INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
403(b) Thrift Plan of Water Street Ministries
Lancaster, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Water Street Ministries, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 403(b) Thrift Plan of Water Street Ministries' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of Water Street Ministries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the 403(b) Thrift Plan of Water Street Ministries' ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Water Street Ministries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the 403(b) Thrift Plan of Water Street Ministries' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets Held for Investment Purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Plan Description

The following description of the 403(b) Thrift Plan of Water Street Ministries (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, established as of January 1, 1999 is a defined contribution plan with a 403(b) provision covering all employees of Water Street Ministries (the "Organization"). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's offerings and monitors investment performance. The Plan's investments are held in a trust fund administered by Mutual of America Life Insurance Company ("Mutual of America").

Contributions – Participants may contribute up to 100% of eligible compensation, not to exceed the annual amount permitted by Federal law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of the calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Organization makes a monthly base contribution of $50 per eligible participant and matches 100% of employee elective deferrals up to 3% of compensation. To be eligible for employer contributions, the Plan participant must have completed at least one year and 1,000 hours of service and have attained the age of twenty-one. The Organization made total contributions of $228,411 and $209,106 for the Plan years ended December 31, 2025 and 2024, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer contributions, (b) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting – Participants are immediately vested in their elective deferral, rollover, and employer contributions plus actual earnings thereon.

Payment of Benefits – Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the vested value of his or her account, a partial distribution or leave the account in the Plan. Participants who have terminated employment with the Organization at age 55 or older may elect to receive regularly scheduled withdrawals of $100 or more from their account. Automatic distributions will be made to terminated participants with vested balances less than $1,000. If a terminated participant's vested balance is in excess of $1,000 but not greater than $5,000, the Plan administrator will make the distribution to an individual retirement account (IRA) absent a distribution directive from the participant. If the participant's vested account balance exceeds $5,000, a request from the participant is required before distribution. A participant may also elect to have the amount rolled into an individual retirement account or another qualified plan. Hardship withdrawals are permitted from any account which is fully vested, excluding investment earnings attributable to deferral contributions.

Notes to Financial Statements

Note 1 – Plan Description – Continued

Notes Receivable from Participants – Participants may borrow from the Plan Trustee using a portion of their account balance as security for the loan. The minimum loan is $1,000 and may be up to the lesser of $50,000 or 50% of their account balance. The loans bear interest at a rate of 5.85%, which is commensurate with local prevailing rates as determined periodically by Mutual of America Life Insurance Company. Principal and interest are paid through ratable bi-weekly payments by the participant to Mutual of America Life Insurance Company. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

At December 31, 2025 and 2024, the balance of the plan related loans was $27,306 and $51,249, respectively. At December 31, 2025 and 2024, plan assets serving as collateral under the borrowing terms of these loans were $32,767 and $61,499, respectively. Interest paid by participants on such loans during the plan years ended December 31, 2025 and 2024 totaled $1,992 and $3,343, respectively, and was credited to the Plan's Interest Accumulation account.

In the event of default such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan or attachment is otherwise permitted by applicable law. There were no loans in default as of December 31, 2025 and 2024.

Note 2 – Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value as determined and certified by the Plan's Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. The fair value is certified by Mutual of America Life Insurance Company, the Trustee, which holds the investments of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative expenses will be paid by the Plan unless paid by the Organization. Certain administrative expenses associated with the Plan were paid by the Plan.

Notes to Financial Statements

Note 2 – Significant Accounting Policies – Continued

Subsequent Events – Events that occurred subsequent to December 31, 2025 have been evaluated by the Plan's management through October 7, 2026, which is the date the financial statements were available to be issued.

Note 3 – New Accounting Standards

Pronouncements issued by the Financial Accounting Standards Board (FASB) with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Note 4 – Investments

During the year ended December 31, 2025 and 2024, the Plan's investments, including gains and losses on investments bought, sold, and held during the year, appreciated in value by $598,242 and $451,355, respectively.

Note 5 – Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 5 – Fair Value Measurements – Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Investment Contract with Insurance Company: Valued at contract value which approximates fair value. Contract value represents contributions made under the contract, plus interest at the credited rate, and less funds used to pay administrative expenses charged.

Pooled Separate Accounts: Valued at net asset value (NAV) of units held. The NAV is used as the practical expedient to estimate fair value. The NAV is based on fair value of the underlying investment held by the fund, less its liability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2025	Level 1	Level 2	Level 3	Total
	$	$	$	$

Note 5 – Fair Value Measurements – Continued

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent):

Total	4,836,235	4,014,617

(a) This class invests primarily in fixed income and equity securities. The class's objective seeks both current income and capital appreciation. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments. There are no unfunded commitments and no redemption period notice required.

(b) This class allocates its assets among stocks, bonds, and money market instruments. The class's objective seeks total return. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments. There are no unfunded commitments and no redemption period notice required.

(c) This class invests primarily in equity securities. The class's primary objective is capital appreciation. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments. There are no unfunded commitments and no redemption period notice required.

(d) This class invests primarily in fixed income securities. The class's objective is to provide current income. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments. There are no unfunded commitments and no redemption period notice required.

Note 5 – Fair Value Measurements – Continued

(e) This class invests in an appropriate asset allocation associated with its target retirement date. The class's objective is to seek current income, capital preservation, or capital appreciation appropriate with its targeted retirement date. Investments in this class can be redeemed daily at the current net asset value per unit based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per unit of the underlying investments. There are no unfunded commitments and no redemption period notice required.

Note 6 – Investment Contract with Insurance Company

The Plan entered into an investment contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and interest at a rate that is determined by Mutual of America Life Insurance Company from time to time. The minimum interest rate is guaranteed never to go below 1.00% and the maximum interest rate will never go above 3.00%. For both the years ended December 31, 2025 and 2024, the interest rate was 1.00%. There are no redemption restrictions for this contract.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 – Parties-In-Interest Transactions

The Plan paid administrative fees totaling $2,510 and $2,252 for the years ended December 31, 2025 and 2024, respectively, to Mutual of America, the Trustee, Custodian, and record keeper of the Plan. For the years ended December 31, 2025 and 2024, the Plan had several investments managed by Mutual of America valued at $5,096,010 and $4,290,454, respectively.

As disclosed in Note 1, the Plan may issue loans to participants that are secured by participant account balances. These transactions qualify as party-in-interest transactions.

Note 9 – Tax Status

The Organization adopted a prototype non-standardized 403(b) plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2017, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue code (IRC). The prototype has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the application requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provisions for income taxes are included in the Plan's financial statements.

Notes to Financial Statements

Note 9 – Tax Status – Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Mutual of America Life Insurance Company, the Trustee.

- Investments, at fair value
- Investment income
- Schedule of Assets Held for Investment Purposes

Note 11 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 12 – Subsequent Event

Subsequent to December 31, 2025, the Plan was restated. Significant changes included increasing the employer match to 4% and adding a Roth contribution option.
