Independent Auditors' Report

To the Plan Administrator
PDC 401(k) Plan
Souderton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of the PDC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the PDC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PDC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PDC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PDC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PDC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the PDC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for all eligible employees of the Company, as defined in the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants could elect to defer any amount of their salary up to the maximum contribution allowed by law, which is $23,500 in 2025. Certain eligible employees can make additional catch-up elective deferrals of up to $7,500 in 2025. During 2025, PDC Machines, LLC reinstated a safe harbor matching contribution effective July 3, 2025. The matching contribution was equal to 50% of participants salary deferral not to exceed 3% of the participants compensation. The cash discretionary matching contribution made for the year ended December 31, 2025 was $43,996. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participation

An employee may become a participant of the Plan immediately following the date the employee attains age 21 and completes one hour of service within the 90 days following the employee's employment commencement date.

Participant Accounts

A separate investment account is maintained for each Plan participant. Participants may direct the investment of their accounts into various funds specified by the Plan. Participant accounts are credited with the participant's contribution, an allocation of the Company's matching contribution and an allocation of plan earnings/(losses) and are charged with an allocation of administrative expenses, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and Employer contributions in a variety of investment options.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately 100% vested in their own contributions to the plan plus earnings/(losses) as well as the Company's match contributions to the plan plus earnings/(losses). Vesting in the Company's non-elective discretionary contributions and earnings is as follows:

Years of Service	Percent Vested
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

An employee must complete at least one thousand hours of service during a vesting computation period to receive credit for a year of service. Regardless of the vesting schedule, a participant will become fully vested upon death, disability, and at normal retirement age which is 65 years of age.

Payment of Benefits

The Plan will make a mandatory distribution immediately following severance from employment, the maximum amount of this mandatory distribution is equal to $5,000. Participants are permitted to receive a distribution from the vested portion of their individual account balance in the event of death, disability, termination of employment, a proven hardship, retirement, or attainment of age 59-1/2 while still employed. Distributions following a participant's death will commence on or before the last day of the calendar year which next follows the calendar year of the Participant's death.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and shall bear interest at a rate equal to the prime interest rate plus one percent. Loans must be repaid by the participant within five years unless the loan is used to acquire a participant's primary residence. Loans used to acquire a primary residence may be given a term of up to 15 years. Principal and interest are paid ratably through payroll deductions. Participants may have no more than two outstanding loans at any one time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Employees who terminate employment and are not vested will forfeit the nonvested portion of their account balance to the Plan. Forfeitures will be applied to reduce employer contributions and to pay reasonable plan expenses. Unallocated forfeitures at December 31, 2025 and 2024 were $0. For the year ended December 31, 2025, $1,076 were allocated to cover plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their share of Company discretionary matching and profit sharing contributions.

Plan Amendments

On December 29, 2022, the "Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act" was signed into law in the United States. The Secure 2.0 Act is an expansion of the Secure Act passed during 2019. The Act includes several mandatory and optional provisions that will become effective across several years. The Secure 2.0 Act aims to expand retirement access, increase retirement savings, and simplify plan administration. Plans may choose to operationally implement the provisions of the Secure 2.0 Act, however plan administrators have until December 31, 2026 to officially amend the plan document to reflect the provisions adopted by the plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

See the independent auditors' report.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments

Plan investments in money market fund and mutual funds are stated at fair value at December 31, 2025 and 2024. Quoted market prices are used to value investments. Net appreciation or depreciation of investments is reported on the statement of changes in net assets available for benefits and consists of realized gains and losses and the unrealized appreciation or depreciation of these investments. All underlying investments options are valued daily. This daily price is considered the selling price for transfers and withdrawals and is calculated each day the principal market is open and available to any participant in the Plan.

Purchases and sales of mutual funds and the money market fund are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as of the ex-dividend date.

Investment Income Recognition and Method of Accounting

All transactions are recorded on the accrual basis. Purchases and sales of investments are recorded based on the trade date. Interest and dividends are recorded when received. Capital gain distributions are included in dividend income. Realized gain or losses- on security transactions are determined using the average cost of securities sold on the trade date. Expenses are recorded as incurred.

Benefit Payments

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Participant accounts are charged with an allocation of certain administrative expenses, such as recordkeeping fees, that are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Date of Management's Review

Management has evaluated subsequent events through July 21, 2026, the date which the financial statements were available to be issued.

NOTE C - PARTY IN INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party in interest transactions allowable under ERISA guidelines.

NOTE D - RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in participant account balances and in the statements of net assets available for benefits.

NOTE E - RELIANCE ON CUSTODIAN'S REPORT

The administrator of the Plan chose the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Under that section, no auditing procedures are required to be performed with respect to the investment information certified by Ascensus Trust Company, the custodian of the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025, other than comparing such information to that contained in the financial statements and schedule.

	2025	2024
Money market fund	$ 211,740	$ 204,908
Mutual funds	7,634,552	6,804,759
Participant loans	110,618	167,992
Participant loan interest	11,737	*
Investment income		
Interest and dividends	336,650	*
Net appreciation in fair value of investments	888,763	*

* 2024 investment income was not presented in the financial statements.

See the independent auditors' report.

NOTE F - FAIR VALUE MEASUREMENTS

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. *Level 2* inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. *Level 3* inputs are unobservable inputs based on the Plan's assumptions used to measure assets and liabilities at fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets of the Plan for which fair values are determined on a recurring basis are as follows:

	2025	2024
	Level 1	Level 1
Money market	$ 211,740	$ 204,908
Mutual funds	7,634,552	6,804,759
	$ 7,846,292	$ 7,009,667

Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Money market funds are valued at net asset value of $1 per share of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instrument could result in a different fair value measurement at the reporting date.

See the independent auditors' report.

NOTE G - TAX STATUS

The Plan participates in a plan sponsored by Alerus Retirement and Benefits. Alerus Retirement and Benefits has received a favorable opinion letter from the Internal Revenue Service. The Internal Revenue Service has ruled in a letter dated June 30, 2020, that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the letter, but the Plan Administrator believes the Plan is still in compliance with IRS requirements. The Plan Administrator is not aware of any action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
