Independent Auditor's Report

RSM US LLP

Plan Administrator
KWRI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of KWRI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Note 1. Description of Plan

The following description of the KWRI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of the Keller Williams Realty, Inc. controlled group, which includes Keller Williams Realty, Inc., KW Accelerator Studios, LLC, KW Insurance LTD and Keller Mortgage, LLC (collectively, the Company, Plan Sponsor or Plan Administrator) who have completed one month of service and are not a member of an excluded class. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Entry date: Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions: The Company funded a matching contribution of up to 6% of eligible participant compensation for the year ended December 31, 2025. The Company contributions are invested pro rata with the participant contributions. Contributions are subject to certain limitations.

Participants may elect to contribute up to 90% of eligible compensation, as defined by the Plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate some or all of their contributions as Roth deferrals. Once designated as a Roth deferral, this election is irrevocable and cannot be changed back to a pretax contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions. Participants become fully vested in employer matching contributions and any employer discretionary contributions, plus actual earnings thereon after one year of service.

Forfeitures: Participant forfeitures of nonvested balances are used first to pay expenses of the Plan and then to reduce employer contributions. On December 31, 2025 and 2024, unallocated forfeitures totaled $51,233 and $226,513, respectively. During 2025, employer contributions and plan fees were reduced by $114,728 and $189,111, respectively, from forfeited nonvested accounts. Amounts forfeited during 2025 were $125,491.

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their total vested account balance or $50,000, whichever is less. The notes are collateralized by the balance of the participant's account and bear interest at prime plus 1%. At December 31, 2025, the rate on all notes range from 4.25% to 9.50%, and mature through March 2055. All Plan notes must be repaid in five years, except those that are used for the purchase of a principal residence in which case a longer repayment term is permitted. In most cases, repayment of the note will be made through after-tax payroll deductions.

Payment of benefits: On termination of service due to death, disability, termination of employment or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Installments are allowed for required minimum distribution purposes only. If a participant's vested balance is $5,000 or less, the participant will automatically receive a single lump-sum distribution of their entire account balance. Amounts rolled over from another qualified plan will be excluded in determining whether the $5,000 threshold has been exceeded.

Participants may receive an in-service distribution from the Plan prior to termination provided they have attained age 59 ½ and are fully vested. In addition, hardship distributions may be made to satisfy certain immediate and heavy financial needs a participant may have, subject to certain limitations as defined in the Plan agreement.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate and credit risk. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Expenses: Certain expenses of maintaining the Plan have been paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account balance and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Certified or Provided by Reliance Trust Company (Reliance) and ADP Retirement Trust Services (ADP)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Reliance, a qualified institution, as of December 31, 2024, and by ADP, a qualified institution, as of and for the year ended December 31, 2025:

	December 31	
	2025	2024
Collective investment trust	$ 2,739,898	$ 2,783,101
Mutual funds	98,395,673	79,827,664
	$ 101,135,571	$ 82,610,765
Notes receivable from participants	$ 552,788	$ 427,966

ADP also certified to the completeness and accuracy of $10,237,197 of net appreciation in fair value of investments, $5,141,762 of interest and dividends related to the aforementioned investments and $44,481 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective investment trust: The collective investment trust is made up of a stable value fund that is composed primarily of indirect investments in fully benefit-responsive investment contracts and is valued at the net asset value (NAV) of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 98,395,673	$ -	$ -	$ 98,395,673
Collective investment trust measured at NAV (i)				2,739,898
Total investments				$ 101,135,571

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 79,827,664	$ -	$ -	$ 79,827,664
Collective investment trust measured at NAV (i)				2,783,101
Total investments				$ 82,610,765

(i) In accordance with ASC 820-10, certain investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan. These collective investment trusts file Form 5500 with the DOL as a direct filing entity, and accordingly, the investment strategy of the collective investment trust is not included herein:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Collective investment trust	$ 2,739,898	$ 2,783,101	$ -	Immediate	None

Note 5. Party-in-Interest Transactions

Parties-in-interest are defined under the DOL's Rules and Regulations as any fiduciary of the Plan, and any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Company and ADP qualify as party-in-interest transactions. Fees paid by the Plan to the record keeper totaled $33,647 for the year ended December 31, 2025. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing/money purchase/CODA form of a preapproved plan sponsored by ADP, LLC. The preapproved plan has received a determination letter, dated October 6, 2020, from the Internal Revenue Service (IRS) as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

Plus prior year employer receivable		558,258
Net income per Form 5500	$	18,649,628

Note 9. Prohibited Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit $127 of employee deferrals within the required time frame as stated by DOL regulations. The Plan Sponsor intends to reimburse the Plan for lost interest to correct this failure. The Plan Sponsor intends to file Form 5330 and pay the applicable excise tax. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through September 2, 2026, the date the financial statements were available to be issued.
