INDEPENDENT AUDITOR'S REPORT

October 6, 2026

To the Plan Administrator and Plan Committee of the
Glenville Bank Holding Company Employee Stock Ownership Plan:

Opinion
We have audited the accompanying financial statements of the Glenville Bank Holding Company Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Glenville Bank Holding Company Employee Stock Ownership Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Glenville Bank Holding Company Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Glenville Bank Holding Company Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Glenville Bank Holding Company Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Glenville Bank Holding Company Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Glenville Bank Holding Company Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2025 by Glenville Bank Holding Company, Inc. (the Company and Plan Sponsor). The Plan is a defined contribution employee stock ownership plan (ESOP) designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Administrative Committee appointed in accordance with the Plan document. Plan assets are held by the Trustee.

Although the Plan document permits the acquisition of employer securities through borrowings, no ESOP loan was outstanding as of December 31, 2025.

Administration of Plan Assets

The Plan's assets are held by the Trustee. The Trustee maintains custody of Plan assets, receives employer contributions and investment income, and processes benefit distributions in accordance with the provisions of the Plan.

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan for services rendered. Administrative expenses may be paid by the Plan or directly by the Company in accordance with the provisions of the Plan.

Eligibility

The Plan covers substantially all employees of the Company and participating employers, First National Bank of Scotia and Scautaub Agency, LLC, (collectively, the Employer) that have adopted the Plan, who have attained eighteen years of age and who have completed 1,000 hours of service during such plan year. Participants who do not have the required hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for that year.

Employer Contributions

Contributions to the Plan are discretionary and are determined by the Company's Board of Directors. Contributions may be made in cash or employer securities, subject to applicable provisions of the Internal Revenue Code and the Plan document. Participants are not permitted to make contributions to the Plan.

During the year ended December 31, 2025, the Company contributed 2,000 shares of Company common stock to the Plan. The shares had a fair value of $188,000 at the date of contribution.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits
Distributions from the Plan are made upon a participant's retirement, death, disability, termination of employment, or attainment of normal retirement age, in accordance with the provisions of the Plan.

Participants who separate from service due to normal retirement, disability, or death may elect to receive a distribution following the close of the Plan year in which the separation from service occurs. Benefits may be distributed in a lump sum or in substantially equal annual installments over a period not exceeding five years.

Participants who terminate employment for reasons other than normal retirement, death, or disability and have a vested account balance of less than $7,000 generally receive distribution as soon as administratively practicable following the end of the Plan year in which termination occurs. If a participant's vested account balance exceeds $7,000, distributions generally commence as soon as administratively practicable following the earlier of (a) the participant's attainment of normal retirement age, death, or disability, or (b) the sixth Plan year immediately following the Plan year in which employment terminated.

During any installment distribution period, the value of a participant's undistributed account balance continues to fluctuate based on subsequent valuations of Company stock and other Plan investment activity. Distributions may be made in cash, Company stock, or a combination of cash and Company stock, as permitted under the terms of the Plan.

Plan Termination
The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, no further contributions will be made to the Plan and all amounts credited to a participant’s account will become fully vested. The Administrator will direct the distribution of participant’s accounts in a manner permitted by the Plan as soon as practicable.

Participant Accounts
The Plan is a defined contribution plan under which a separate account is maintained for each participant. Participant accounts are credited with allocations of employer contributions, forfeitures of nonvested accounts of terminated participants, and Plan earnings and losses in accordance with the terms of the Plan.

Employer contributions and forfeitures are allocated based on each eligible participant's compensation and years of service relative to the compensation and years of service of all eligible participants, as defined by the Plan. Investment earnings and losses are allocated to participant accounts based on each participant's proportionate share of total participant account balances.

Vesting
Participants vest in their accounts based on years of service with the Company. If a participant's employment with the Company ends for any reason other than retirement, disability, or death, he or she will vest in his or her account balance based on credited years of service. Participants become 20% vested upon completion of one year of service and continue to vest at the rate of 20% for each successive year of service until becoming 100% vested after five years of credited service. Participants become fully vested upon death, disability, or attainment of normal retirement age.

Voting Rights
Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time such rights are exercised. The Trustee may vote allocated shares for which voting instructions have not been received from participants in accordance with the provisions of the Plan.

1. DESCRIPTION OF PLAN (Continued)

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily determinable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase in either a lump sum or with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately sell Company shares for cash.

Diversification

Diversification is offered to participants nearing retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the account that is invested in Company stock. In the sixth year, the percentage changes to 50 percent. Participants who elect diversification may receive a cash distribution or have the value of the diversified shares transferred to another qualified retirement plan, in accordance with the provisions of the Plan.

Forfeitures

Forfeitures of nonvested accounts may be used to pay Plan expenses, reduce future employer contributions, or be allocated to eligible participants in accordance with the provisions of the Plan. There were no forfeitures during the year ended December 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

The shares of the Company's common stock are valued at fair value. Fair value is determined based on an annual independent appraisal.

Dividend income is recognized on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments Measured at Fair Value
The Plan has financial instruments that are recorded at fair value in the accompanying statement of net assets available for benefits. The Plan makes estimates regarding the valuation of assets measured at fair value in the financial statements. These assets include investments in Company common stock.

Fair Value Measurements - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value and classifies investments within a three-level hierarchy based on the nature of the inputs used in measuring fair value. Level 1 valuations are based on quoted prices in active markets for identical assets that the Plan has the ability to access. Level 2 valuations are based on observable inputs other than quoted prices included within Level 1. Level 3 valuations are based on unobservable inputs that are significant to the overall fair value measurement. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Risks and Uncertainties
The Plan invests substantially all of its assets in Company common stock. This investment is exposed to various risks, including market conditions and factors affecting the Company's operating performance and valuation. Due to the level of risk associated with this investment, it is at least reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

3. INVESTMENTS

The Plan's investments in Company common stock are as follows at December 31, 2025:

	Number of Shares	Cost	Fair Value
Company common stock	2,000	$ 188,000	$ 432,000

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investment in sponsor company common stock	$ -	$ -	$ 432,000	$ 432,000

Level 3 Purchases and Issues and Transfers
During the year ended December 31, 2025, the Company contributed 2,000 shares of sponsor Company common stock with a fair value of $188,000. There were no transfers into or out of Level 3 during the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Purchases and Issues and Transfers
Following is a description of the valuation methodology used for assets measured at fair value.

Investment in sponsor company common stock: valued at fair value determined by an annual independent appraisal. This appraisal was based on a combination of the utilization of the market approach utilizing the guideline public company method and the income approach utilizing the capitalization of cash flow method and discounted cash flow method. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable and estimated fair value of Company assets and liabilities. Unobservable inputs include internally-generated financial projections, weighted average cost of capital, market comparables, and applicable discounts for lack of marketability.

Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares an annual valuation report that estimates the fair value of the Company's common stock. Management annually reviews the appraisal report and the procedures applied by the appraiser to determine if techniques used are appropriate.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Bank by a letter dated April 2, 2026, that the Plan and related Trust, as then designed, were in compliance with the applicable sections of the Internal Revenue Code and, therefore, the Plan is exempt from income taxes. This determination covers the plan from the date of adoption. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax-qualified status. Plan management believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan, as amended, is qualified and the related Trust is tax-exempt.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan is primarily invested in the Company’s common stock. As such, transactions between the Company and the Plan are related party and party-in-interest transactions.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2025, certain classifications differ between the financial statements and Form 5500.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued.
