INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Kismet PEO 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kismet PEO 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution) .

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Kismet PEO 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a multiple employer defined contribution plan established effective August 31, 1978 and most recently amended effective September 24, 2024. The Plan covers eligible employees of Kismet PEO, LLC (the Plan Sponsor) and participating employers (Employers). The Plan Sponsor is an administrative services organization and participating employers have become members of the Kismet PEO and have agreed to adopt the provisions of the Plan with rights to elect specific provisions at the individual employer level. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Eligible employees of Kismet PEO, LLC, Gilbert's Insurance Agency, Inc., Synergy Insurance Company, Synergy Claims Management Company, Inc., SOS Safety Solutions, LP, Kismet Consulting, LLC, Buhl Regional Health Foundation, Community Partnership, Inc., Engage Energy & Industrial Consulting, Industrial Robot Supply, Inc., Penn-Northwest Development Corporation, Petra Power, LLC, Synergy Select, LP, G-Force Security Solutions, LLC, Therapanacea, Inc., and Porter Station, Inc. dba Kings Crossing Car Care, who have completed the specific provisions applied at the individual employer level, are eligible for enrollment in the Plan. Eligibility provisions for participating employers include minimum age requirements ranging from 18 to 21 years of age and minimum service requirements ranging from 2 months to 12 months. Employees may enroll in the Plan on the first day of the Plan year quarter or month following the date in which eligibility requirements are met, depending on their individual employer's adopted provisions.

Effective July 1, 2025, Porter Station, Inc. dba Kings Crossing Car Care joined the Plan, transferring assets of approximately $857,000 into the Plan during the year ended December 31, 2025.

Effective May 1, 2026, SRF Mechanical Group, Inc. dba Quality Climate joined the plan.

Industrial Robot Supply Inc. withdrew from the plan during the year ended December 31, 2025 and all participants withdrew their funds. Accordingly, these transactions are included in benefits paid to participants in the statements of changes in assets available for benefits.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and

disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Contributions - Participants may elect to make pre-tax or after-tax (Roth) contributions the Plan up to 100% of compensation, subject to IRS limitations. Rollover contributions represent contributions from other plans and are not subject to IRC contribution limits.

The Employers may make discretionary safe harbor contributions based on participants' annual compensation, regardless of the participants' contributions. The Employers may also make discretionary profit sharing and matching contributions. Matching contributions are contributed based on the amount of the participants' elective deferrals and profit sharing contributions are allocated based on participants' annual compensation.

The Plan has an automatic enrollment provision (1% salary deferral with 1% increases on the first day of each Plan year until reaching a maximum of 15%) whereby employees must elect out of the Plan if they do not wish to participate.

Participant Accounts - Each participant's account is credited with the participant and applicable employer contributions and an allocation of the Plan's earnings and expenses. Earnings are allocated based on a participant's account balance as a percentage of the total account balances for the applicable investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions as well as their share of employer contributions and any related earnings into various investment options, and may change their investment options at any time.

Vesting - Participants are immediately vested in their contributions, Employer's safe harbor contributions, and actual earnings thereon. The Employers elect individual vesting schedules for matching contributions, profit sharing contributions, and actual earnings thereon.

Payment of Benefits - On termination of service due to death, disability, retirement, or other reasons and subject to certain restrictions, a participant or designated beneficiary may elect to receive either a lump sum amount equal to the value of his or her account, a rollover to another qualified plan or individual retirement account, or partial withdrawals, subject to applicable tax withholding requirements. All distributions are subject to the provision of the Plan for each employer. After termination, if a participant's vested balance is less than or equal to $1,000 the vested account may automatically be transferred to an individual retirement account established in the participant's name without participant consent.

Forfeitures - Forfeitures shall be used to reduce the Employers' contribution to the Plan. As of December 31, 2025 and 2024, the available balance in the forfeitures account was $24,121 and $30,033, respectively. During the years ended December 31, 2025 and 2024, there were forfeitures of $23,978 and $34,304, respectively.

Administrative Expenses - Certain administrative expenses are charged directly to the individual participant accounts, others are allocated. Participants who take a note from the Plan incur a one-time fee for establishing the note. Participants may elect to pay additional fees for express delivery of any type of distribution. Administrative expenses are paid by the Plan Sponsor to the extent not paid by the Plan.

Notes Receivable From Participants - Certain participating employers of the Plan have elected provisions allowing for participants to borrow funds from their account balance. Permitted participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or a reasonable period of time not to exceed 10 years for the purchase of a primary residence. Loans accrue interest at a rate equal to the prime rate plus 1% at the inception of the loan and are secured by the participant's account balance. The interest rates on the loans outstanding at December 31, 2025 and 2024 ranged from 5.25% to 9.5%.

Investment Valuation and Income Recognition - Investments, other than the Stable Value Ascend Fund, are reported at fair value. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments, in the statements of changes in assets available for benefits. The unrealized appreciation or depreciation of investments is determined by the change in current market value from the beginning of the period to the end of the period (if held for the entire period), or from the date of purchase to the end of the period. Realized gains and losses on securities sold or redeemed are determined on the basis of specific identification, from the date of purchase to the date of sale. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded as earned based on the ex-dividend date. Investment management fees are deducted from income earned and are reflected as a component of net appreciation or depreciation in the fair value of investments.

*Fair Value Measurement*s - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques should maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded (Level 1 inputs)

Stable Value Fund: During 2024, the Plan was invested in a stable value fund that was classified as a collective investment trust valued at the net asset value (NAV) of units held by the Plan at year end. The NAV was determined by the custodian of the fund and was based upon the fair value of the underlying assets held by the fund. NAV was used as a practical expedient to estimate fair value. There were no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Stable Value Ascend Fund - During 2025, the Plan is invested in the Transamerica Stable Value Ascend Fund (Ascend Fund), which is a stable value investment option issued by Transamerica. The Ascend Fund is a non-tradable obligation of Transamerica and is held in Transamerica's general account. The Ascend Fund is structured as a deposit liability of Transamerica with no underlying plan-specific investments and is not a guaranteed investment contract or common collective trust. The Ascend Fund has no stated minimum or maximum interest rate.

Management has determined that the Ascend Fund meets the criteria of a fully benefit-responsive investment contract. Accordingly, contract value is the relevant measurement attribute for this investment. Contract value represents contributions made to the Ascend Fund, plus earnings credited to participants, less participant withdrawals and administrative charges, if any. Contract value is the amount participants would receive if they initiated permitted transactions under the terms of the Plan.

Certain events could limit the Plan's ability to transact at contract value with Transamerica. Such events may include, but are not limited to, premature termination of the Ascend Fund by the Plan, termination or merger of the Plan, failure of the Plan to qualify under Section 401(a) of the Internal Revenue Code or failure of the trust to remain tax-exempt under Section 501(a), bankruptcy of the Plan sponsor, changes in the Plan's investment structure or competing investment options, or other employer-initiated events that significantly affect the Plan's normal operations. Management believes that the occurrence of events that would limit the Plan's ability to transact at contract value with participants is not probable as of December 31, 2025.

The Plan's ability to receive amounts due under the Ascend Fund depends on Transamerica's ability to meet its financial obligations. Certain events or circumstances under the Ascend Fund may allow Transamerica to terminate the arrangement and settle at an amount different from contract value, including events specified in the governing contract or related plan documents. Management believes that no such issuer termination event is probable as of December 31, 2025.

Risks and Uncertainties - The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Subsequent Events - Effective June 23, 2026, Kismet PEO sold its book of business to Paychex. The Kismet PEO began transitioning clients to Paychex throughout July and August, with payroll processing under Kismet expected to cease by the end of August 2026. The existing participating employers of the Kismet PEO 401(k) Plan will ultimately transition to Paychex's retirement plan structure during 2026 and will transfer assets into a retirement plan sponsored by Paychex.

The Sponsor has analyzed subsequent events through October 1, 2026, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

Ascensus, LLC, (formerly Newport Trust Company, LLC) (from January 1, 2024 to August 13, 2025) and Transamerica Financial Life Insurance Company (from August 14, 2025 to December 31, 2025), the custodians, have certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2025 and 2024.

- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2025 and 2024.

- Information included in the schedule of assets held for investment purposes at December 31, 2025, as shown on the accompanying schedule.

3. PLAN TERMINATION

The Plan Sponsor anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at their discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. However, see Note 1 regarding likely plan merger in 2026.

4. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan from Transamerica. The Internal Revenue Service has stated in a letter dated November 30, 2020 that the Plan, as designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management believes that there is no liability related to uncertain tax positions at December 31, 2025 and 2024. The Plan is no longer subject to tax examinations for years before 2022.

5. RELATED PARTIES AND PARTIES-IN-INTEREST

Ascensus, LLC (formerly Newport Trust Company, LLC) served as custodian of the Plan until August 13, 2025, at which point assets were transferred to Transamerica Financial Life Insurance Company. Accordingly, both are considered parties in interest.

Neither the Sponsor nor the employees of the Sponsor involved in administering the Plan receive any compensation from the Plan.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of and for the year ended December 31, 2025, certain amounts reported in the accompanying financial statements are classified differently than amounts reported in the Plan’s Form 5500. These

differences are classification-only and do not affect total assets or total net activity. Total assets and total net activity reported in the accompanying financial statements agree to the corresponding amounts reported in the Plan's Form 5500.

The following is a reconciliation of the financial statements to Form 5500 for the year ended December 31, 2024:

Employer contributions per the financial statements	$ 316,127
Add: Prior year employer contribution receivables	255,640
Employer contributions per Form 5500	$ 571,767
Participant contributions per the financial statements	$ 808,105
Add: Prior year participant contributions receivables	8,648
Participant contributions per Form 5500	$ 816,753
