - Income Tax Status

The Plan obtained its latest determination letter on March 30, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8 - Parties-in-Interest Transactions

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the years ended December 31, 2025 and 2024 for these services totaled $95,933 and $81,007, respectively. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.
