INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor
Williams, Kastner & Gibbs PLLC Retirement Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Williams, Kastner & Gibbs PLLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Williams, Kastner & Gibbs PLLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1978, and most recently restated effective January 1, 2022. Williams Kastner (the Company) is the sponsor of the Plan. The Plan covers all eligible staff and equity members, except non-resident alien employees, leased employees, temporary employees and those covered by collective bargaining agreements. The Plan is subject to the applicable provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administrator of the Plan

The custodian and recordkeeper of the Plan is Charles Schwab Trust Bank (Charles Schwab). The administrator of the Plan is the Company. Charles Schwab holds all assets of the Plan in accordance with the service provider contract with the Company.

Eligibility

Employees are immediately eligible to participate in the Plan on the first day of the month coinciding with or immediately following their date of hire. Participants must complete at least one year of service, defined as 1,000 hours during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive employer matching contributions. Participants must complete at least two years of service and be employed as of the last day of the Plan year, to be eligible to receive employer profit sharing contributions.

Contributions

Participant Contributions – Eligible participants may elect to contribute up to 75% of their annual compensation, as defined in the Plan document. Contributions can be made on both a pre-tax and/or Roth basis through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions, and participants between the age of 60 and 63 are eligible to make super catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. When eligible to participate in the Plan, if an employee does not make an election otherwise, he or she will be automatically enrolled in the Plan at an initial pre-tax salary deferral amount of 4%.

Employer Contributions – The Plan Sponsor contributes a non-safe harbor matching contribution equal to 25 percent of participant salary deferrals, up to 1 percent of eligible compensation. For the year ended December 31, 2025, the Plan Sponsor made a matching contribution of $70,546.

The Plan Sponsor may make a discretionary profit sharing contribution to the Plan. For the year ended December 31, 2025, the Plan Sponsor contributed $839,954, which was calculated based on a percent of a participant's eligible compensation. The Plan Sponsor may also make an additional contribution to meet IRS non-discrimination requirements. These are referred to as top heavy contributions. For the year ended December 31, 2025, the Plan Sponsor made a top heavy contribution of $7,143.

Contributions are subject to certain other limitations in accordance with the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan up to maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the participants' accounts and bear a reasonable rate of interest (5.25% – 10.50% for notes outstanding at December 31, 2025). Loans must be repaid in five years (a longer term is allowed if used to acquire a principal residence), and payments are required to be made through payroll deductions. Due dates range from November 2026 to August 2030. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Vesting

Participants are 100 percent vested in all salary deferral contributions, rollovers, employer contributions and the related earnings at all times, as such, there is no forfeiture balance at December 31, 2025 or 2024.

Payment of Benefits

Upon termination of service, disability, death or retirement, a participant whose vested account exceeds $5,000 may elect to receive either a lump-sum amount equal to the value of his or her account or substantially equal installments over a period of time not exceeding the life expectancy of the participant or the designated beneficiary. Terminated participants with a vested account balance between $1,000 and $5,000 will receive an automatic direct rollover to an individual retirement account, and participants with balances of $1,000 or less will receive an automatic lump-sum cash payment. In-service distributions are allowed in accordance with the terms of the Plan.

Plan Transfers

Participants may transfer his or her entire account in another qualified defined contribution plan maintained by the Plan Sponsor into the Plan upon satisfying eligibility requirements. Participant may also transfer his or her entire account to another qualified defined contribution plan maintained by the Plan Sponsor upon entering an ineligible class of Employees as defined by the Plan.

During the year ended December 31, 2025, $48,926 in assets were transferred into the plan from another plan held by the plan sponsor as shown in the statement of changes in net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

N*otes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or Plan Sponsor, as determined by the trustees, plan document, or service provider agreements. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements and are not intended to be reimbursed by the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date these financial statements were available to be issued, which was October 5, 2026.

Note 3 – Information Prepared and Certified by Third-Party Service Providers

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4 – Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted market prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used as of December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds, unit investment trusts and common stocks that are valued on the basis of readily determinable market prices.

Stable Value Collective Investment Trust: This fund is a Collective Investment Trust valued at net asset value per unit as calculated by the Fund. This net asset value per unit is determined mostly by the Fund's various underlying investments' value at the close of the New York Stock Exchange each day. While the resulting net asset per unit value is not the same underlying investments' value, the financial trend should be the same.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets that have been measured at fair value on a recurring basis as of December 31, 2025 and 2024, and indicate the classification by level of inputs within the fair value hierarchy described above:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 51,690,174	$ -	$ -	$ 51,690,174
Self-Directed Brokerage Accounts	2,217,937	-	-	2,217,937
Investments in the fair value hierarchy	$ 53,908,111	$ -	$ -	53,908,111
Investment measured at NAV*				1,548,876
Investments, at fair value				$ 55,456,987

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 46,806,795	$ -	$ -	$ 46,806,795
Self-Directed Brokerage Accounts	1,860,164	-	-	1,860,164
Investments in the fair value hierarchy	$ 48,666,959	$ -	$ -	48,666,959
Investment measured at NAV*				1,536,003
Investments, at fair value				$ 50,202,962

** In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are certain participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Type	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Collective Investment Trust Fund	$ 1,548,876	$ 1,536,003	N/A	Daily	12 Months

Note 5 – Party-in-Interest Transactions

Participant loan and certain distribution processing fees are paid to the recordkeeper by participants. The Plan paid for third party administrator fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. The Plan's investment options are held in participant directed and self-directed accounts at Charles Schwab Trust Bank, the Custodian of the Plan; therefore, any transaction executed with Charles Schwab Trust Bank qualifies as a party-in-interest transaction. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would remain 100% vested in their accounts.

Note 7 – Income Tax Status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement (CODA) plan, sponsored by Schwab Retirement Plan Services, which received a favorable opinion letter from the Internal Revenue Service dated September 21, 2020. Although the opinion letter is not specific to the Plan, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code; therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no material uncertain tax positions that require adjustment to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
