LBMC

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Tague Lumber, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Tague Lumber, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Tague Lumber, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tague Lumber, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tague Lumber, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tague Lumber, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of Tague Lumber, Inc. 401(k) Profit Sharing Plan as of December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated July 1, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Tague Lumber, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. The Plan became effective on September 1, 1987, and was most recently amended and restated effective September 1, 2025 (see Note 9). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees (except collective bargaining employees that do not include the Plan as the sole pension plan in their collective bargaining agreement) of Tague Lumber, Inc.; Applewood Lumber Company; Tague Lumber of Media, Inc.; Tague Door, Frame and Hardware, Inc.; Tague Lumber of Kennett, Inc.; Tague Lumber of Doylestown, Inc.; and Summit Cabinet Refacing, LLC (collectively the "Company") who are eighteen or older, and have completed 30 days of eligible service for employee deferrals, and one year of eligible service for safe harbor matching contributions and discretionary nonelective contributions (except for certain collective bargaining employees who are eligible immediately). Employees who are non-resident aliens and leased employees are ineligible to participate in the Plan. Eligible employees may enter the Plan upon employment commencement date or if later, upon satisfaction of eligibility conditions.

Effective September 1, 2025, Fidelity Management Trust Company ("Fidelity") became trustee and recordkeeper of the Plan at which point the Plan's assets were transferred from Empower Trust Company, LLC ("Empower"), the former trustee of the Plan, to Fidelity (see Note 9). This change in providers initiated a "Black Out" period beginning August 26, 2025 and continued through September 28, 2025. During this period, participants' plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from Empower to Fidelity and invested into investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan administrator.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Contributions may also be designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE Act 2.0"). The Plan also allows for rollovers from other qualified plans.

The Plan includes an automatic contribution arrangement provision whereby all participants who have not made an affirmative election to contribute to the Plan are automatically enrolled into the Plan and their deferral rate set at 6% of eligible compensation, and their contributions invested in a designated fund until changed by the participant. This deferral rate will increase by 1% each subsequent March 1st until a maximum of 12% of eligible compensation is reached.

The Plan provides for safe harbor matching contributions, under which the Company provides a tiered match of 100% of employee deferrals up to 1% of compensation, and 50% of employee deferrals up to the next 5% of compensation. The safe harbor matching contributions will be made each Plan year.

Discretionary nonelective contributions may be contributed at the option of the Company. To receive any discretionary nonelective contributions, participants must be employed on the last day of the Plan year and have completed a year of service, as defined in the Plan document, unless the participant terminates employment due

to death, disability or the attainment of normal retirement age (65). Nonelective contributions may also be contributed as set forth in certain collective bargaining agreements for certain collective bargaining employees.

For the 2025 Plan year, the Company provided a discretionary nonelective contribution of 2% of base compensation for eligible non-union participants. For participants covered under collective bargaining agreements, the nonelective contribution equaled $4.60 per hour worked, not to exceed a maximum of 8 hours per day or forty hours per week for the 2025 Plan year. Discretionary nonelective contributions totaled $450,033 (including $121,374 for union participants) and safe harbor matching contributions totaled $523,484 for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions and safe harbor matching contributions, as well as allocations of the Company's discretionary nonelective contributions, if any, nonelective contributions for certain collective bargaining employees, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
A participant, at all times, has a fully vested (100%) interest in their contributions, including their elective pre-tax deferral contributions, Roth 401(k) contributions, and rollover contributions, plus actual earnings thereon. Participants become 100% fully vested after five years of credited service in the Company's discretionary nonelective and prior matching contributions (20% per completed year). A participant is 100% vested after 2 years of credited service in safe harbor matching contributions. Collective bargaining employees are 100% vested in nonelective contributions that are contributed as set forth in collective bargaining agreements.

Notwithstanding the above vesting schedule, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65) or death or disability while an employee.

Forfeited Accounts
Forfeitures are generally used to pay administrative expenses or to offset employer contributions. The total unallocated forfeiture account balance was $53,506 and $24,449 as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, forfeitures of $21,148 were used to offset employer contributions and $0 were used to pay expenses.

Notes Receivable from Participants
Participants may borrow from their fund accounts at a minimum amount equal to $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest rate, determined quarterly, at 1% over the prime interest rate. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence. A participant may have up to one loan outstanding at any given time.

Payment of Benefits
On termination of service due to death, disability, retirement, or separation from service, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. In circumstances when a terminated participant has a vested account balance less than $1,000, the participant's vested account balance shall be distributed in a lump sum. Balances over $1,000 but less than $7,000, unless specified by the terminated participants, will be paid to the participants in a direct rollover to an individual retirement plan designated by the Plan administrator. Hardship and in-service distributions are also available in certain circumstances, as defined by the Plan.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodian, trustee, insurance company and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from Plan participants and safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions from the Company, if any, are recorded in the year earned.

Notes Receivable from Participants
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the trustee and recordkeeper of the Plan, held the Plan's investment assets and executed investment transactions as of December 31, 2025 and for the period from September 3, 2025 to December 31, 2025. Empower Trust Company, LLC, the former trustee of the Plan, held the Plan's investment assets and

executed investment transactions as of December 31, 2024 and for the period from January 1, 2025 to September 2, 2025. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company and Empower Trust Company, LLC, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee and recordkeeper of the Plan:

- Investments, at fair value, and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2025.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, as follows:

Net appreciation (depreciation) in fair value of investments	$	(297,326)
Dividends and interest income		1,957,796
Interest income on notes receivable from participants		7,757

- The information for all mutual funds, collective investment trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

Information obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the former trustee of the Plan:

- Investments, at fair value, and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2024.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025, as follows:

Net appreciation in fair value of investments	$	3,154,826
Dividends and interest income		43,687
Interest income on notes receivable from participants		14,056

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: Valued at the net asset value or equivalent based on units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 32,996,791	$ 32,996,791	$ -	$ -
Collective investment trust (*)	1,079,373	-	-	-
Total	$ 34,076,164	$ 32,996,791	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 28,182,166	$ 28,182,166	$ -	$ -
Collective investment trust (*)	919,969	-	-	-
Total	$ 29,102,135	$ 28,182,166	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) of the Plan as of December 31, 2025 and 2024.

Investment Type	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trust	$ 1,079,373	$ 919,969	$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2025 and 2024 to its collective investment trust (MassMutual Pooled Stable Trust Class R). The investment objective is to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed income investments, while maintaining sufficient liquidity. Participants' ownership of the collective investment trust is represented in units. Units are issued and redeemed daily at each collective investment trust's current NAV. The collective investment trust allows for daily liquidity, with no additional days' notice required for redemption for participant-initiated transactions.

5. Related Party and Party-In-Interest Transactions

Plan investments include certain funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. An affiliate of Fidelity Management Trust Company provides recordkeeping services to the Plan. Prior to the change in recordkeepers (see Note 1), Empower Trust Company, LLC provided trustee and custodial services to the Plan, and Empower Retirement, LLC and affiliates provided recordkeeping services to the Plan. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance. Therefore, these qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees paid by the Plan amount to $105,757 for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective September 1, 2025 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June

30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the September 1, 2025 amendment and restatement of the Plan, the Plan had adopted a Great-West Trust Company, LLC defined contribution pre-approved plan. The IRS issued an opinion letter dated June 30, 2020, stating that the defined contribution pre-approved plan document was designed in accordance with applicable IRC requirements as of that date. With the rebranding of Great-West Trust Company, LLC to Empower Trust Company, LLC, the IRS issued an opinion letter dated November 14, 2022 for the Empower Trust Company, LLC Defined Contribution Pre-Approved Plan stating that the pre-approved plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has been amended since receiving the opinion letters, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. Plan Amendments

Effective September 1, 2025, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. Changes to the Plan include replacing Empower Trust Company, LLC as the trustee of the Plan with Fidelity Management Trust Company, as well as making other general administrative changes to the Plan.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 5, 2026, the date the financial statements were available to be issued.
