INDEPENDENT AUDITOR'S REPORT

Plan Trustees and Administrators
DSI Holding USA, Inc.
Profit Sharing and Retirement Plan
Bolingbrook, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **DSI Holding USA, Inc. Profit Sharing and Retirement Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedules Required by ERISA*

The supplemental schedules of assets held for investment purposes at the end of the year – Schedule H, Line 4i as of December 31, 2025, and the schedule of delinquent participant contributions at the end of the year – Schedule H, Line 4a as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is/are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DSI Holding USA, Inc. Profit Sharing and Retirement Plan
Notes to the Financial Statements

1. **Description of Plan**

The following brief description of the DSI Holding USA, Inc. Profit Sharing and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan with salary deferral provisions which was established on July 1, 1991. The Plan's participating employers are DSI Holding USA, Inc., DYWIDAG-Systems International, USA, Inc., and DSI USA, LLC (collectively known as the Company).

The Plan covers all employees of the Company who have one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may make pretax deferred savings contributions in the form of salary reductions, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation.

The Company makes a safe harbor contribution equal to 3% of compensation for all eligible employees. In addition, the Company makes a matching contribution equal to 100% of the first 2% of a participant's tax deferred savings contribution, not to exceed 2% of eligible compensation. The Company may also make an annual discretionary profit sharing contribution in an amount determined by its Board of Directors. The Company did not make a discretionary profit sharing contribution in 2025.

Participant Accounts – Each participant's account is credited with the participant's contribution, Company safe harbor and matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan** (cont'd)

Investment Options – The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL). Participants can select from a stable value investment option and variable investment options through an AUL pooled separate account that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions. The Plan administrator may add additional investment funds or change the investment emphasis within a fund at any time, as deemed appropriate.

Vesting – Participants are vested immediately in their contributions and Company safe harbor, match and discretionary profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants – Effective October 1, 2018, the Plan was amended to no longer allow new loans. Prior to that date, participants could borrow from their fund accounts for safe harbor hardship reasons only. The loan must have been a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.75% - 5.00%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either lump-sum amounts equal to the value of the participant's account, or in installments for required minimum distributions. In-service withdrawals from transfer accounts, distributions after age 59½, and hardship distributions are also allowed by the Plan.

Forfeited Accounts – At December 31, 2024, forfeited accounts totaled $18,607. There were no forfeited accounts at December 31, 2025. All employee and employer contributions are 100% vested immediately, so deposits to forfeitures consist primarily of funds deposited in error or corrections from compliance testing. These accounts can be used to pay plan expenses or reduce any employer contribution. $18,106 of forfeitures were used to reduce the employer contribution and $800 of forfeitures were used to pay plan expenses for the year ended December 31, 2025. $421 of forfeitures were used to reduce the employer contribution and $15 of forfeitures were used to pay plan expenses for the year ended December 31, 2024. Forfeited accounts generated investment earnings of $299 and $697 for the years ended December 31, 2025 and 2024, respectively.

Plan Termination – Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are recorded at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to optional educational and fund selection services, as well as certain investment management and recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. **Information Prepared and Certified by Custodian**

The participating employers of the Plan, acting in their capacity as the Plan administrator, have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by American United Life Insurance Company (AUL), the custodian of the Plan, and furnished to the Company. The Company has obtained certifications from the custodian as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, that such information is complete and accurate.

	2025	2024
Investments at fair value	**$ 28,940,789**	$ 25,592,168
Fully benefit-responsive investment contracts at contract value	**5,966,570**	6,282,217
Notes receivable from participants	**24,409**	27,019
Net investment income	**4,001,691**	
Interest on notes receivable from participants	**1,240**	

4. **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a three-level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for benefits, and the classification of such investments pursuant to the valuation hierarchy.

4. **Fair Value Measurements** (cont'd)

Amounts allocated to a variable investment account within an AUL pooled separate account are valued at net asset value (NAV) of accumulation units at year-end. The NAV of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the participant. The NAV of the accumulation units, as provided by AUL, is used as a practical expedient to estimate fair value. There are no redemption restrictions or unfunded commitments on these investments.

All of the Plan's investments recorded at fair value are valued using NAV as a practical expedient, and as such are not classified pursuant to the valuation hierarchy. The Plan's financial instruments measured at fair value on a recurring basis were categorized as follows as of December 31:

		2025	2024
Investments measured at NAV, pooled separate accounts:			
(1)	Equity investments	**$ 18,460,981**	$ 17,241,364
(2)	Fixed-income investments	**3,592,647**	2,954,156
(3)	Retirement year-based investments	**6,887,161**	5,396,648
		$ 28,940,789	$ 25,592,168

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

5. **Fixed Income Investment Options**

The Plan offered a traditional fully benefit-responsive fixed interest investment option with AUL which was maintained in AUL's general account. During 2021, the Plan was notified by the custodian that the investment option would no longer be accepting new contributions or transfers in. The investment contract was not terminated, and the Plan elected to freeze that investment option, and directed future contributions to the stable value investment option. The stable value investment option is a traditional fully benefit-responsive contract. Both traditional, fully benefit-responsive investment options are maintained in AUL's general account.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest and stable value investment option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract may be subject to a market value adjustment upon contract termination. The fixed interest investment option had a balance of $3,916,272 and $4,068,611 at December 31, 2025 and 2024, respectively. The stable value investment option had a balance of $2,050,298 and $2,213,606 at December 31, 2025 and 2024, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The contract does not permit AUL to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

6. **Tax Status**

The Plan has adopted the One America Financial Partners Non-Standardized Pre-Approved Profit Sharing Plan. The Internal Revenue Service has provided an opinion letter to One America Financial Partners dated August 19, 2020, that the Volume Submitter Profit Sharing Plan is acceptably designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. **Related Party and Party-in-Interest Transactions**

The Plan has investments in a fixed interest investment option, stable value investment option and a pooled separate investment account managed by AUL. As AUL is the custodian and recordkeeper for the Plan, these are party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity, which were not covered by revenue sharing. During the year ended December 31, 2025, $4,158 was paid to AUL, the custodian and recordkeeper, $37,407 was paid to Future Capital, which provides optional educational and fund selection services, and $37,468 was paid to Sageview Advisory Group, which provides investment management and certain recordkeeping services. These are also party-in-interest transactions.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. **Delinquent Participant Contributions**

During 2025, payroll deposits totaling $32,895 were made late into the Plan, and as a result, are considered late deposits. Delays in remitting contributions to the Plan constitute prohibited transactions. Related excise taxes will be paid by the Company. The Company has corrected these late deposits by depositing lost earnings and paying all excise taxes in 2026.

10. **Subsequent Events**

In February 2026, the Company resolved to adopt a new Plan Document and Adoption Agreement with Principal. The majority of plan assets transferred from AUL to Principal in February 2026.

The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.
