Independent Auditors' Report

To the Operating Committee of the
Providence Equity Partners L.L.C. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Providence Equity Partners L.L.C. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Providence Equity Partners L.L.C. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1988 and is a defined contribution profit-sharing plan with a cash deferred arrangement covering substantially all employees of Providence Equity Partners, L.L.C. and Providence Equity L.L.C. (collectively the "Employer"). Ascensus Trust Company ("Ascensus Trust") serves as custodian and trustee for the Plan. The Employer is the Plan's administrator. All full-time employees who have completed 90 days of service and attained the age of 18 are eligible to enroll except an employee covered by a collective bargaining agreement, a student intern or a leased employee ("Participants"). A temporary employee who does not complete a year of service is also excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants direct the investment of all contributions into various investment options offered by the Plan. Substantially all investments are participant directed.

Participant Contributions

Participants may defer a percentage of their eligible annual compensation, as defined by the Plan, subject to dollar limits set by Federal law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Discretionary Matching Contributions

For any Plan year, the Employer may make a discretionary matching contribution on behalf of all eligible employees who have met the eligibility requirements, a year of service, as defined by the Plan. For the year ended December 31, 2025, the amount of the matching contribution was equal to 100% of the elective deferrals up to a maximum of 4.5% of compensation. The Employer's Board of Directors may determine to raise, suspend or reduce its contributions for any plan year. During 2025, the Employer contributed $600,616, net of forfeitures applied of $326,290 of matching contributions.

Employer Discretionary Profit Sharing Contributions

The Employer may make a discretionary profit sharing contribution on behalf of all eligible employees who have met the eligibility requirements, a year of service, as defined by the Plan. The amount of discretionary contribution is determined by each participant's eligible compensation to total eligible compensation, subject to dollar limits set by Federal law. During 2025, the Employer contributed $1,754,173.

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions and Plan investment earnings and reduced by administrative expenses and loan fees paid by the Plan, when applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all voluntary contributions, including rollovers, and the earnings thereon. Participants become 100% vested in Employer discretionary matching and discretionary profit sharing contributions after 3 years of service. A participant also becomes fully vested upon death or disability, as defined by the Plan, or upon reaching normal retirement age (65) while employed by the Employer.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance at the earlier of the end of five consecutive one-year breaks in service or if the participant receives a complete distribution of their vested accounts. The Plan may use forfeitures to reduce future Employer contributions or pay Plan administrative expenses. At December 31, 2025 and 2024, there were $0 and $6,078, respectively, in forfeitures available to reduce future Employer contributions. During 2025, $326,290 was used to offset a portion of the Employer discretionary matching contributions

Payment of Benefits

A participant may elect to receive a lump-sum amount equal to the value of his or her accounts, or a life or joint and survivor annuity. In-service withdrawals from a participant's account are permitted only due to financial hardship or upon reaching age 59½. Participants are entitled to their total vested account balance upon death, disability, retirement, or termination of employment. If a participant's vested account is $1,000 or less, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to the participant as a lump-sum payment. If a participant's vested account is greater than $1,000 but less than $5,000, the Plan administrator, after notification, may distribute his/her entire vested account balance to the participant in the form of an IRA rollover account. Hardship withdrawals may be taken from a participant's deferral account without respect to earnings.

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have a maximum of two loans outstanding at a time. Loan terms generally range from one to five years (up to fifteen years for the purchase of a primary residence). The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Trustee expenses are paid for by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Unit Values

Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit value as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 9, 2026, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held by Ascensus Trust Company ("Ascensus"), the custodian and trustee. The fair values of investments as of December 31, 2025 and 2024, and all investment transactions for the year ended December 31, 2025, including interest and dividends, and net appreciation in fair values are certified as complete and accurate and reported to the Plan by Ascensus, LLC as agent for Ascensus Trust Company. Information contained in the supplemental schedule and notes receivable from participants is also certified by Ascensus.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. Participants may direct their contributions as well as Employer contributions to any of the Plan's investment options.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

> Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
>
> Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
>
> Level III – Inputs that are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units in Common/Collective Trusts

A common/collective trust fund is a stable value fund that is composed primarily of an indirect fully benefit-responsive investment contract and valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient for estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 131,774,795	$ -	$ -	$ 131,774,795
Total investments in the fair value hierarchy	$ 131,774,795	$ -	$ -	131,774,795
Investments measured at NAV practical expedient (a)				6,047,568
Investments at fair value				**$ 137,822,363**

Note 4 - Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2024			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 117,908,843	$ -	$ -	$ 117,908,843
Total investments in the fair value hierarchy	$ 117,908,843	$ -	$ -	117,908,843
Investments measured at NAV practical expedient (a)				6,424,302
Investments at fair value				**$ 124,333,145**

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table sets forth a summary of the Plan's investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

Investments	***Fair Value December 31, 2025***	***Fair Value December 31, 2024***	***Unfunded Commitments***	***Redemption Frequency***	***Redemption Notice Period***
Reliance Trust Company Stable Value Fund (a)	$ 6,047,568	$ 6,424,302	$ -	Daily	1 day
Total	**$ 6,047,568**	**$ 6,424,302**	**$ -**		

(a) See Note 4 for the description of the common/collective trusts.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has adopted the Angell Pension Group, Inc. Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement that has received a favorable Internal Revenue Service ("IRS") opinion letter dated June 30, 2020. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds held by Ascensus Trust Company, the trustee and custodian, as defined by the Plan, and accordingly, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the trustee/custodian totaled $3,015 for the year ended December 31, 2025. Notes receivable from Participants also qualify as exempt-in-interest transactions, as defined by ERISA.
