Independent Auditors' Report

Bimbo Bakeries USA Benefits Committee
Bimbo Bakeries USA Union Savings Plan
Irving, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bimbo Bakeries USA Union Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Bimbo Bakeries USA Union Savings Plan (the Plan), provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers certain eligible employees of BBU, Inc. (the Company) as defined in the plan document.

Effective January 1, 2017, participants and account balances for Former Sara Lee Associates (SL Plan) merged into and became eligible to participate in the Plan.

Effective December 31, 2019, the Grace Unionized Employees Retirement Plan (Grace Plan) was merged into the Plan. Former participants of the Grace Plan will not be eligible to participate in the Plan.

Effective December 31, 2019, participants and account balances from the East Balt (BQSR) Plan merged into and became eligible to participate in the Plan.

The administration of the Plan is overseen by Bimbo Bakeries USA Benefits Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Bimbo Bakeries USA Defined Contribution Savings Plan Master Trust (Master Trust).

Contributions

Each plan year, participants may contribute from 1% up to 75% of their annual compensation, as defined by the Plan, through automatic payroll deductions. Participant contributions may be made on a pre-tax basis and after-tax basis and are limited to the maximum allowable under Internal Revenue Code (IRC) guidelines.

(1) Description of Plan, Continued

Contributions, Continued

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment choices daily and their deferral percentages upon notification to the plan administrator. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans.

The Plan includes an auto-escalation provision whereby each plan year following the employee's initial enrollment, a participant may elect, in the manner prescribed by the plan administrator, to have an automatic annual increase of between 1% and 5%, apply to their pre-tax basis or after-tax contributions, to go into effect May 1 of each year, up to the maximum contributions allowable by the Plan. Auto-escalation is not permitted for certain collective bargaining participants, including former SL participants.

Certain union groups are eligible for auto-enrollment into the Plan, as defined in the plan document.

The Company provides matching contributions contingent upon which participant group participants are members of, as defined in the plan document. The Company matches 50% of participants' salary deferrals up to 5% of compensation except for former MB participants and former SL participants, as defined, who receive a match equal to 50% of participants' salary deferrals up to 3% of compensation. Participants that are members of certain collective bargaining units receive a matching contribution of 100% of their salary deferrals up to 3% of compensation. For certain collective bargaining units, there is no Company match.

The Plan provides for certain non-elective Company contributions for certain former SL participants who are members of the Bakery Group Unions, as defined. For the Local 433 Participants and ABA Participants, such contributions range from $0.28 to $1.75 for each hour worked, up to a maximum of forty hours per week, as defined in the plan document. Certain ABA Participants receive Company contributions for each day or week worked as further described in supplement A of the plan document. Local 433 Participants and ABA Participants are not eligible to make tax-deferred or after-tax contributions to the Plan. The Plan also provides for certain non-elective Company contributions for employees of the Maintenance Grocers Union as defined in the plan document.

There is an option for the Company to provide an additional discretionary contribution to the employees. However, for the years ended December 31, 2025 and 2024, the discretionary match was not made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in Company contributions after three years of credited service based on a graded schedule, as defined in the plan document. Former MB participants and former SL participants are 100% vested in Company contributions after five years of credited service based on a graded schedule, as defined in the plan document. Participants also become 100% vested in Company contributions upon death, disability or attainment of age 65.

For certain former SL participants who are members of the Bakery Group Union and the Maintenance Grocers Union, participants become fully vested after two years of service for Company contributions. Local 433 Participants and ABA Participants are immediately 100% vested in Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants accounts and bear interest at rates that range from 4.25% to 9.50%, based on the prime rate as reported by Reuters on the last day of the month prior to loan issuance, plus 1% at December 31, 2025. A participant may only have one general purpose loan outstanding at a time, except for a former SL participant who may have up to two general purpose loans outstanding. The maximum loan term is five years, or fifteen years if the loan is used to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Loans are not permitted for certain collective bargaining participants, including Local 433 Participants and ABA Participants.

Payment of Benefits

Upon termination of service, participants may elect to receive lump sum amounts equal to the vested portion of their account. Effective December 31, 2019, terminated participants may elect to receive partial distributions in any amount. Amounts may not be withdrawn from the Plan while a participant is an active employee of the Company, except in cases of hardship, permanent disability, or after age 59½, as defined in the Plan.

Certain former SL participants may elect to receive their benefit in quarterly or annual installments over a period no greater than five years.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $249,832 and $213,645, respectively. These accounts will be used to reduce future employer contributions or to pay reasonable expenses of the Plan. Employer contributions were reduced by $35,313 and $38,310 from forfeited nonvested accounts to fund the 2024 and 2023 plan year's true-up employer contribution, respectively. The employer true-up contribution pertaining to 2025, in the amount of $39,057, was fully funded from the forfeiture account in March of 2026. These true-up contributions were made to make certain participants whole for employer matching contributions due to them.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bimbo Bakeries USA Benefits Investment Subcommittee determines the Plan's valuation policies utilizing information provided by the investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

(3) Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from the information certified as complete and accurate by Fidelity Management Trust Company (Fidelity), a qualified institution.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan's interest in the Master Trust: See Note 5.

(5) Interest in the Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other retirement plans sponsored by the Company. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Fidelity.

Continued…

(5) Interest in the Master Trust, Continued

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At both December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust is approximately 11%. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

Fidelity has certified to the accuracy and completeness of the investment in the net assets of the Master Trust as of December 31, 2025 and 2024, and the investment income for the years then ended as summarized below.

The Master Trust's investments are as follows at December 31:

	2025		2024	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments at fair value:				
Registered investment companies	$ 279,355,987	$ 21,485,174	$ 277,792,661	$ 21,319,621
Common collective trusts	1,124,197,175	137,552,918	1,014,811,525	121,873,101
Money market account	2,846,844	253,532	2,256,751	217,193
Pooled separate account	40,725,572	3,528,901	45,453,735	4,008,596
Total net assets	$ 1,447,125,578	$ 162,820,525	$ 1,340,314,672	$ 147,418,511

Investment income of the Master Trust was as follows for the years ended December 31:

	2025		2024	
	Master Trust Investment Income	Plan's Interest in Master Trust Investment Income	Master Trust Investment Income	Plan's Interest in Master Trust Investment Income
Net appreciation in fair value of investments	$ 206,382,703	$ 22,025,443	$ 166,322,037	$ 16,959,101
Interest and dividends	8,196,742	779,013	8,796,486	839,401
	$ 214,579,445	$ 22,804,456	$ 175,118,523	$ 17,798,502

Following is a description of the valuation methodologies used for assets of the Master Trust at fair value.

Registered investment companies and money market account: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

(5) Interest in the Master Trust, Continued

Pooled separate account: Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common collective trust – fixed income: Invests in conventional and synthetic guaranteed investment contracts issued by insurance companies and banks with excess cash invested in cash equivalents. The common collective fund allows for earnings stability regardless of the volatility of the financial markets. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common collective trusts – other: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2025:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Money market account	$ 2,256,751	$ -	$ -	$ 2,256,751
Registered investment companies	277,792,661	-	-	277,792,661

Investments measured at NAV as a practical expedient				1,060,265,260
Total investments at fair value				$ 1,340,314,672

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2025 and 2024.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2025 and 2024, respectively.

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
Common collective trusts	$1,124,197,175	$1,014,811,525	None	Daily	No defined period [(a)]
Pooled separate account	40,725,572	45,453,735	None	Daily	No defined period [(a)]
	$1,164,922,747	$1,060,265,260			

(a) Were the Master Trust to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

(6) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by Fidelity, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in the Plan's interest in Master Trust investment income. Other fees paid by the Plan to Fidelity for administrative expenses amounted to $166,528 and $167,534 for the years ended December 31, 2025 and 2024, respectively. The Company pays directly certain other fees related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risk and Uncertainties

The Plan, through its interest in the Master Trust, invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Transfers (to) from Affiliated Plans

During 2025 and 2024, transfers of net assets from the Plan to the Bimbo Bakeries USA Savings Plan (Savings Plan) amounted to $377,872 and $255,278, respectively. Transfers of net assets to the Plan from the Savings Plan amounted to $2,653,094, and $1,013,767, during 2025 and 2024, respectively.
