Independent Auditors' Report

To the Employee Benefit Committee and Plan Administrator of
Bank United 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank United 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audits.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan’s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of BankUnited 401(k) Plan (the "Plan"), as amended, is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General Information

The Plan, established effective August 16, 2009, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is made available to all eligible employees of BankUnited and BankUnited, Inc. (collectively, the "Company" or the "Employer") on the first day of any pay period after they have completed one month of service.

The Plan's Employee Benefit Committee and the Plan administrator are responsible for oversight of the Plan. The Plan's Employee Benefit Committee and the Plan administrator determine the appropriateness of the Plan's investment offerings and monitor investment performance. The plan recordkeeper is Ingham Retirement Group ("Ingham"). The Plan trustee and custodian of plan assets was Fidelity Personal Trust Company, FSB ("Fidelity"), for the year ended December 31, 2025.

Effective December 29, 2022, the Setting Every Community Up for Retirement Enhancement ("SECURE") 2.0 Act introduced numerous retirement plan provisions with staggered effective dates. The Plan has adopted applicable provisions effective through December 31, 2025 and continues to evaluate and implement additional required and optional provisions, including enhanced catch-up contribution limits for certain participants and other participant distribution and administrative provisions, in accordance with applicable regulatory guidance.

Employer Contributions

The Plan is a "qualified automatic contribution arrangement 401(k) plan," also known as a QACA. For each Plan year, the Company contributes to the Plan an amount of matching contribution necessary to maintain "QACA safe harbor" status. The Company's contributions to the Plan in 2025 were equal to 100% of a participant's elective deferral that did not exceed 1% of compensation, including certain noncash compensation amounts, as defined in the Plan document, plus 70% of a participant's elective deferral that exceed 1% but was less than 6% of compensation, including certain noncash compensation amounts as defined in the Plan document.

Participant Contributions

Each participant may voluntarily contribute to the Plan up to a maximum equal to the Internal Revenue Service ("IRS") annual limitations. For the year ended December 31, 2025, participant contributions were subject to an overall annual limitation of $23,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in the amount of $7,500 in 2025. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

Participant Accounts

Each participant's account is credited with participant's contributions, Rollovers, Employer matching contributions, and Plan earnings or losses based upon the participant's investment elections. Participant accounts are reduced by any withdrawal or distribution associated directly with the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Description of Plan (Continued)

The Plan includes an automatic deferral feature. Accordingly, the Company automatically withholds a portion of an employee's eligible compensation and their contributions invested in a designated balanced fund until changed by the participant, as defined in the Plan document, unless the employee affirmatively elects otherwise. Employees can, at any time, select an alternative deferral amount or elect not to defer under the Plan document. The automatic deferral increases each plan year of participation as follows:

Plan Year(s)	Automatic Deferral Percentage
1-2	3%
3	4%
4	5%
5 and thereafter	6%

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their voluntary contributions, Rollovers, plus actual earnings or losses thereon. Vesting in amounts contributed by the Company for the participant's benefit is based on continuous years of service. However, if an active participant dies, becomes disabled, or attains the normal retirement age, the participant's account becomes 100% vested. The vesting schedule for the participant's share of the Company's contribution plus earnings or losses thereon is as follows:

Years of Service	Percentage Vested
Less than 2	—%
2	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account. A participant can have no more than two notes outstanding from the Plan at any time. One note will be permitted for any reasonable purpose. The other note must be for a financial hardship as defined in the Plan document.

As of December 31, 2025 and 2024, the notes bore fixed interest rates that ranged from 4.25% to 9.50%, maturing through 2052. The interest rates are based on comparable rates offered by other financial institutions for similar notes at the date of the loan. Principal and interest on outstanding notes are repaid semi-monthly through payroll deductions or at least quarterly through Automated Clearing House ("ACH"), and the term of repayment cannot exceed five years, unless the note qualifies as a home loan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

Note 1 Description of Plan (Continued)

Payment of Benefits

Participants' vested account balances may be withdrawn upon reaching age 59½, termination of employment, death, or approved hardship. Generally, vested account balances not exceeding $1,000 are distributed to participants in a single lump-sum payment after employment with the Company is terminated. As further described in the Plan document, participants have several options for receiving benefits.

Hardship Withdrawals

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions, Rollovers, including earnings, if any. For the year ended December 31, 2025, there were approximately $800,000 in hardship withdrawals, which are included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

Forfeitures

Forfeitures are used to reduce future employer matching contributions or to pay administrative expenses of the Plan. During 2025, Employer contributions were reduced by approximately $141,000 from forfeited non-vested accounts, in accordance with Plan provisions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $186,000 and $141,000, respectively.

Note 2 Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Use of Estimates

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

The Employee Benefits Committee and the Plan administrator determine the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are considered assets of the Plan and are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Note 2 Summary of Accounting Policies (Continued)

Due From/Due to Brokers

Due from/to brokers represent receivables or payables for investment security transactions which were initiated during the year, but not yet settled at year end.

Excess Contributions Payable

Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. As of December 31, 2025 and 2024, there were no excess contributions payable.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 Financial Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Fidelity, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. This information has not been audited by the Plan's independent auditors.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "*Fair Value Measurement*", are described as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
- Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
- Level 3 - Inputs to the valuation methodology are unobservable and in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 4 Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds and money market funds, valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV"), and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 274,319,811	$ —	$ —	$ 274,319,811
Money market funds	9,270,164	—	—	9,270,164
Investment at fair value	$ 283,589,975	$ —	$ —	$ 283,589,975

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 232,054,857	$ —	$ —	$ 232,054,857
Money market funds	10,294,720	—	—	10,294,720
Investment at fair value	$ 242,349,577	$ —	$ —	$ 242,349,577

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Level 1, 2, or 3 during the year ended December 31, 2025.

Note 5 Administrative Expenses

Certain expenses of the Plan's administration and all investment advisory and management fees are paid from assets of the Plan. Certain administration expenses, including legal and audit fees, may be paid from the invested assets unless paid by the Plan Sponsor. The Plan Sponsor paid certain administrative expenses of the Plan, in its sole discretion for the year ended December 31, 2025.

Note 6 Related-Party and Party-in-Interest Transactions

Fidelity is the custodian and trustee of the Plan and Ingham is the recordkeeper and investment advisor of the Plan; therefore, transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan to these parties-in-interest totaled $308,749, for the year ended December 31, 2025.

Note 7 Tax Status

The Plan adopted a pre-approved plan offered by Ingham. The pre-approved plan received an IRS Opinion Letter dated January 25, 2021, stating that the Plan and related trust, as then designed, were in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Note 9 Subsequent Events

Subsequent events have been evaluated through October 6, 2026, the date the financial statements were available to be issued.
