BENNETT THRASHER LLP

Independent Auditor's Report

To the Participants and Administrator of
Covey Equity Holdings LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Covey Equity Holdings LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BENNETT THRASHER LLP

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the Covey Equity Holdings LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution profit sharing plan covering substantially all employees, except union or non-resident aliens, of Supreme Cores Holdings LLC, Supreme Cores Alabama, Inc., Vytron LLC, Coosa Holdings LLC, Prime Technological Services LLC, and PLI Fabrication LLC (collectively, the Participating Companies), who have completed at least six months of service and are at least 21 years old. The Plan Sponsor is Covey Equity Holdings LLC (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to January 1, 2022, the Plan operated under the name Prime Technological Services, LLC 401(k) Profit Sharing Plan and Trust, the Plan was amended on January 1, 2022 to change the Plan name to Covey Equity Holdings, LLC 401(k) Plan and amend the Plan Sponsor to Covey Equity Holdings LLC. The balances in the Supreme Core Holdings, LLC 401(k) Plan and Vytron LLC 401(k) Profit Sharing Plan were merged into the Plan effective January 1, 2022.

The Plan was amended on March 1, 2024 to allow the employees of PLI Fabrication LLC to participate in the plan.

Contributions

Participants may make pre-tax or post-tax (Roth) contributions to the Plan through payroll deductions up to 100% of their annual compensation, subject to the statutory limit set by the Internal Revenue Code (IRC). Participants who have attained at least age fifty are eligible to defer additional amounts (catch-up contributions). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain other Plan and statutory limitations.

During 2025, the Plan Sponsor elected to match 100% of the participant's elective deferral, up to 3% of eligible compensation, plus 50% of the participant's elective deferral, between 3-5% of eligible compensation. The Plan Sponsor's matching contributions totaled $770,637 during 2025.

The Plan Sponsor may also make discretionary profit-sharing contributions for eligible employees. The Plan requires an employee to be an active participant in the Plan on the last day of the Plan year or have attained more than 1,000 hours of service during the year to participate in the profit-sharing contribution. There were no discretionary profit-sharing contributions made during 2025.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, among other things, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. The Plan Sponsor has engaged Principal Trust Company (Principal) to serve as the trustee and custodian of the Plan. As the custodian, Principal receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan Administrator, and assists in the administration of the Plan. Principal serves as the intermediary for all asset purchases and redemptions. Additionally, Principal manages certain investment options of the Plan (Notes 3 and 7).

Participant Accounts

Each participant's account is credited with pretax and Roth contributions made by the participant and the participant's portion of the Plan Sponsor's matching contributions, additional discretionary contributions, and plan earnings or losses. Earnings (losses), expenses, and gains and losses on investments are allocated to the participants' accounts daily based on participant account balances, as defined in the Plan Document.

Vesting

Participants are immediately vested in their elective contributions and matching contributions plus actual earnings thereon. Participants become vested in Plan Sponsor discretionary contributions in accordance with Plan provisions based upon years of service and become fully vested after five years of service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants also become 100% vested upon termination of the Plan or upon reaching normal retirement age of sixty-five or upon disability or death while still an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the custodian or its affiliates serve as investment advisors (Note 7), selected by the Plan Administrator.

Notes Receivable from Participants

Prior to January 1, 2022, the Plan allowed participants to borrow from their accounts up to the lesser of $50,000 or 50% of their vested account balance. Loan balances are secured by the balance in the Participant's account and are considered collectible at the time of separation. The minimum loan is $1,000. A limit of one loan may be outstanding at one time. Loans bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest are credited to the participant's account as the loan is repaid. Upon the amendment on January 1, 2022, the Plan no longer allows participants to borrow from their account balances. The notes receivable balance represents loans outstanding prior to the amendment.

Benefits Paid to Participants

At the time of retirement, death, disability, or termination of employment, a participant or their beneficiary may receive the payment of the vested interest in their account in a lump sum distribution. Participants with a vested account balance exceeding $5,000 at time of termination of service may receive partial withdrawals or installments, but only in respect to minimum required distributions, over a period of not more than participant's assumed life expectancy. If the account balance is $1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. In-service withdrawals are also permitted for participants who have attained age 59½. Participants' account balances between $1,000 and $5,000 will be automatically rolled over to an individual retirement account. Participants are eligible to receive hardship withdrawals when certain conditions are met.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account. Forfeitures of terminated employees' non-vested accounts may be used to reduce Plan Sponsor contributions or pay reasonable plan expenses. Forfeitures totaled $0 during the year ended December 31, 2025. There were no forfeitures available for future use as of December 31, 2025.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and employer contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefit payments are recorded when paid by the Plan.

Administrative Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting, and recordkeeping fees; however, investment expenses are paid by the Plan. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 3: Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2025	2024
Statements of net assets available for benefits:		
Investments, at fair value	$ 19,380,346	$ 15,985,250
Investments, at contract value	821,223	939,470
Notes receivable from participants	6,420	14,151
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$ 2,350,169	
Interest and dividends	283,285	
Interest income on notes receivable from participants	431	

Note 4: Fair Value Measurements

The accounting standard for fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trusts (CCTs): The CCTs are valued at the NAV, which is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. The practical expedient would not be used if it is determined to be probable the fund would sell the investment for an amount different from the NAV.

Pooled separate accounts (PSAs): PSAs are privately managed through investment companies and are not publicly quoted. PSAs are valued by the Custodian at net asset value (NAV) which is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding. The Plan has concluded that the NAVs reported by the investment companies are used as a practical expedient to approximate the fair value of the investments and are not classified in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

The fair values assigned to the Plan's investments are based upon available information and do not necessarily represent amounts which might ultimately be realized. Due to the absence of readily determinable fair values and the inherent uncertainty of valuations, the estimated fair values may differ significantly from values that would have been used had a ready market for the securities existed. The Plan Sponsor believes the valuation methods are appropriate and consistent with other market participants.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,666,793	$ -	$ -	$ 6,666,793
Collective investment trust funds (a)	-	-	-	12,713,553
Total assets at fair value	$ 6,666,793	$ -	$ -	$ 19,380,346

Assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,021,918	$ -	$ -	$ 5,021,918
Collective investment trust funds (a)	-	-	-	10,323,901
Pooled separate accounts (a)	-	-	-	639,431
Total assets at fair value	$ 5,021,918	$ -	$ -	$ 15,985,250

(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statement of net assets available for benefits.

Note 5: Fully Benefit-Responsive Investment Contract

The Plan has entered into a traditional investment contract through a group annuity contract with the Custodian. The traditional investment contract held by the Plan is a guaranteed investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals, and administrative expenses. The Custodian maintains the contributions in a general account secured by the general assets of the Custodian. Guaranteed interest rates and maturity dates are revised semiannually by the Custodian subject to contractual limitation in the contract. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable of occurring.

Note 6: Income Tax Status

The Plan Sponsor has adopted a prototype plan sponsored by Principal. The prototype plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated June 30, 2020 which stated that the prototype plan and related trust met the requirements of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2025.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 7: Party-in-Interest Transactions

Principal, its affiliates, and certain service providers perform services for, sell products to, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. In addition, the Plan incurs expenses for services provided by parties-in-interest related to investment consulting, accounting, legal and plan administration. While the Plan Sponsor pays most of the fees, an insignificant portion is paid by the Plan.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9: Prohibited Transactions

The Plan Sponsor deducted $7,950 and $32,444 during 2025 and 2024, respectively, from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL Rules and Regulations. The Plan Sponsor intends to file Form 5330 with the IRS, pay the required excise tax and make restoration contributions to the Plan to restore earnings.

Note 10: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2025 and the report date, which is the date these financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
