INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Great Basin Institute Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Great Basin Institute Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Great Basin Institute Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Great Basin Institute Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Great Basin Institute Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Great Basin Institute Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Great Basin Institute Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment at year ended December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following brief description of Great Basin Institute Retirement Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan's Summary Plan Description, Adoption Agreement and Master Plan Document for more complete information.

General

The Plan is a defined contribution plan covering all employees of Great Basin Institute ("the Employer") who meet Plan eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code.

The employer of the plan, Great Basin Institute is an interdisciplinary field studies organization that promotes environmental research, education, and conservation throughout the West. Founded in 1998 at the University of Nevada, the Institute's mission is to advance applied research and ecological literacy through community engagement and agency partnerships to support national parks, forests, open spaces, and public lands.

Eligibility

Employees who are not classified as seasonal or temporary are eligible to participate in the Plan if they have three months of employment and are 21 years of age. Seasonal and temporary employees must be 21 and have one year of service. Employees may enter the plan on the first day of the month following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Employer contributes 100% of the first 4% of base compensation that a participant contributes to the plan. Additional amounts may be contributed at the discretion of the Board of Directors. No such additional discretionary contributions were made for the year ended December 31, 2025.

Participant accounts

Each participant's individual account is credited with the participant's contributions, rollovers, the Employer's matching contributions, as well as the Employer's discretionary

NOTE 1: DESCRIPTION OF PLAN - continued

contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participants compensation, account balances or specific transactions, as defined by the Plan document. The benefit to which a participant is the entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Upon enrollment in the Plan, a participant may direct his/her account and may select from mutual funds and other investment options available under the investments contract with Ascensus Trust Company/Vanguard. Participants may change their investment options daily.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. This also includes the Employer safe harbor contribution and actual earnings thereon. Vesting in the employer's discretionary contribution plus actual earnings thereon is based on years of continuous service. A participant vests at a rate of 20% after two years of service, with an additional 20% for each additional year of service completed thereafter. A participant is 100% vested after six years of credited service.

Benefit Payments
On termination of service, retirement, permanent disability or death, a participant or their beneficiary will receive a lump-sum distribution equal to the value of his or her account.

Forfeited Accounts
At December 31, 2025 and 2024, forfeited non-vested accounts totaled $193 and $14,720 respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2025, employer contributions were reduced by $48,765 from forfeited non-vested accounts.

Loans to Participants
Loans are not allowed in this Plan.

Administrative Expenses
Administrative expenses related to the Plan as a whole are paid by the employer. Fees charged to administer individual accounts are paid out of those account balances. Administrative fees charged to individual accounts amounted to $23,825 and $14,130 for the years ended December 31, 2025 and 2024, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements are prepared using the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Valuation of Investments

Investments in mutual funds, interest bearing cash, and collective investment trusts are reported at the values reported to the Plan by Ascensus Trust, which represents approximate fair value. The market volatility of equity-based investments is expected to substantially impact the value of such investments at any given time. It is likely the value of the Plan's investments, both in total and in individual participant accounts, has changed since December 31, 2025.

Cash Equivalents

Cash equivalents are considered to be short-term, highly liquid investments with original maturities of three months or less.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the caring value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participant's investment preferences.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Employer's Contribution Receivables

Receivables represent Companies' nonelective contributions which have not been remitted to the Plan by the Companies at December 31, 2025 and 2024.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures about fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY ASCENSUS TRUST

Investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2025 and 2024, net appreciation in fair value of investments, and interest income for the year ended December 31, 2025 and 2024, was obtained and derived from information supplied to the Plan Administrator and certified complete and accurate by Ascensus Trust. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information, except for comparing such information certified by Ascensus Trust with information included in the Plan's financial statements and supplemental schedule.

During 2025, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in the value of $535,112.

NOTE 4: FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") *820, Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

NOTE 4: FAIR VALUE OF FINANCIAL INSTRUMENTS-continued

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE OF FINANCIAL INSTRUMENTS-continued

Collective Investment Trusts: Valued at NAV of units of the bank collective trust. NAV is readily determined fair value and is the basis for current transactions.

The following tables present information about the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Total	Level 1	Level 2	Level 3
Cash and Equivalents	$ 2,126	$ 2,126	$ -	$ -
Mutual Funds	4,099,502	4,099,502	-	-
	$ 4,101,628	$ 4,101,628	$ -	$ -

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Cash and Equivalents	$ 15,334	$ 15,334	$ -	$ -
Mutual Funds	3,618,310	3,618,310	-	-
	$ 3,633,644	$ 3,633,644	$ -	$ -

NOTE 5: SIGNIFICANT CONCENTRATIONS OF CREDIT RISK

During 2025, the Plan held 100% of its investments with Ascensus Trust.

NOTE 6: CONTRIBUTIONS RECEIVABLE

At December 31, 2025 and 2024, $1,812 and $890 in total employer contributions were owed to the Plan. The 2025 contribution receivable was paid in full in 2026. The Plan contribution is generally funded after every pay period. The contribution is calculated on an annual basis and adjusted to any errors at that time. Forfeitures from prior years can be used to reduce employer contribution and are adjusted at this time.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment are funds managed by Ascensus Trust. Ascensus Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for contract administration and investment fees amounted to $23,825 and $14,130 for the years ended December 31, 2025 and 2024, respectively.

NOTE 8: ADMINISTRATION OF PLAN ASSETS

The Company's contributions are held and managed by the Plan's custodian, who invests cash received, principal, and interest collected as directed by participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the plan. Administrative expenses for legal and accounting services are paid directly by the Company.

NOTE 9: INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 11: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 4,103,440	$ 3,634,534
Net assets available for benefits per the Form 5500	$ 4,103,440	$ 3,634,534

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2025 to Form 5500:

	2025
Total employer contributions per financial statements	$ 252,349
Total employer contributions per the Form 5500	$ 252,349
Total employee contributions per financial statements	$ 514,974
Total employee contributions per the Form 5500	$ 514,974

NOTE 12: SUBSEQUENT EVENTS

The Plan was restated March 15, 2022 to comply with the recent legislative and regulatory changes.

Subsequent events have been evaluated by management through the date of the report, which is the date the financial statements were available to be issued. No other significant subsequent events have occurred from December 31, 2025, through the date of issuance.
