Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun Pharmaceutical Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sun Pharmaceutical Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sun Pharmaceutical Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sun Pharmaceutical Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sun Pharmaceutical Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sun Pharmaceutical Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters - Supplemental Schedule Required by ERISA

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan

The following description of the Sun Pharmaceutical Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General: The Plan is a defined contribution plan that became effective on June 1, 2007 covering all employees of Sun Pharmaceutical Industries, Inc. ("the Company") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the plan administrator.

Plan Mergers and Transfers: The Plan was amended effective May 15, 2024, to provide for the merger of the Concert Pharmaceuticals 401(k) Plan into the Plan. As a result of the merger, the assets and participant accounts of the Concert Pharmaceuticals 401(k) Plan, totaling $17,932,904, were transferred into the Plan and are included in the accompanying financial statements as of and for the year ended December 31, 2024.

Effective December 31, 2024, the Taro Pharmaceuticals U.S.A. Inc. 401(k) Plan, which was previously administered by Fidelity Management Trust Company, merged into the Plan. As a result, the assets and participant accounts of the Taro Pharmaceuticals U.S.A. Inc. 401(k) Plan, totaling $51,975,047, were transferred to the Plan as of that date. Accordingly, the transfer of assets is reflected in the accompanying statement of changes in net assets available for benefits as a transfer from merged plan for the year ended December 31, 2024. The assets transferred from the Taro Pharmaceuticals U.S.A. Inc. 401(k) Plan were moved in-kind from Fidelity Management Trust Company to the Plan's current trustee and recordkeeper.

Plan Amendment and Change in Recordkeeper and Trustee: Effective January 2, 2025, the Plan was amended to change its trustee and recordkeeper from Empower Trust Company to Fidelity Investments. In connection with this change, Plan assets were transferred from Empower Trust Company to Fidelity on December 30, 2024. Although the transfer of assets occurred prior to year-end, Fidelity did not assume control or custodial responsibility for the assets until January 2, 2025. Accordingly, Empower Trust Company remained the trustee of the Plan as of December 31, 2024.

Eligibility: An employee becomes eligible immediately upon hire. A temporary employee is not eligible to participate until 1,000 hours of service are completed. An employee is not eligible to participate if they are a nonresident alien, Puerto Rican employee or summer intern.

A. Description of Plan (continued)

Contributions: Each year, participants may contribute 1% to 100% of their annual compensation as defined by the Plan as a pre-tax contribution, an after-tax contribution or a Roth contribution up to a yearly maximum per limitations imposed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan permits In-Plan Roth Rollover Contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless the participant makes a contrary election not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Plan applies an automatic deferral percentage with a 1% increase per year up to a maximum of 15% of compensation. A participant must change the contribution accelerator to off if electing not to have it applied.

The Company may make a matching contribution annually at its discretion. The Company provides a safe harbor matching contribution, up to 100% of each participant's elective deferrals to the Plan, subject to a maximum of 4% of the participant's compensation. The Plan also permits In-Plan Roth rollover contributions. In addition, the Company provides for a nonelective contribution as a uniform percentage of a participant's compensation. During the year ended December 31, 2024, the Company made a $8,073,494 matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Contributions Receivable: At December 31, 2024, certain contributions had not yet been remitted to the Plan due to the blackout period associated with the transition of recordkeeping services from Empower Trust Company to Fidelity Investments. These amounts included employee contributions of $405,027, employer contribution of $194,576 and an employer matching contribution true-up of $262,473 that were withheld or accrued by the employer prior to year-end but were not transferred to the Plan's trust until after the transfer of assets was completed on December 31, 2024. The related contributions were subsequently remitted to the Plan in early 2025. Accordingly, no receivable for these amounts has been recorded in the accompanying financial statements.

Participant Accounts: Each participant's account is credited with the participant's contribution and Company matching contribution, as well as allocations of the Company's plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service. Prior to June 1, 2017, participants were vested after five years of credited service.

A. Description of Plan (continued)

Notes Receivable from Participants: Participants may borrow from their vested fund accounts. The maximum amount the participant can borrow is the lesser of $50,000 minus the highest outstanding loan balance during the past year or 50% of the participant's account balance less any outstanding loans. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, except for the borrowing for the purchase of a principal residence which is to be paid within 10 years. Participants may not have more than one loan at any one time.

Payment of Benefits: Upon termination of service due to death, disability or termination of employment, a participant may take a lump sum distribution equal to the value of the participant's vested interest in his or her account. A participant who terminates employment with a vested account balance exceeding $5,000 may receive a distribution of his/her vested account balance in any form permitted by the Plan or may leave their balance in the Plan. A participant who terminates employment with a vested account balance greater than $1,000 but less than $5,000 may receive the value of the vested interest in the participant's account as a lump sum distribution.

The Plan allows in-service distributions and required minimum distributions. A participant may withdraw all or any portion of the participant's vested account balance upon attainment of age 59 1/2 for elective deferrals, employer profit sharing or discretionary match. A hardship that satisfies the safe harbor rules is also allowed for participant deferrals. Non-safe harbor match contributions are available for safe harbor hardship withdrawals.

Forfeited Accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled $1,105,234 and $48,572, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. In 2024 and 2023, employer contributions were reduced by $127,863 and $1,373,031, respectively and administrative expenses were reduced by $10,589 from forfeited nonvested accounts.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's investment committee determines the plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Any excess contributions identified are distributed to the applicable participants prior to March 15 of the following plan year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, as provided in the plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

B. Summary of Accounting Policies (continued)

Date of Management's Review and Subsequent Events

Effective January 2, 2025, the Plan changed its trustee and recordkeeper from Empower Trust Company to Fidelity Investments. Plan assets were transferred in kind on December 30, 2024; however, Fidelity did not assume custodial control until January 2, 2025. No other subsequent events require adjustment or additional disclosure.

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

C: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

C: Fair Value Measurements (continued)

Self-Directed Brokerage Accounts – Consist primarily of participant-directed holdings in publicly traded mutual funds and common stocks. These investments are valued at the quoted market prices on active markets and are classified as Level 1.

Common/Collective Trusts ("CCTs") – Valued at the NAV of units of the trust as reported by the trustee or custodian at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. CCTs that do not have a readily determinable fair value are measured at NAV as a practical expedient and are not categorized within the fair value hierarchy.

Guaranteed Income Fund – Represents a fully benefit-responsive investment contract issued by an insurance company. This fund is recorded at contract value, which represents contributions made to the fund plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of the underlying investments within the fund is based on the insurance company's evaluation of the underlying fixed-income portfolio, generally using observable market data.

Pooled separate accounts (prior to transfer): Through December 30, 2024, the Plan's assets included pooled separate accounts offered by an Empower Annuity Insurance Company ("EAIC"). The fair value of these accounts was determined using the unit values reported by the insurance company, which are based on the fair value of the underlying investments held by each account. The pooled separate accounts were valued using NAV as a practical expedient and therefore were not classified in the fair value hierarchy. Upon the transition of recordkeeping and trust services to Fidelity Investments effective January 2, 2025, the pooled separate accounts were liquidated or transferred in-kind to comparable mutual funds, self-directed funds or common/collective trusts. The Plan continues to hold the guaranteed income fund as a stable-value investment option.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 56,728,617	$ -	$ -	$ 56,728,617
Self-Directed Brokerage Accounts	1,379,968	-	-	1,379,968
Money Market Funds	57	-	-	57
Common/Collective Trusts (measured at NAV) [a]				198,701,923
Investments at Fair Value	$ 58,108,642	$ -	$ -	$ 256,810,565

C: Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2023			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 112,758,736	$ -	$ -	$ 112,758,736
Pooled Separate Accounts (measured at NAV) [a]				58,975,271
Investments at Fair Value	$ 112,758,736	$ -	$ -	$ 171,734,007

Investments Measured Using NAV Practical Expedient:

[a] Certain investments that are measured at fair value using NAV per share (or its equivalent practical expedient), have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests in assets (typically fixed-income securities or bond funds and mutual funds), and invests in cash equivalents represented by shares in money market funds. There are no unfunded commitments at December 31, 2024 or 2023. The fund has a daily redemption frequency and redemption notice period.

Change in Investment Types:

Effective December 30, 2024, the Plan's assets were transferred from pooled separate accounts held under a group annuity contract with an insurance company to investments in mutual funds, self-directed brokerage accounts and common/collective trusts. Pooled separate accounts were previously valued using the NAV of units held, as reported by the insurance company, which represented the fair value of the underlying investments.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	December 31, 2024			
	Unfunded Commitment	Redemption Frequency	Redemption Notice Period	Fair Value
Collective Investment Trusts	N/A	Daily	None	$ 198,701,923

	December 31, 2023			
	Unfunded Commitment	Redemption Frequency	Redemption Notice Period	Fair Value
Pooled Separate Accounts	N/A	Daily	None	$ 58,975,271

D: Group Annuity Contract with Empower Annuity Insurance Company

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company ("EAIC"), totaling $48,851,216 for 2024 and $51,224,245 for 2023. EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meets its financial obligations. The issuer's ability to meet its contractual obligations my be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

E: Investment Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Prudential, the Trustee, and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments as shown in the accompanying statements of net assets available for benefits of $256,810,508 as of December 31, 2024, and $171,734,007 as of December 31, 2023. This includes interest-bearing cash as shown in the accompanying statements of net assets available for benefits of $57 as of December 31, 2024 and $0 as of December 31, 2023.

b. Net investment earnings as shown in the accompanying statement of changes in net assets available for benefits of $26,818,460 for the year ended December 31, 2024.

c. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

d. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $2,897,451 as of December 31, 2024 and $2,363,389 as of December 31, 2023. The interest earned on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $165,185 for the year ended December 31, 2024.

The investment information related to the guaranteed income fund was certified by EAIC, the Trustee, and was not subjected to any auditing procedures performed by the independent public accountants. The investment is shown at contract value in the accompanying statements of net assets available for benefits of $48,851,216 as of December 31, 2024 and $51,224,245 as of December 31, 2023.

G: Related-Party Transactions and Party in Interest Transactions

The plan sponsor, Sun Pharmaceutical Industries, Inc. is also the plan administrator. During 2024, all of the members of the board of trustees were also plan participants.

Certain plan investments are managed by Empower Annuity Insurance Company ("EAIC"). EAIC was the trustee for the Plan and, therefore, transactions with EAIC qualify as party-in-interest transactions. EAIC also serves as trustee for the Guaranteed Income Fund and recordkeeper for the Plan. Effective January 2, 2025, Fidelity Investments became the plan's recordkeeper, and plan assets were transferred to Fidelity as of December 30, 2024. Fees paid by the Plan for investment management services amounted to $82,103 for the year ended December 31, 2024.

H: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

I: Tax Status

The IRS has determined that when compliant, prototype plans are adopted by employers on a word-for-word basis, the employers have automatic reliance as to the form of the plan, and are deemed to have a favorable determination letter for IRS purposes. The Company has adopted such a plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

K: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:

	2024	2023
