Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elevance Health VEBA Retiree Health Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Elevance Health VEBA Retiree Health Benefits Plan (the "Plan") provides only general information. More detailed information concerning the Plan may be found by consulting the Summary Plan Description available from the plan administrator.

General

The Plan is a contributory health and welfare plan which provides health benefits for eligible retirees and dependents of certain subsidiaries of Elevance Health, Inc. and other affiliated employers that have adopted the Plan (“participating employers”). The Plan Sponsor is ATH Holding Company, LLC, a wholly owned subsidiary of Elevance Health, Inc. The Plan is subject to the provisions of the Department of Labor’s ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Benefits

The Plan provides medical, prescription drug, dental, and vision benefits for pre-Medicare-eligible and Medicare-eligible retirees and their covered dependents through various benefit programs. The Plan includes a fully insured Medicare Advantage Plan for Medicare eligible participants age 65 or older.

Contributions

Plan benefits are funded in part by the Plan Sponsor, participating employer contributions and retiree contributions. The Plan Sponsor is obligated to fund benefits paid under the Plan, to the extent not paid from retiree contributions.

Required participant contributions under the Plan vary depending on factors such as hire date, retirement date, legacy status, Medicare eligibility, plan option, and tier of coverage elected. Certain current and future retirees are credited with a notional Retiree Medical Spending Account (“RMSA”), which can be used to reimburse premiums paid by the retiree until the RMSA is exhausted.

Eligibility

In general, former employees of participating employers may be eligible for retiree health coverage if, at termination of employment, they are at least at age 55 with at least ten years of service, or at least age 65 regardless of service, and meet any additional Plan requirements. Certain participants from legacy plans may have different eligibility provisions. Eligible dependents may also participate in the Plan, subject to applicable enrollment requirements.

Trust and Trustee

The Plan participates in the Blue Cross and Blue Shield Plans' National Retiree Health Benefits Trust 103-12 investment entity (the "Trust"), a qualifying 103-12 investment entity under ERISA, of which The Northern Trust Company ("Northern") is the Trustee. Northern Trust Global Investments serves as the investment manager and securities custodian for the Trust. The Plan Sponsor may make contributions to the Trust each year on behalf of employees and retirees in order to accumulate funds for the payment or reimbursement of benefits or premiums it has paid under the Plan on behalf of Plan participants. The contribution amount, when applicable, is determined by an independent enrolled actuary. The Plan has the right to terminate its participation in the Trust at any time.

The Trustee maintains a separate record of the Plan's share of the net assets of the Trust. The value of the Plan's interest in the Trust is based on the beginning of the year value of the Plan's interest in the Trust plus actual contributions and allocated investment income. In addition, the Plan's share of the net assets of the Trust is reduced for actual distributions and administrative expenses relating to transactions in the portfolio that are allocated to the Plan based on the Plan's share of the net assets of the Trust.

Reimbursement to Plan Sponsor

The Plan Sponsor may request reimbursement from the Trust for benefits and premiums it has paid under the Plan on behalf of Plan participants. The Plan Sponsor requested reimbursement from the Trust of $1,594,600 and $2,239,835 for benefits and premiums paid during the years ended December 31, 2025 and 2024, respectively. The benefit expenses to be reimbursed are reflected in the statements of net assets available for benefits as reimbursement due to Plan Sponsor and in the statement of changes in net assets available for benefits as a decrease in Plan Sponsor contributions when they are accrued.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to modify the benefits that will be provided to future retirees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, Plan assets would be used as permitted by the Plan documents and ERISA.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

Payment of Benefits

Claims payments are recorded when paid by the claims processor and are reported as retiree health benefits paid in the accompanying statement of changes in net assets available for benefits. Insurance premiums paid for health benefits and Medicare Part B premiums are recorded when paid by the Plan Sponsor on the corresponding line on the statement of changes in net assets available for benefits. Retiree medical spending account ("RMSA") credits are reflected in the statement of changes in net assets available for benefits as RMSA reimbursements paid when the reimbursements are utilized.

Investment Valuation and Income Recognition

The value of the Plan's investment in the Trust is its proportionate share of the fair value of underlying investments held by the Trust, measured using Net Asset Value ("NAV") as a practical expedient. Valuation of the underlying investments in the Trust is determined by the Trustee and is reported to the Plan in the audited financial statements of the Trust. The Trustee applies fair value measurements to the underlying investments as defined in the Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurement, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date.

The Trust holds a diversified portfolio of common stock, preferred stock, mutual funds and government obligations. The Trust's investments as of December 31, 2025 are allocated between government fixed income securities (62%), equity securities (36%), and mutual funds (2%). The Trust's investments as of December 31, 2024 are allocated between government fixed income securities (62%), equity securities (35%), and mutual funds (3%).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses and net unrealized appreciation (depreciation) of fair value of investments, including investments bought and sold as well as held during the year, are recognized as they occur.

The methods employed by the Trustee may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Trustee's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair

value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income Taxes

Certain investments of the VEBA that do not generate tax-exempt interest are subject to unrelated business income tax. Income tax expense is recognized within the statement of changes in net assets available for benefits as administrative expense.

Administrative and Investment Management Expenses

The Plan pays substantially all administrative costs of operating the Plan including unrelated business income tax, trustee fees, audit, investment management and certain actuarial fees incurred by the Trust and allocated to the Plan. These expenses are shown as Administrative expenses in the accompanying Statement of changes in net assets available for benefits.

Postretirement Benefit Obligations

Postretirement benefit obligations are the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the valuation date, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) eligible active employees and their beneficiaries and dependents after retirement from service with the Plan Sponsor or a participating employer. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered as of the valuation date.

Risks and Uncertainties

The Trust holds various investments. Investments are exposed to various risks such as interest rate, liquidity and credit risks. Investments are also subject to market risks which include global risks such as pandemics. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in the fair value of investments, interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern, the Trustee of the Trust.

4. Postretirement Benefit Obligations

The actuarial present value of the expected postretirement benefit obligation is determined by an enrolled consulting actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The more significant assumptions underlying the actuarial computations as of December 31, 2025 and 2024, are as follows:

	2025	2024
Discount rate	4.99%	5.34%
Mortality basis	Pri-2012 Headcount-Weighted Total Employee Table projected with mortality improvement scale MP-2021	
Retirement rates	Retirement rates for all participants range from 7.5% at age 55 to 100% at age 72	
Health care cost trend rates	Pre-Medicare eligible retirees	
	8.0% decreasing to 4.5% by the year 2035	
	Medicare eligible retirees - medical	
	5.4% decreasing to 4.5% by the year 2035	5.5% decreasing to 4.5% by the year 2035
	Medicare eligible retirees - prescription drug	
	10.0% decreasing to 4.5% by the year 2035	

A one percentage point increase in the health care cost trend rate would increase the postretirement benefit obligation by $340,772 and $371,313 at December 31, 2025 and 2024, respectively.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The Plan's deficiency of net assets over benefit obligations at December 31, 2025 and 2024 is expected to be funded through future contributions from the Plan Sponsor.

5. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The following transactions are exempt from the prohibited transaction rules.

The Plan holds an interest in the Trust that is administered by the National Employee Benefits Administration of the Blue Cross and Blue Shield Association; certain of the participating employers are members of the Blue Cross and Blue Shield Association. The Trust invests in

common stock of the Trustee, common stock of Elevance Health, Inc., and a registered investment fund managed by the Trustee. In addition, trustee fees are paid by the Trust.

For the years ended December 31, 2025 and 2024, the Plan recorded liabilities of $1,594,600 and $2,239,835, respectively, for reimbursements due to the Plan Sponsor for amounts paid by the Plan Sponsor on behalf of the Plan.

The Plan Sponsor may bear certain costs associated with administering the Plan. In addition, the plan administrator, which is also a party-in-interest, directly or through its affiliates, provides certain administrative services at no cost to the Plan.

6. Income Tax Status

The Trust funding the Plan has received an exemption letter from the Internal Revenue Service ("IRS") dated April 26, 1994 stating that the Trust is designed in accordance with Section 501(c)(9) of the Internal Revenue Code (the "Code") as a voluntary employees' beneficiary association. The Plan and Trust are required to operate in conformity with the Code to maintain the status of the Trust. The Trust has been amended since receiving the determination letter. The Trust administrator believes the Trust is designed and is currently being administered in compliance with the Code. As a result of unrelated business income relating to the Trust's investment activity, a provision for income taxes is included in administrative expenses of the Plan.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan Sponsor has evaluated the impact of subsequent events through September 25, 2026, the date the financial statements were available to be issued. No subsequent events have been recognized or required additional disclosure in the financial statements.
