Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elevance Health Supplemental Unemployment Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Elevance Health Supplemental Unemployment Benefit Plan (the "Plan") provides only general information. More detailed information concerning the Plan may be found by consulting the Summary Plan Description available from the plan administrator.

General

The Plan was established and adopted October 1, 2017. The Plan is a noncontributory welfare plan, which provides supplemental unemployment compensation benefits to eligible associates of Elevance Health, Inc. and affiliated companies (collectively, "Elevance Health, Inc."). The Plan Sponsor is ATH Holding Company, LLC, a wholly owned subsidiary of Elevance Health, Inc. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Generally, actively working associates of Elevance Health, Inc. who have completed 90 days of employment and who were notified on or after November 1, 2017 of a qualifying termination are eligible to participate in the Plan. A qualifying termination generally refers to an involuntary termination of employment due to an elimination of a position, a workforce reduction or disposition of a business unit, division, or company; certain exceptions and other provisions apply, as set forth in the Plan.

Benefits

The Plan provides benefits only for time periods during which participants are eligible for state unemployment insurance ("SUI"), as defined in the Plan. Benefits are equal to 100% of the participant's base pay, minus the participant's SUI. Benefits are paid on a bi-weekly basis for the duration of the benefit period. The benefit period is determined by adding the base benefit plus any applicable service credit, following the formula below:

Base Benefit	Service Credit	Maximum
4 weeks	1.5 weeks Base Pay for every full Year of Service, plus proration for full weeks completed	26 weeks

Contributions

The cost of benefits provided through the Plan is funded by the Plan Sponsor.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to modify the benefits that will be provided, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. In the event of a termination of the Plan, assets would be used as permitted by ERISA and the terms of the Plan.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses and net unrealized appreciation of fair value from investments, if applicable, are recognized as they occur.

Administrative and Investment Management Expenses

The Plan's trustee fees, investment management fees, and certain administrative expenses may be paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. The Plan Sponsor also pays certain expenses on behalf of the Plan.

Risks and Uncertainties

The Plan holds investments that are exposed to various risks such as interest rate, liquidity and credit risks. Investments are also subject to market risks which include global risks such as pandemics. Due to the level of risk associated with certain investments, as well as the sensitivity of certain fair value assumptions, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefits Incurred Not Yet Paid

An obligation is calculated for the benefits incurred but not yet paid based on actual claims paid after year end.

3. Certified Investments

The Plan's investments are held in a Trust that is administered by Bank of America, N.A. ("B of A"), the Trustee of the Plan. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and interest income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by B of A.

4. Fair Value of Investments

Investments recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by Financial Accounting Standards Board ("FASB") guidance, are as follows:

Level Input:	Input Definition:
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I which are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Transfers between levels, if any, are recorded as of the beginning of the reporting period. For the years ended December 31, 2025 and 2024, there were no transfers between Levels I and II and no transfers in or out of Level III.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The mutual fund is valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan. The mutual fund is designated Level I.

The methods applied by the Trustee may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the Trustee's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Benefit Obligations

Benefit obligations of the Plan include benefits incurred as of the Plan's year end but not yet paid. Benefit obligations were $220,444 and $252,740 at December 31, 2025 and 2024, respectively, and are based on actual claims paid after year end. These claims were fully funded by the Plan Sponsor prior to payment.

Changes in benefits incurred but not yet paid for the year ended December 31, 2025 are as follows:

	2025
Balance at beginning of year	$ 252,740
Benefits incurred for SUB Plan participants	36,907,147
Benefits paid for SUB Plan participants	(36,939,443)
Balance at end of year	$ 220,444

A post-employment benefit obligation is not recognized because the amount cannot be reasonably estimated.

6. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The following transactions are exempt from the prohibited transaction rules.

For the years ending December 31, 2025 and 2024, the Plan's investments include a fund managed by B of A. The Plan also paid trustee fees to B of A for the year ended December 31, 2025.

The Plan Sponsor may bear certain costs associated with administering the Plan. In addition, the plan administrator, which is also a party-in-interest, directly or through its affiliates, provides certain administrative services at no cost to the Plan.

7. Income Tax Status

The Trust that holds funds of the Plan has received an exemption letter from the Internal Revenue Service ("IRS") dated November 29, 2018, stating that the Trust is tax-exempt under the provisions of Section 501(c)(17) of the Internal Revenue Code (“IRC”) as a supplemental unemployment benefit trust. Subsequent to this determination by the IRS, the Plan has been amended. The Plan and Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan Sponsor has evaluated the impact of subsequent events through September 25, 2026, the date the financial statements were available to be issued. No subsequent events have been recognized or required additional disclosure in the financial statements.
