INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
DGN Technologies Inc 401K Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DGN Technologies Inc 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years ended December 31, 2025, and 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DGN Technologies Inc 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DGN Technologies Inc 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DGN Technologies Inc 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DGN Technologies Inc 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DGN Technologies Inc 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

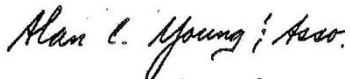

The supplemental schedule as identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) DESCRIPTION OF THE PLAN

The following description of the DGN Technologies Inc 401K Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006, and is a defined contribution 401K plan. The Plan covers eligible employees of DGN Technologies Inc. (the “Company”), except nonresident aliens and residents of Puerto Rico. There are no age or service requirements for eligible employees to participate in the Plan. Eligible employees become participants on the first day of the month, coinciding with or next following the date the applicable eligibility requirements are satisfied.

The Plan permits both pre-tax elective deferrals and Roth elective deferrals and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to defer between 1% and 85% of eligible compensation to their individual accounts, subject to applicable Internal Revenue Code limitations and the provisions of the Plan. Participants who satisfy the applicable age requirements under the Internal Revenue Code are eligible to make catch-up contributions, subject to applicable statutory limits.

Participants may also make eligible rollover contributions from certain qualified retirement plans and individual retirement accounts, as permitted under the Plan.

The Company may make discretionary matching contributions. The Company has discretion over the matching formula, including the rate or amount of the match, subject to the provisions of the Plan. Matching contributions, if made, are based on participants’ elective deferrals.

The Company may also make discretionary nonelective contributions, including profit-sharing contributions, which are allocated in accordance with the provisions of the Plan. The Company did not make any matching or nonelective contributions during the years ended December 31, 2025, and 2024.

1) DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are always fully vested in their elective deferral and rollovers, if any. For the purpose of matching contributions and non-elective contributions account, the following vesting schedule is used:

Years of Service	Vested %
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Notwithstanding the above schedule, participants become fully vested in their employer matching and non-elective contributions upon death or total permanent disability, in accordance with the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching and nonelective contributions, if any, and the participant's allocable share of investment earnings and losses. Participant accounts are charged with applicable administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as provided by the Plan.

Participants direct the investment of their accounts among the investment alternatives made available under the Plan and may modify their investment elections and elective deferral percentages in accordance with the Plan's administrative procedures.

Distributions

Participants generally become eligible to receive distributions upon termination of employment, attainment of the normal retirement age of 65, disability, or death. Following termination of employment, distributions may generally be made as soon as administratively feasible.

The Plan provides for distributions in the form of lump-sum payments, substantially equal installments, and partial withdrawals. Partial withdrawals are generally subject to a minimum amount of $500. Annuities are not a normal form of distribution under the Plan. Vested account balances of $5,000 or less may be distributed without participant consent in accordance with the Plan provisions. Participant consent is generally required for distributions in excess of $5,000.

1) DESCRIPTION OF THE PLAN (Continued)

Distributions (Continued)

The Plan permits hardship distributions and certain in-service distributions. In-service distributions are permitted upon attainment of age 59½, subject to applicable Plan and Internal Revenue Code requirements.

Participants may elect to roll over eligible distributions to an individual retirement account or another eligible retirement plan. Required minimum distributions are made in accordance with Internal Revenue Code Section 401(a)(9) and the applicable provisions of the Plan.

Notes Receivables from Participants

The Plan permits loans to participants pursuant to a written participant loan program. The minimum loan amount is $500, and a participant may have no more than one loan outstanding at any time. A participant loan may not exceed 50% of the participant's nonforfeitable account balance. In addition, the maximum aggregate amount of loans outstanding to a participant is generally limited to $50,000, reduced by the excess, if any, of the participant's highest outstanding loan balance during the preceding 12-month period over the participant's outstanding loan balance on the date of the new loan.

Loans, other than loans used to acquire a participant's principal residence, generally have terms ranging from one month to five years. A loan used to acquire a participant's principal residence may have a repayment term of up to 30 years.

Participant loans bear interest at a fixed rate equal to the prime rate, as published in *The Wall Street Journal* on the 14th day of each month, or on the preceding business day if the 14th is not a business day, plus two percentage points.

Participant loans are secured by the participant's vested interest in the Plan, subject to applicable limitations. Loan repayments generally are made through payroll deductions and provide for at least quarterly payments under a level amortization schedule. Principal and interest payments are credited to the participant's account.

Forfeitures

At December 31, 2025, and 2024, there were no forfeited nonvested account balances. Under the Plan, forfeitures may first be used to pay administrative expenses and may otherwise be used to reduce employer contributions in accordance with the provisions of the Plan.

2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses when incurred. A participant loan that is treated as a deemed distribution for tax purposes may continue to be reported as a note receivable from the participant until the loan is repaid, offset against the participant's vested account balance upon the occurrence of an event permitting such offset, or otherwise extinguished in accordance with the Plan provisions. See Note 10 for additional information regarding deemed distributions and plan loan offsets.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, trustees and record keepers. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses that are embedded in the value of the Plan’s investments are reflected in net appreciation or depreciation in the fair value of investments. Other administrative expenses paid directly by the Plan are reported as administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contribution Payable

Amounts payable to participants for contribution in excess of applicable Internal Revenue Code limitations or amounts required to be returned as corrective distributions are recorded as liabilities when the obligation becomes determinable. The Plan had no excess contributions payable as of December 31, 2025, or 2024.

3) CERTIFIED INVESTMENT INFORMATION

Certain information included in the accompanying financial statements and ERISA-required supplemental schedule relating to investments and notes receivable from participants, and the related investment income, was obtained by management and agreed to or derived from information certified as complete and accurate by qualified institutions.

The certified information for the year ended December 31, 2025, was provided by ADP Retirement Trust Services, LLC ("ADPRTS"), and the certified information for the year ended December 31, 2024, was provided by Reliance Trust Company. Effective January 1, 2025, the Plan changed its qualified institution from Reliance Trust Company to ADPRTS.

4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

4) FAIR VALUE MEASUREMENTS (Continued)

The following is the description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds) – Valued at the net asset value (NAV) of shares held by the Plan at year-end. These investments are publicly offered, registered open-ended investment companies that publish a daily NAV and transact at that NAV. Because the NAV represents an observable unadjusted price for the identical share class held by the Plan, these investments are classified as Level 1 within the fair value hierarchy.

Common/Collective Trusts – Valued at the net asset value (NAV) per unit as reported by the trustee. NAV is based on the value of the underlying assets of the respective trust, less its liabilities. The Plan uses NAV per unit as a practical expedient to estimate fair value. Investments measured using the NAV practical expedient are not classified within Levels 1, 2, or 3 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual Funds (Registered Investment Companies)	$ 3,297,037	$3,297,037	$ -	$ -
	3,297,037	$3,297,037	$ -	$ -
Common Collective Trust (a)	3,436,837			
Total Investments	$ 6,733,874			

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual Funds (Registered Investment Companies)	$ 3,043,270	$3,043,270	$ -	$ -
	3,043,270	$3,043,270	$ -	$ -
Common Collective Trust (a)	3,496,801			
Total Investments	$ 6,540,071			

(a) Certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy but are presented to permit reconciliation to the investment line item to statement of net assets available for benefits.

4) FAIR VALUE MEASUREMENTS (Continued)

Investments measured using NAV per share practical expedient

The following tables summarize Plan's Common Collective Trusts for which fair value is measured using NAV per share practical expedient as of December 31, 2025, and 2024, respectively. The common collective trusts provide investment exposure to stable-value, domestic large-, mid- and small-cap equity, and international equity investment strategies. The Plan may redeem its interests in these investments daily without advance notice, and there were no unfunded commitments as of December 31, 2025, or 2024.

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust	$ 3,436,837	None	Daily	None

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust	$ 3,496,801	None	Daily	None

There were no significant transfers between levels of the fair value hierarchy during 2025 and 2024.

5) INCOME TAX STATUS

The Plan has adopted a pre-approved plan document. The sponsor of the pre-approved plan document has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the form of the plan document satisfies the applicable qualification requirements of the Internal Revenue Code. The Plan has not individually sought its own determination letter. The Plan administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and its related trust continue to qualify for tax-exempt status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not will not be sustained upon examination by the IRS. Management has evaluated the Plan's tax positions and concluded that, as of December 31, 2025, and 2024, the Plan had no uncertain tax positions requiring recognition or disclosure in the financial statements.

The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no tax examinations in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

6) RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for trustee services were $2,180 and $2,595 for 2025 and 2024, respectively.

7) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

8) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2025 and 2024, the Plan's sponsor maintained the required bond coverage that management believes satisfied the applicable ERISA requirements.

9) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2025 and 2024 to Form 5500.

	2025	2024
Net Assets Available for Benefits per Financial Statements	$ 6,763,813	$ 6,708,819
Less: Deemed Distributions of participants loans not reflected in Form 5500	-	(36,079)
Net Assets Available for Benefits per Form 5500	$ 6,763,813	$ 6,672,740

The following is the reconciliation of changes in Net Assets per Financial Statements to changes in Net Assets as per Form 5500.

	2025	2024
Change in Net Assets as per Financial Statements	$ 54,994	$ 1,315,851
Deemed Distributions of participant loans not reflected in Form 5500	36,079	(36,079)
Change in Net Assets Available for Benefits per the Form 5500	$ 91,073	$ 1,279,772

10) DEEMED DISTRIBUTIONS

Under Internal Revenue Code Section 72(p), a participant loan that fails to satisfy applicable statutory and regulatory requirements, including limitations on the amount of the loan, repayment terms, level amortization, or timely repayment requirements, may be treated as a taxable deemed distribution to the participant. A deemed distribution is generally reportable to the participant and the Internal Revenue Service on Form 1099-R and is not eligible for rollover to another eligible retirement plan.

A deemed distribution does not, by itself, constitute an actual distribution of the participant's account balance. Accordingly, a participant loan that has been treated as a deemed distribution may continue to be reflected as a note receivable from the participant until the loan is subsequently repaid or offset against the participant's account balance in accordance with the terms of the Plan.

As of December 31, 2025, and 2024, distributions related to participant loans were $0 and $36,079, respectively.

During 2025, participant loan balances totaling $38,749 were offset against participants' vested account balances upon the occurrence of distributable events. Such plan loan offsets represent actual distributions from the Plan and reduce both the related participant loan receivable and the participant's vested account balance.

11) PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions (if any). Upon termination, participants' vested balances would be distributed in accordance with the provisions of the Plan

12) SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 1, 2026, the date the financial statements were available to be issued. No significant events were identified that required recognition or disclosure in the financial statements.
