Independent Auditor's Report

To the Administrative Committee of
Peterbilt of Atlanta 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Peterbilt of Atlanta 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Peterbilt of Atlanta 401(k) Retirement Savings Plan's (the "Plan") financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental *Schedule of Assets (Held at End of Year)* is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Peterbilt of Atlanta 401(k) Retirement Savings Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established with an effective date of January 1, 2008, and was most recently amended and restated effective May 1, 2022, on the Sentry Life Insurance Company Defined Contribution Pre-Approved Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and has been amended since inception to comply with changes in legislation and regulation. Peterbilt of Atlanta, LLC (the "Company") is the plan sponsor.

Eligibility

Employees, other than nonresident aliens, are eligible to participate in the Plan upon attaining age 18 and completing one hour of service within the one-month period following their employment commencement date. An employee who does not complete one hour of service within that period must complete one year of service (1,000 hours of service) to become eligible. Eligible employees enter the Plan on the first day of the month following the date on which they satisfy the eligibility requirements. Service with Peterbilt of Las Vegas and Peterbilt of Nevada is credited for eligibility and vesting purposes.

Contributions

Participants may elect to defer up to 100% of their eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations, on a pre-tax and/or Roth basis. Instead of specifying a percentage of compensation, a participant's salary reduction agreement may specify a dollar amount to be contributed each payroll period. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover contributions), and the Plan permits in-plan Roth rollovers. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution, which is determined by the Company and allocated each payroll period, including on catch-up contributions. There is no service or employment requirement to receive an allocation of the matching contribution. The Company may also make a discretionary non-elective contribution each plan year, allocated using a permitted disparity (integrated) formula; to receive an allocation of the non-elective contribution, a participant must be employed on the last day of the plan year. For the year ended December 31, 2025, the Company made matching contributions of $324,725 and no discretionary non-elective contribution.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) any of the Company's contributions and (b) Plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral, Roth, catch-up and rollover contributions, plus actual earnings thereon. Vesting in the Company's non-elective contributions is based on years of service, with 0% vesting until the participant completes 3 years of service, at which time the participant becomes 100% vested. Vesting in the Company's matching contributions is also based on years of service under the following schedule: 0% with less than 2 years of service, 20% after 2 years, 40% after 3 years, 60% after 4 years, and 100% after 5 years of service. A year of service for vesting purposes is a plan year in which the participant completes at least 1,000 hours of service. Participants also become 100% vested upon attaining normal retirement age (age 65), death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance; a participant may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate established by the Plan Administrator, which ranged from 4.25% to 10.50% at December 31, 2025. Loan terms may not exceed five years unless the loan is used to purchase the participant's principal residence, in which case the term may be up to 30 years. Principal and interest are paid ratably through payroll deductions or ACH.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. A loan is considered in default if a scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the payment was missed. If a participant loan is deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Participants or their beneficiaries may begin receiving benefits upon termination of the participant's employment for any reason, including death, disability or retirement. Distributions may be made in a lump sum, in installments, as partial distributions, or under annuity options available from Sentry Life Insurance Company, or may be directly rolled over to another eligible retirement plan or individual retirement account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payments of Benefits (Continued)

If a terminated participant's vested account balance (including rollover contributions) does not exceed $5,000, the Plan will distribute the account without the participant's consent; if such an amount exceeds $1,000 and the participant does not elect a form of distribution, it will be automatically rolled over to an individual retirement account. Prior to termination, participants may receive in-service distributions upon attaining age 59½, upon disability, as a qualified reservist distribution, or in the event of financial hardship, subject to a $1,000 minimum for hardship distributions.

Forfeitures

Forfeitures of nonvested Company contributions may be used to pay reasonable administrative expenses of the Plan, to reduce Company contributions, or be allocated as additional Company contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $0, respectively. During the year ended December 31, 2025, forfeitures of $36,854 were used to reduce Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments in pooled separate accounts are reported at fair value, and its fully benefit-responsive guaranteed investment contract is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and Note 5 for a discussion of the guaranteed investment contract. The Plan's Administrative Committee determines the valuation policies utilizing information provided by the investment advisors and the custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

The Plan is required to return contributions received during the plan year in excess of the limits of the Internal Revenue Code ("IRC"). Amounts refundable as a result of failing nondiscrimination testing are recorded as a liability, with a corresponding reduction of participant contributions and investment income, in the year to which the excess relates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 – INFORMATION CERTIFIED BY ASSET CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan included in the Plan's financial statements and supplemental schedule that was prepared by Sentry Life Insurance Company ("Sentry") and furnished to the plan administrator. The plan administrator has obtained certifications from Sentry that such information is complete and accurate:

- The value of investments as indicated in the statements of net assets available for benefits and notes to the financial statements, including notes receivable from participants.
- All information indicated in the statement of changes in net assets available for benefits, with the exception of contributions, benefit payments and administrative fees, if any.
- All information indicated in the supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3").

NOTE 4 – FAIR VALUE MEASUREMENTS – (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pooled separate accounts: Valued at the unit value reported by Sentry Life Insurance Company, which is based on the fair value of the underlying investments held by each account less its liabilities. Unit values are determined daily, are observable, and are the values at which participant transactions occur; accordingly, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025:

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 13,749,178	$ -	$ 13,749,178	$ -
Total assets at fair value	$ 13,749,178	$ -	$ 13,749,178	$ -

Assets at Fair Value as of December 31, 2024:

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 11,500,721	$ -	$ 11,500,721	$ -
Total assets at fair value	$ 11,500,721	$ -	$ 11,500,721	$ -

The Plan’s guaranteed investment contract of $205,836 and $233,643 at December 31, 2025 and 2024, respectively, is reported at contract value and is therefore not included in the tables above (see Note 5).

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan participates in the Sentry Guaranteed Income Fund ("GIF"), a general account-backed group annuity contract issued by Sentry Life Insurance Company (the "Issuer"), which is considered a guaranteed investment contract ("GIC"). There are no specific securities in the general account that back the investments in this account. All transactions are at contract value, including discontinuance of the contract. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. In certain instances, when total distributions or transfers in the GIF within a calendar year exceed predetermined thresholds, transactions in the GIF may face certain restrictions in accordance with the contract terms.

The interest crediting rate is determined yearly and during 2025 resulted in an average annual yield earned and credited to participants of approximately 1.48%. The interest crediting rate is calculated based upon many factors, including projected earnings on investments held in the general account, projected cash flow, the interest rate at which new investments can be made, investment and interest rate risk, investment management expenses, liquidity needs and the competitive environment, as well as potential profit or loss.

The Plan administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable. There are also no events or circumstances that would allow the Issuer to terminate the fully benefit-responsive group annuity contract with the Plan and settle at an amount different from contract value.

NOTE 6 – EXCESS CONTRIBUTIONS PAYABLE

The Plan is subject to the nondiscrimination requirements of the IRC, including the actual deferral percentage ("ADP") test, which limits the elective deferrals of highly compensated employees relative to those of non-highly compensated employees. For the plan year ended December 31, 2025, the Plan did not satisfy the ADP test. To correct the failure, the Plan refunded excess contributions of $18,601, plus allocable earnings of $2,803, to certain highly compensated participants in 2026. In addition, $3,767 excess contributions were reclassified as catch-up contributions, as the Plan permits.

Excess contributions payable of $21,404 are recorded as a liability in the statement of net assets available for benefits on December 31, 2025, and as a reduction of participant contributions ($18,601) and net appreciation in fair value of investments ($2,803) in the statement of changes in net assets available for benefits for the year then ended.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and a guaranteed investment contract managed by Sentry. Sentry is the custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Sentry also provides recordkeeping services to the Plan and receives fees, which are paid through revenue generated by Plan investments, for those services. Fees paid directly by the Plan to Sentry amounted to $14,202 for the year ended December 31, 2025. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 8 – PRIORITIES UPON TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in whole or in part, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 9 – TAX STATUS

The Plan is relying on an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Non-Standardized Defined Contribution Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is no longer subject to potential income tax examinations by tax authorities for years for which the statute of limitations has expired.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 14,353,196	$ 12,117,802
Excess contributions payable to participants	21,404	-
Net assets available for benefits per Form 5500	$ 14,374,600	$ 12,117,802

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets per the financial statements	$ 2,235,394
Add: Excess contributions payable at December 31, 2025	21,404
Net income per Form 5500	$ 2,256,798

Excess contributions payable to participants are recorded as a liability in the financial statements but are not reported as a liability on Form 5500 until paid.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 24, 2026, which is the date the financial statements were available to be issued. No events were identified that would require disclosure.
