INDEPENDENT AUDITOR'S REPORT

October 7, 2026

To the Plan Administrator and Management of
Loretto Employee 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Loretto Employee 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Loretto Employee 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Loretto Employee 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Loretto Employee 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Loretto Employee 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Loretto Employee 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Loretto Employee 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Loretto Management Corporation and participating providers (Loretto) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Compensation and Benefits Committee is responsible for the oversight of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee and Fidelity Investments is the recordkeeper of the Plan's assets.

Eligibility

Employees are eligible for elective deferrals upon date of hire. Employees become eligible for discretionary employer matching contributions after completing three months of service with Loretto and non-elective employer contributions after completing one year of service as defined in the Plan document. In accordance with the SECURE 2.0 Act, beginning January 1, 2025, certain long-term, part-time employees who complete at least 500 hours of service in two consecutive years and satisfy service requirements are also eligible to make elective contributions to the Plan.

Contributions

Each year, participants may contribute up to 100% of their compensation subject to certain limits established by the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In accordance with the SECURE 2.0 Act, participants who attain age 60 through 63 during the Plan year may be eligible to make enhanced catch-up contributions, subject to IRC limits. In addition, participants have the option to elect to have Roth contributions made to the Plan. Roth contributions are included in a participant's taxable gross income for the year in which the contribution is made. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 60 days of employment unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a portfolio of investments based on the participant's normal retirement date until changed by the participant. Participants' deferral rates are automatically increased by 1% each year, up to a maximum of 9%, unless they opt to contribute a different percentage.

The Plan allows for additional discretionary matching employer and profit-sharing amounts to be contributed at the option of Loretto's Board of Directors. Additional matching contributions are equal to 50% of the employee's first 5% of contributions up to a maximum of 2.5%. For the years ended December 31, 2025 and 2024, matching contributions were $939,695 and $843,284, respectively. There were no profit-sharing contributions made for 2025 or 2024.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Participants direct the investment of their contributions and Loretto's contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, their share of Loretto's contributions, and an allocation of both the Plan's actual earnings (losses) and the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately 100% vested in their contributions, employer's past safe harbor contributions plus actual earnings (losses) thereon. Participants will become 100% vested in employer contributions other than safe harbor contributions upon completing three years of service, as defined in the Plan document. A participant is also 100% vested upon reaching normal retirement age, or in the event of death or disability while employed by Loretto.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan document, and for participants who have attained age 59½. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime rate, determined quarterly, as defined by the Plan document. Loans must be repaid in at least quarterly installments over a maximum term of 5 years for personal loans and 10 years for the purchase of a participant's primary residence. Principal and interest are paid ratably through automatic deductions from the participant's bank account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Compensation and Benefits Committee determines the Plan's valuation policies utilizing information provided by the trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.

Fair Value Measurements

GAAP provides the framework for measuring fair value and disclosing fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under GAAP are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled to $74,760 and $13,106, respectively. Forfeitures of non-vested Loretto contributions are used to pay administrative expenses or to reduce Loretto's contributions. No forfeitures were used to pay administrative expenses in 2025 and 2024. Forfeitures used to reduce Loretto contributions were $18,697 and $152,580 in 2025 and 2024, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan, as provided in the plan document. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the trustee, Fidelity, and is included in the financial statements and supplemental schedule as follows as of and for the years ended December 31:

	2025	2024
Investments, at fair value	$ 62,085,548	$ 52,758,462
Notes receivable from participants	$ 487,701	$ 495,120
Net appreciation in fair value of investments	$ 6,747,524	$ 3,603,809
Interest and dividend income	$ 2,903,953	$ 1,938,087
Interest on notes receivable from participants	$ 40,022	$ 30,218
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for assets measured at fair value.

- *Mutual funds*: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 62,085,548	$ -	$ -	$ 62,085,548

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 52,758,462	$ -	$ -	$ 52,758,462

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PLAN TERMINATION

Although Loretto has not expressed any intent to do so, it has the right to terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of termination, partial termination, or complete discontinuance of contributions to the Plan, all amounts credited to the accounts of the participants would become fully vested and nonforfeitable. All distributions would be made in accordance with any applicable requirements of ERISA and the IRC.

6. INCOME TAX STATUS

The Plan is exempt from Federal income taxes under the provisions of Section 501(a) of the IRC. The pre-approved plan received an IRS Determination Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. PARTY-IN-INTEREST TRANSACTIONS

Fidelity is the trustee of the Plan and Fidelity Investments is the recordkeeper of the Plan's assets. As such, transactions between Fidelity, Fidelity Investments, and the Plan qualify as party-in-interest transactions.

The Plan allows current employees who are participants to receive notes receivable under specific circumstances. As such, transactions between the participants that have loans and the Plan also qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2026, which is the date the financial statements were available to be issued.
