Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elevance Health Retiree Life Insurance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Elevance Health Retiree Life Insurance Plan (the "Plan") is intended to provide a summary only. More detailed information is available in the Summary Plan Description, which may be obtained from the Plan Administrator.

General

The Plan is a contributory welfare benefit plan that provides life insurance coverage to eligible retirees and their dependents of certain subsidiaries of Elevance Health, Inc. and other affiliated employers that have adopted the Plan ("participating employers"). The Plan Sponsor is ATH Holding Company, LLC, a wholly owned subsidiary of Elevance Health, Inc. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Benefits

The Plan provides post-retirement group life insurance, dependent life insurance and supplemental life insurance coverage for eligible participants and their covered dependents through a group term insurance contract.

Prior to April 1, 2024, coverage was provided by Anthem Life Insurance Company ("Anthem Life"), an indirect wholly owned subsidiary of Elevance Health, Inc. Effective April 1, 2024, Elevance Health, Inc. completed the sale of Anthem Life to StanCorp Financial Group, Inc. ("The Standard"). Upon completion of the transaction, the Plan's group insurance contract was assumed by The Standard and continues in accordance with its existing terms.

Eligibility

In general, employees of participating employers who were hired before 2014 become eligible for retiree life insurance coverage upon retirement if, at that time, they are at least age 55 with at least ten years of service, or at least age 65 regardless of service, and are enrolled in associate group life coverage immediately prior to retirement. Certain participants from legacy plans may be subject to different eligibility provisions. Eligible dependents may participate if the retiree elected dependent coverage at retirement and was part of a legacy group permitting such coverage.

Contributions

Plan benefits are funded through a combination of retiree contributions and contributions from the Plan Sponsor. Retiree contributions are applied first toward premium costs, with the Plan Sponsor funding any remaining amounts. Retiree contributions are remitted directly to the Plan Sponsor.

The Plan Sponsor periodically determines the retiree share of premium costs and may modify such contributions at its discretion. Generally, participants retiring on or after July 1, 2006 are responsible for 100% of premium costs, while certain legacy participants may have no contribution requirement.

The Plan Sponsor may also make contributions or qualified transfers to the Elevance Health Retiree VEBA Trust (the "VEBA"), a voluntary employees' beneficiary association under Internal Revenue Code ("IRC") Section 501(c)(9), to accumulate funds for future premium payments. No contributions were made to the VEBA during 2025.

Reimbursement to Plan Sponsor

The Plan Sponsor may request reimbursement at any time from the VEBA for insurance premiums paid on behalf of participants. During 2025, the Plan Sponsor received reimbursement of $1,913,774 for insurance premiums paid during 2024. During 2026, the Plan Sponsor received reimbursement of $1,911,888 for insurance premiums paid during 2025. Amounts expected to be reimbursed are reflected as reimbursement due to Plan Sponsor in the statement of net assets available for benefits and as offsets to Plan Sponsor contributions in the statement of changes in net assets available for benefits.

Plan Termination

The Plan Sponsor reserves the right to amend or terminate the Plan at any time, including modifying benefits for future retirees or discontinuing contributions, subject to ERISA provisions. In the event of termination, Plan assets will be distributed in accordance with the Plan document and applicable law.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Security transactions are recorded on a trade-date basis. Interest income is recognized on an accrual basis, and dividend income is recorded on the ex-dividend date. Realized and unrealized gains and losses are recognized as incurred.

Postretirement Benefit Obligations

Postretirement benefit obligations represent the actuarial present value of estimated future benefits attributed to employee service rendered through the valuation date, net of the actuarial present value of expected future participant contributions. These obligations include benefits expected to be paid to current retirees, terminated employees, active employees upon retirement, and their respective beneficiaries and dependents. For active employees not yet fully eligible, the obligation reflects the portion of the total expected benefit attributed to service rendered as of the valuation date.

Administrative and Investment Management Expenses

Trustee and certain administrative expenses are paid by the Plan and are recorded as administrative expenses. Investment management fees associated with mutual fund investments are reflected as a reduction of investment income and are included in dividends and interest income on the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The VEBA trust's investments are subject to various risks, including interest rate, liquidity, credit, and market risks, including global events. Due to the inherent uncertainty in investment valuations and assumptions, it is reasonably possible that changes in investment values may occur in the near term and materially affect the statements of net assets available for benefits.

Certain investments, including interest-bearing cash, are also subject to Federal Deposit Insurance Corporation coverage limits.

The actuarial present value of benefit obligations is based on assumptions such as discount rates, mortality, and participant demographics, which are subject to change. Given the uncertainties inherent in these assumptions, it is reasonably possible that changes in the near term could materially affect amounts reported in the financial statements.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, and dividends and interest income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by J.P. Morgan Chase Bank, N.A. (“JPM”), the Trustee of the VEBA.

4. Fair Value of Investments

Investments recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by Financial Accounting Standards Board ("FASB") guidance, are as follows:

Level Input:	**Input Definition:**
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I which are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Transfers between levels, if any, are recorded as of the beginning of the reporting period. For the years ended December 31, 2025 and 2024, there were no transfers between Levels I and II and no transfers in or out of Level III.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits.

Interest bearing cash: The carrying amount reported for interest bearing cash approximates fair value. Interest bearing cash is maintained for liquidity for benefit payments and other plan transactions and receives daily interest from JPM. Interest bearing cash is designated Level II.

Mutual funds: Valued at quoted market prices obtained from nationally recognized securities exchanges, which represent net asset value ("NAV") of shares held by the trust at year-end. Mutual funds are designated Level I.

The following table summarizes fair value measurements by level for assets measured at fair value on a recurring basis:

December 31, 2025	**Total**	**Level I**	**Level II**	**Level III**
Interest bearing cash	$ 50,674	$ —	$ 50,674	$ —
Mutual funds	16,339,447	16,339,447	—	—
Total investments	$ 16,390,121	$ 16,339,447	$ 50,674	$ —

December 31, 2024	**Total**	**Level I**	**Level II**	**Level III**
Interest bearing cash	$ 31,704	$ —	$ 31,704	$ —
Mutual funds	16,088,992	16,088,992	—	—
Total investments	$ 16,120,696	$ 16,088,992	$ 31,704	$ —

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Postretirement Benefit Obligations

The actuarial present value of the expected postretirement benefit obligation is determined by an enrolled consulting actuary. It is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money, through discounts for interest, and the probability of payment, by means of decrements such as those for death, disability, withdrawal, or retirement, between the valuation date and the expected date of payment.

The more significant assumptions underlying actuarial computations are as follows:

	2025	2024
Investment rate of return	4.99%	5.34%
Mortality basis	Pri-2012 Headcount-Weighted Total Employee Table projected with mortality improvement scale MP-2021	
Retirement rates	Retirement rates range from 7.5% at age 55 to 100% at age 72	

The decrease in the investment rate of return from 5.34% to 4.99% was the most impactful assumption change, leading to an increase in postretirement benefit obligations.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The Plan's deficiency of net assets over benefit obligations of ($14,355,914) and ($14,290,165) at December 31, 2025 and 2024 relates to postretirement life insurance benefit obligations. It is expected that the deficiency will be funded through future contributions from the Plan Sponsor, participating employers and retiree contributions.

6. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The following transactions are exempt from the prohibited transaction rules.

For the years ended December 31, 2025 and 2024, the VEBA's investments include an interest bearing cash account managed by JPM. The Plan also paid trustee fees to JPM for the years ended December 31, 2025 and 2024.

As of December 31, 2025 and 2024, the Plan recorded liabilities of $1,911,888 and $1,913,774, respectively, for reimbursements due to the Plan Sponsor for amounts paid by the Plan Sponsor on behalf of the Plan.

During 2025, the Plan received $8,068 of lost earnings from the Plan Sponsor related to a calculation error in the 2024 reimbursement that was fully corrected in 2025.

The Plan Sponsor or its affiliates may bear certain costs associated with administering the Plan. Additionally, employees of the Plan Sponsor or its affiliates, through delegations of authority from the Health & Welfare Plan Committee of ATH Holding Company, LLC (as plan administrator), provide certain administrative services at no cost to the Plan.

7. Income Tax Status

The VEBA received an exemption letter from the Internal Revenue Service ("IRS") dated August 18, 1993, stating that it is tax-exempt under the provisions of Section 501(c)(9) of the IRC as a voluntary employees' beneficiary association. The Plan and the VEBA are required to operate in conformity with the IRC to maintain the tax-exempt status of the VEBA. The plan administrator believes the Plan and the VEBA are being operated in compliance with the applicable requirements of the IRC and, therefore, believes the VEBA is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan Sponsor has evaluated the impact of subsequent events through September 25, 2026, the date the financial statements were available to be issued. No subsequent events have been recognized or required additional disclosure in the financial statements.
