REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
J. J. Taylor Companies, Inc. Profit Sharing Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of J. J. Taylor Companies, Inc. Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the J. J. Taylor Companies, Inc. Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of J. J. Taylor Companies, Inc. ("JJTC," "Plan Administrator," or the "Company") and certain affiliated companies who are age 18 or older, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants are automatically enrolled in the Plan on their first day of eligibility at a contribution rate of 5%, which will automatically increase by 1% per year to a maximum of 10% of compensation unless the Participant makes a contrary election. Employees are eligible to participate in the Plan after 60 days of employment. Participants may elect to contribute in whole percentages ranging from 1%-75% of eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

JJTC may make a discretionary matching contribution to eligible participants in the Plan. Additional contributions may be made at the discretion of the Board of Directors of JJTC. For the year ended December 31, 2025, JJTC made a matching contribution equal to 60% of the eligible participant's contribution that does not exceed 10% of the participant's eligible compensation as defined in the Plan and made a matching contribution to National Equipment Dealers employees equal to 100% of the first 3% and 50% of the next 2% contributions for these eligible participants. All contributions during a plan year are subject to maximum dollar limitations established by the IRC. For the year ended December 31, 2025, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $23,500 plus catch-up contributions of $7,500 for eligible employees. In addition, for eligible employees who attained ages 60 through 63 during the year can make super catch-up contribution of up to $11,250.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions, actual earnings thereon and matching contributions if eligible to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, JJTC's contributions, actual earnings thereon, and charged with an allocation of administrative expenses as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

JJTC Participants are immediately vested in their contributions plus actual earnings thereon. Participants must work 1,000 hours per calendar year to get credit for a year of service. Participants vest in JJTC contributions based upon the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

NED Participants are immediately 100% vested upon participation.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, excluding any employer contributions and earnings there on. Each participant is allowed to have a maximum of one loan outstanding at a time. Loan terms range up to five years for all loans unless it is for the purchase of a primary residence. In which case, the loan repayment period may not extend beyond 15 years from the date of the loan or when a loan is rolled over from a prior recordkeeper, they maintain the original maturity date. The loans are secured by the balance in the participant's account and bear interest at the rate commensurate with the local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2025 and 2024, interest rates on participant loans ranged from 5.25% - 10.50% and 5% - 11% and have maturity dates through December 2030.

Forfeited Accounts

Forfeitures of nonvested account balances are used by JJTC to reduce the discretionary matching contributions for the Plan year in which the forfeiture occurs. As of December 31, 2025 and 2024, the remaining balance of forfeited non-vested accounts were approximately $57,000 and $2,000, respectively. These amounts will be used to reduce future JJTC discretionary contributions or JJTC plan expenses. For the plan year ended December 31, 2025, JJTC contributions were reduced by approximately $54,000 from forfeitures.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or participant's beneficiary may receive periodic payments, or a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant meets certain criteria, benefits may also be received as an in-service withdrawal.

Plan Merger

On January 1, 2024 ("Merger Date"), The National Equipment Dealers Retirement Savings Plan (the "NED Plan") was merged with the Plan (hereafter referred to as the "Merged Plan"). As of the Merger Date, Empower Trust Company was the trustee and recordkeeper for the JJTC Plan. Prior to and effective on the

Merger Date, the Company remained the sponsor of the Merged Plan. Overall responsibility for administering the Merged Plan continues to rest with the Plan administrator. All participants transferred from (the "NED Plan") were 100% vested with respect to their account balance.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Guaranteed Investment Option, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E - Fair Value Measurements for additional information.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation/Depreciation

Net realized and unrealized appreciation/depreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation/depreciation and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized on an accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administration of the Plan

Certain administrative functions are performed by officers or employees of JJTC. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Plan and JJTC.

NOTE C - RISKS AND UNCERTAINTIES

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit responsive investment contract, the Guaranteed Interest Fund with Empower Annuity Insurance Company of America ("EAIC"), a related party to Empower Trust Company, LLC (the "Custodian" and "Trustee"), who also functions as the Plan's recordkeeper. Empower maintains the contributions in a general account. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The account is credited with earnings on underlying investments to which it adds interest at a rate that is reset quarterly (1.70% and 1.66% at December 31, 2025 and 2024, respectively), and is charged for participant withdrawals and administrative expenses.

As described in Note B, because the Guaranteed Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Guaranteed Investment Contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: premature termination of the contracts by the Plan, distribution center closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 121,425,033	$ -	$ -	$ 121,425,033
	$ 121,425,033	$ -	$ -	$ 121,425,033

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 106,692,174	$ -	$ -	$ 106,692,174
	$ 106,692,174	$ -	$ -	$ 106,692,174

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, JJTC has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

NOTE G - TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. The Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan sponsor believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a Guaranteed Investment Contract managed by Empower Trust Company, LLC, that is also the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are considered party-in-interest transactions.

Administrative expenses paid directly to the custodian were approximately $46,000 during the year ended December 31, 2025.

NOTE I - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and the increase in net assets available for benefit per the financial statements to amounts reported in the Form 5500, as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 145,547,870	$ 132,668,832
Less: employer contributions due at end of the Plan year	36,834	163,256
Less: participant contributions due at end of the Plan year	-	143,922
Net assets available for benefits per the Form 5500	$ 145,511,036	$ 132,361,654

	2025
Net increase in assets available for benefits per the financial statements	$ 12,879,037
Add: 2024 contribution receivable	307,178
Less: 2025 contribution receivable	(36,834)
Net increase in assets available for benefits per the Form 5500	$ 13,149,381

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events of the Plan through October 2, 2026, which is the date these financial statements were available to be issued. Effective January 1, 2026, the Plan was amended to provide for a revised four-year graded vesting schedule for employer contributions. NED employees hired prior to July 1, 2023, remain fully vested in employer contributions.
