Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Holowicki Enterprises Profit Sharing Plan:

Opinion on the 2025 Financial Statements

We have audited the accompanying financial statements of Holowicki Enterprises Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2025 Financial Statements.

In our opinion, the 2025 Financial Statements referred to above present fairly, in all material respects, the net assets available for benefits of Holowicki Enterprises Profit Sharing Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Holowicki Enterprises Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the 2025 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Holowicki Enterprises Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that

includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 Financial Statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Holowicki Enterprises Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Holowicki Enterprises Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the 2025 Financial Statements as a whole. The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the 2025 Financial Statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the 2025 Financial Statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2024 Financial Statements

We performed an audit of the 2024 Financial Statements of Holowicki Enterprises Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated October 2, 2025, we indicated that in our opinion (a) the amounts and disclosures in the 2024 Financial Statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The following description of the Holowicki Enterprises Profit Sharing Plan (the "Plan"), originally effective September 1, 1994, provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan available to employees of Holowicki Enterprises dba McDonald's and Wicki Ventures, LLC (collectively, the "Companies"). Employees are eligible to participate in the Plan after completing one year of service in which they complete at least 1,000 hours of service and are age 21. After completion of the service and age requirements, eligible employees may enter the Plan on January 1 or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan has two trustees who are employees of the Companies who oversee the Plan and receive no compensation from the Plan.

The Companies have entered into a group annuity contract with Transamerica Life Insurance Company ("TLIC") with TLIC acting as the Plan's custodian and Transamerica Retirement Solutions, LLC ("Transamerica") acting as the Plan's recordkeeper. Transamerica is an authorized agent of TLIC.

The Plan was amended and restated effective January 1, 2024, to among other things, change the determination period for safe harbor matching contributions from the Plan year to each pay period.

The Plan was amended and restated effective March 11, 2025, to among other things, convert the Plan to a single employer Plan sponsored solely by Holowicki Enterprises dba McDonald's ("Holowicki"). Plan assets and participant account balances related to Wicki Ventures, LLC ("Wicki") in the amount of $1,498,745 were transferred to another qualified Plan sponsored by Wicki in 2025. In connection with the amendment and restatement, one trustee who is an employee of Holowicki, oversees the Plan and receives no compensations from the Plan.

In September of 2025, the Plan's recordkeeper switched to T. Rowe Price Retirement Plan Services, Inc. ("T. Rowe Price").

Contributions

Participants may elect to contribute up to 100% of pretax or after-tax ("Roth") annual compensation, as defined in the Plan document. Participant contributions may not exceed the maximum allowable contributions under the Internal Revenue Code (the "Code"), which totaled $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. For 2025 and 2024, participants who attain age fifty prior to the Plan year end are eligible to make catch-up contributions, subject to limitations imposed by the Code, not to exceed $7,500.

Participants may also make rollover contributions to the Plan from certain types of individual retirement accounts or other qualified retirement plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis.

The Companies, and subsequently Holowicki, match participant contributions equal to 100% of the participant's elective deferrals not in excess of 4% of eligible compensation (the "Safe Harbor Match"). The Companies, and subsequently Holowicki, may also elect to make discretionary matching contributions in addition to the Safe Harbor Match contributions as well as non-elective contributions to the Plan. No discretionary matching contributions or non-elective contributions were made for the years ended December 31, 2025 and 2024, respectively.

Participant Accounts
Each participant's account is credited with the participant's contributions and an allocation of the matching, discretionary matching, and non-elective contributions, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, rollovers, Safe Harbor Match, and qualified non-elective contributions, plus actual earnings thereon. Vesting for both discretionary matching contributions plus earnings is as follows:

Years of Service	Vesting
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits
Upon termination of service due to death, separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or in annual installments. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death of the participant.

Withdrawals
Participants may withdraw up to 100% of their elective accounts in the event of undue financial hardship as provided for in the Plan document.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan Termination
Although the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time. The Companies have the right at any time, by action of the Board of Directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts. As described above under "General", effective March 11, 2025, Wicki no longer participates in this Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported art fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents the amount participants would receive if they were to withdraw or transfer their balance under the terms of the Plan. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments bought and sold, as well as held, during the year. Earnings from fully benefit-responsive investment contracts are credited to participants in accordance with the terms of the applicable contracts and are reflected at contract value.

Net Appreciation (Depreciation) in Fair Value of Investments
Net realized and unrealized appreciation (depreciation) are recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Contributions
Contributions from Plan participants, and the related Safe Harbor Matching contributions from the Companies, are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be. Fees related to the administration of the Plan including recordkeeping and investment advisory fees are deducted from participant accounts. The Plan also receives fee credits of 0.50% annually of the total assets under the group annuity contract.

Benefit Payments
Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds fair values are determined utilizing quoted market prices reported on the active market on which they are traded.

Pooled separate accounts are valued at the respective net asset values ("NAV") as reported by such account managers. The NAV, as provided by the account managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the accounts less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan does not have any contractual obligations to further invest in these funds. There are no unfunded commitments and the redemption and notice period is daily. The pooled separate accounts primarily invest in mutual funds and comingled trust funds. Pooled separate accounts are not part of the fair value hierarchy due to the use of NAV as a practical expedient and totaled $4,078,352 at December 31, 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the fair value of the Plan's assets as of December 31, 2025:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,694,605	$ -	$ -	$ 2,694,605

4. Fully Benefit-Responsive Investment at Contract Value

Investment in the Transamerica Stable Value Option ("TSVO") is considered fully benefit-responsive and is recorded at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Transamerica Stable Value Option investment is a non-tradable obligation of TLIC. The repayment of principal and interest credited to participants holding the investment is a financial obligation of TLIC. The terms of the group annuity contract require all participant-initiated transactions to occur at contract value with no conditions, limits or restrictions. There are no unfunded commitments related to the TSVO, the redemption frequency is daily and the redemption notice period is daily. Although Plan participants may withdraw assets from the TSVO without restrictions, TLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. TLIC did not impose a hold period in connection with the liquidation of the TSVO as part of the Plan's move to T. Rowe Price.

The TSVO seeks to protect against any loss of principal while providing returns in excess of money market and one-year U.S. Treasury bills. There is no stated minimum or maximum interest rate and TLIC declares rates periodically and backs the principal and interest of the investment. The crediting rate for the TSVO was 1.65% for the year ended December 31, 2024. Any guarantees of principal and interest are subject to the claims paying ability of TLIC.

5. Unaudited Information Certified by the Plan Custodian for 2024

Investment information disclosed in the accompanying financial statements, including investments held at December 31, 2024, income (loss) from pooled separate accounts and earnings from the Transamerica Stable Value Option for the year ended December 31, 2024, was prepared by or derived from information certified by Transamerica Life Insurance Company (the "Custodian") and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that such information is complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

6. Tax Status

The Plan sponsor adopted a non-standardized pre-approved plan document. The Internal Revenue Service ("IRS") has determined and informed the pre-approved plan sponsor, by an opinion letter dated on June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Code. The Plan has not received a determination letter specific to the Plan itself. The Plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-interest Transactions

The Companies, which are parties-in-interest, provide certain administrative services to the Plan at no charge. The cost of providing these services constitutes exempt party-in-interest transactions under ERISA. TLIC, Transamerica, and T. Rowe Price, provides recordkeeping and administrative service to the Plan for which the Plan is charged. The Plan is also serviced by an outside third party administrator and an investment advisor. Both the third party administrator and the investment advisor receive fees from the Plan for services which constitute exempt party-in-interest transactions.

8. Prohibited Transactions

During 2024, the Companies erroneously remitted the employees' deferral for several payroll periods to the Plan later than the period prescribed by the Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions. Plan management is in the process of correcting these delinquent participant contributions.

9. Subsequent Events

Subsequent events have been evaluated through October 7, 2026, the date the financial statements were available to be issued.
