Independent Auditor's Report

To the Plan Administrator
E Ink Corporation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of E Ink Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Prior Year Financial Statements

Tonneson & Company, PC performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified to by a qualified institution. Their report dated October 6, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of E Ink Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of the Plan's sponsor, E Ink Corporation (the "Company"). All employees are eligible to participate in the Plan upon commencement of employment with the Company.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of compensation, as defined in the Plan. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employees who first became eligible to participate in the Plan on or after July 15, 2005 and failed to affirmatively make any deferral election (including an election to contribute 0 percent of eligible compensation) within the time prescribed by the administrator, shall be deemed to have elected to defer 3 percent of eligible compensation as a pretax contribution. Participants may change such deferral percentage at any time. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Additional matching and profit-sharing amounts may be contributed at the option of the Company's board of directors. For the year ended December 31, 2025, the Company made a discretionary matching contribution equal to the first 4 percent of eligible compensation that a participant contributed to the Plan. This matching contribution was fully remitted to the Plan in March 2026. Generally, participants must be employed on the last day of the plan year and have a minimum of 1,000 hours of service during the year to be eligible to receive employer matching contributions. Contributions are subject to certain limitations, and eligibility requirements apply to such contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, earnings, and an allocation of profit-sharing contributions, if any, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct contributions or reallocate the investments of their account balances on a daily basis into various investment options offered by the Plan. The Plan also offers a managed account service in which participants are able to have an advisory service manage their account balances among available investment fund options within the Plan. Participants may opt out of the managed account service at any time. Additionally, as participants reach age 45, their funds will automatically be invested under the managed account service unless the participant chooses to opt out.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the employer discretionary matching and profit-sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Participants vest 25 percent per year and are 100 percent vested after four years of credited service.

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Generally, notes must be repaid within five years unless being used to purchase a principal residence. Participants may have only one note outstanding at a time.

Benefit Payments

On termination of service, a participant may generally elect to receive the value of his or her account in a lump-sum cash payment, a rollover distribution to an eligible retirement account, or, if the balance is greater than $7,000, elect to defer payment of benefits until a minimum distribution is required to be made. Participants may also withdraw from their vested accounts upon the attainment of age 59½ or upon certain hardship situations defined in the Plan.

Administrative Expense

If the Company does not pay the Plan’s administrative costs, costs are permitted to be paid from plan assets. Such expenses will either be paid from the Plan’s forfeitures account or allocated to participant accounts, as more fully described in the plan documents. Additionally, certain fees are directly paid by the Plan’s participants and include fees for origination of notes receivable from participants, distributions, hardship distributions, the preparation of qualified domestic relations orders, and the preparation of IRS Form 1099.

Party-in-interest Transactions

Certain plan assets are in an investment contract managed by Empower Annuity Insurance Company of America (EAICA). Empower Trust Company, LLC and EAICA (collectively "Empower") are the custodian and trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. During the year ended December 31, 2025, fees totaling $204,136 were charged and allocated to participant accounts on a pro rata basis. These fees were paid to Empower, and its affiliates for recordkeeping and investment management. Additional fees of $7,215 charged by Empower related to specific distributions and have been directly charged to such participants and included in distribution amounts.

Forfeitures and Unallocated Accounts

Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2025 and 2024, unallocated forfeitures amount to $35,062 and $35,670, respectively. During 2025, forfeitures in the amount of $35,670 were used to reduce the employer match contribution for 2024. As of December 31, 2025 and 2024, the Plan had additional unallocated amounts of $936 and $1,289, respectively, which represent plan investment income designated to pay plan expenses.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive unallocated contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains and losses include the plan’s gains and losses on investments bought and sold, as well as held, during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Delinquent notes receivable are reclassified as distributions in accordance with terms of the plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 30, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, “Empower”) hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than noted below, are based solely on information certified by Empower.

Note 3 - Certified Information (Continued)

The self-directed brokerage account investments at December 31, 2025 and related investment income of $1,675,450 for the year then ended were not certified.

Note 4 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan in effect is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. Currently there are no audits in progress for any tax periods.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Note 5 - Fair Value Measurements (Continued)

Self-directed Brokerage Accounts

The plan's self-directed brokerage accounts consist of interest-bearing cash and publicly traded mutual funds, corporate stock, and exchange-traded funds at December 31, 2025. The Plan's self-directed brokerage accounts consist of interest-bearing cash, publicly traded mutual funds, corporate stock, and unit investment trusts at December 31, 2024. Fair value of mutual funds, corporate stock, exchange-traded funds, and unit investment trusts within the self-directed brokerage accounts is determined by quoted market prices of the securities in an active market on the last day of the plan year. Interest-bearing cash accounts within the self-directed brokerage accounts are considered equivalent to cash. Investments in self-directed brokerage accounts are classified within Level 1 of the valuation hierarchy.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 92,836,471	$ 92,836,471	$ -	$ -
Self-directed brokerage account	8,515,153	8,515,153	-	-
Total investments	$ 101,351,624	$ 101,351,624	$ -	$ -

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 82,625,996	$ 82,625,996	$ -	$ -
Self-directed brokerage account	6,191,920	6,191,920	-	-
Total investments	$ 88,817,916	$ 88,817,916	$ -	$ -

Note 6 - Investment Contracts

The Plan holds a fully benefit-responsive traditional investment contract with Empower Annuity Insurance Company of America that invests contributions in the Empower Investments Fixed Account - Series IV. The Empower Investments Fixed Account - Series IV is a general account product guaranteed by the general account assets of Empower Annuity Insurance Company of America. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium- to long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly and may not be less than 0 percent. Average yield on the guaranteed investment contract earned by the participants of the Plan was 2.20 percent for the year ended December 31, 2025.

The contract is included in the financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6 - Investment Contracts (Continued)

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, could limit the Plan's ability to transact at contract value with the issuer. Examples of circumstances that would allow the issuer to terminate the contract include the Plan's loss of its qualified tax status or material and adverse changes to the provisions of the Plan. If either of these events were to occur, the issuer could terminate the contract at amounts less than contract value or require a 12-month termination period. The plan administrator believes that the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.
