Independent Auditors' Report

To the Administrative Committee of the
OB/GYN Affiliates 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of OB/GYN Affiliates 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of OB/GYN Affiliates 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statement section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United

States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OB/GYN Affiliates 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OB/GYN Affiliates 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OB/GYN Affiliates 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OB/GYN Affiliates 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

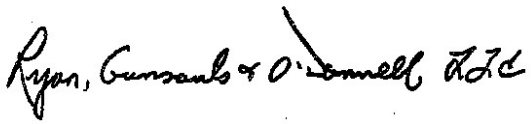

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following brief description of the OB/GYN Affiliates (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan covering certain eligible employees of the Company. Employees are eligible for participation in the Plan after completing one year of service with the Company. The minimum age to participate in the Plan is twenty-one. Eligible employees may enter the Plan on the first day of the Plan year quarter coinciding with or next following the date the participant satisfies the eligibility requirements. The Plan excludes union employees, non-resident aliens, leased employees, and employees who are residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted on January 1, 2002 and most recently restated effective October 1, 2025. The Plan administrator is responsible for oversight of the Plan, the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan's custodian is Transamerica Trust Company. The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the Code). Under the Code, participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Certification

Transamerica Trust Company (the Custodian) has certified to the accuracy of the investment transactions, recognition of income, expenses, and assets held as of December 31, 2025 and 2024.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan. Contributions are subject to certain maximum limits set by the Internal Revenue Service (IRS) and are invested at the direction of the participant. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts from other qualified plans. The Plan currently offers 37 pooled separate accounts and 1 stable value fund as investment options for participants and all assets in the Plan are subject to participants' investment direction. The Company may also make rigid discretionary matching contributions that will not exceed 4% of a participant's total compensation. The Company will also make a nonelection Safe Harbor contribution equal to 3% of the participants compensation. The Company made contributions to the Plan in the amount of $1,276,106 during the year ended December 31, 2025.

Participant Accounts

Each participant's account is adjusted by the following increases and decreases: (a) Plan earnings; (b) payment of benefits; (c) increase (or decrease) in the fair value of applicable investments; (d) Company contributions; (e) participant contributions; and (f) administrative expenses incurred in the operations and maintenance of the Plan and its investments. Allocations to each participant's account are based on participant earnings or account balances, as defined. The

Note 1: Description of Plan, continued

Participant Accounts, continued

benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth consecutive year of service. In addition, there is special 100% vesting for two affiliates of the Company. Participants are 100% vested in the Company's contributions upon death or disability.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to or lesser of $50,000 minus the highest outstanding balance of loans in the past 12 months, or 50% of their vested balance. Each participant can have only one loan outstanding at a time and cannot exceed a term of more than five years. The loans are secured by the balance in the participants' account and bear an interest rate equal to 2% above the prime rate. Principal and interest are paid ratably through monthly payroll deductions. Interest from loans is recognized when earned. During the years ended December 31, 2025 and 2024, the Plan issued 12 and 8 loans to participants, respectively. At December 31, 2025 and 2024, the balance of participant loans totaled $173,888 and $100,260, respectively.

Payment of Benefits

On termination of service due to disability, retirement, or withdrawal from the Plan, a participant will receive a lump-sum cash payment for balances that do not exceed $5,000. If balances exceed $5,000 distributions may be elected by either: (a) a lump sum, or (b) partial withdrawals or installments.

Forfeitures

Forfeitures may be used to reduce employer contributions, or used to pay Plan expenses. For the years ended December 31, 2025 and 2024, there was $-0- forfeited, respectively. The balance in the forfeitures account available to be used as of December 31, 2025 and 2024, was $32,053 and $68,989, respectively.

Hardship Distribution

Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant financial need, subject to certain usage requirements and other conditions. The participant may receive a lump sum payment equal to the vested amount of the participant's account balance.

Note 1: Description of Plan, continued

Administration of Plan Assets

Contributions are held and managed by the custodian, who invests cash received, allocates interest and dividend income, and makes distributions to participants. Employees of the Company perform certain administrative functions for the Plan. Such employees do not receive compensation from the Plan. Administrative expenses can be paid directly by the Company or through the Plan.

Note 2: Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting from information provided by the Company, the Plan administrator and the custodian in accordance with U.S. GAAP.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. The Plan has one fully benefit-responsive investment contracts which is the Stable Value Core investment option.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and a delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note 2: Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Note 3: Fair Values Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are based upon quoted market prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan had no Level 3 investments at December 31, 2025 and 2024.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2025, are as follows:

	Fair Value	Level 1	Level 2	Level 3
Separate accounts	$ 33,061,276	$ 33,061,276	$ -	$ -
Investments at contract value	669,981	-	669,981	-
Total investments	**$ 33,731,257**	**$ 33,061,276**	**$ 669,981**	**$ -**

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2024, are as follows:

	Fair Value	Level 1	Level 2	Level 3
Separate accounts	$ 29,017,793	$ 29,017,793	$ -	$ -
Investments at contract value	1,308,897	-	1,308,897	-
Total investments	**$ 30,326,690**	**$ 29,017,793**	**$ 1,308,897**	**$ -**

Note 3: Fair Values Measurement, continued

Transamerica's Stable Value Core Option is considered a deposit liability with no defined maturities and is fairly valued at contract value. That is, the contract value listed in the financial statements is also the fair value. This option is not guaranteed by the Federal Deposit Insurance Corporation.

The separate accounts invest exclusively in underlying mutual funds traded on an established market. All separate account investments classified as Level 1 investments are valued daily using publicly available quoted market prices. Separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities and are classified as Level 2 investments.

During 2025, the Plan's total investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $4,315,444.

Note 4: Investment Contract

The Plan has one fixed account under investment contract. This account is credited with declared rates of interest and is subject to a minimum rate described in the investment contract. Amounts allocated to the fixed account is held in the Plan's general account which supports insurance and annuity obligations. Certain conditions or restrictions apply to transfers in connection defined with the fixed account. Withdrawals to pay participant benefits (as fined in the investment contract) from the fixed account are made at book value. The investment contract does not have a maturity date and may retain the right to defer payments from the general account in the event of certain emergency conditions or as provided by applicable law.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6: Tax Status

The Plan obtained its latest determination letter dated February 21, 2012, in which the IRS stated that, the Plan, as then designed, was in compliance with applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the Code. Therefore, the amounts contributed by the Company, plan participants and plan earnings are not taxable to the participants until distributed and no provision for income taxes has been included in the Plan's financial statements. Currently the tax returns open and subject to examination are the 2022, 2023 and 2024 tax years by the IRS. However, the Plan is not currently under audit nor has the Plan been contacted by this jurisdiction. The Plan administrator and sponsor believe the Plan's tax position would be upheld under examination. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and securities managed by Transamerica Trust Company. Transamerica Trust Company is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Many investment options have charges and restrictions that apply when transactions are made, and vary depending in the type. Refer to the Plan administrator about specific charges and restrictions. Fees paid using plan assets during the year ended December 31, 2025 were $104,208.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits, per the financial statements	$ 33,946,146	$ 30,606,150
Less contributions receivable	(29,431)	(179,200)
Net assets available for benefits, per the Form 5500	$ 33,916,715	$ 30,426,950

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits, per the financial statements	$ 3,339,996
Change in contributions receivable	149,769
Net increase in assets available for benefits, per the Form 5500	$ 3,489,765

Note 10: Summary of Information Furnished by Custodian (Unaudited)

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has received certification from the custodian of the Plan as to the accuracy and completeness of certain financial information of the Plan. The following items were provided by, or were derived from data provided by the custodian of the Plan:

- Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024:

  Investment assets and their valuation.

Note 10: Summary of Information Furnished by Custodian (Unaudited), continued

- Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025:

  Interest earned on investments.

  Changes in net assets arising from investment activities.

- Supplemental Schedule – all information included in the schedule.

Note 11: ERISA Bond Requirements

ERISA requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total Plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or $500,000. At December 31, 2025, the Plan's sponsor maintained bond coverage in the amount of $500,000.

Note 12: Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through the date at which the financial statements were available to be issued, which is the date of the independent auditors' report, and determined there were no events that required disclosure.
