# INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Unisoft International, Inc. 401(k) Plan
Houston, Texas

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Unisoft International, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 – DESCRIPTION OF PLAN

Unisoft International, Inc. 401(k) (the Plan) is a defined contribution plan adopted by Unisoft International, Inc. (the Company). The Plan is designed to encourage and assist eligible employees in adopting a regular savings program and provide additional tax-advantaged security for their retirement. The Plan was originally effective January 1, 1998, and effective June 1, 2023, converted to Fidelity Basic Plan Document No. 17 and its related adoption agreement. The Plan was amended effective July 8, 2025, to allow for the merger of Imagine Solutions 401(k) Savings and Profit Sharing Plan.

The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Significant provisions of the Plan are summarized below. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Plan Transfer: Effective July 8, 2025, the Plan was amended to allow for the merger of Imagine Solutions 401(k) Savings and Profit Sharing Plan. Plan assets of $5,190,563 were merged into the Plan. Service with Imagine Solutions LLC is credited for eligibility and vesting purposes in accordance with the Plan's provisions.

Eligibility: Employees who are not covered by a collective bargaining agreement are eligible to participate in the Plan when they have attained age 21 and completed one month of eligibility service. Nonresident aliens who do not receive U.S.-source income from the Company are excluded from eligibility. The entry date will be the first day of each month coinciding with or immediately following the date the employee satisfies the eligibility requirements.

Contributions: A participant may elect to contribute, on a pre-tax basis, up to 90% of the participant's compensation to the Plan. The maximum employee contribution cannot exceed the limits on pre-tax elective deferrals and annual additions permitted by the Internal Revenue Code (IRC).

Participants who have attained or will attain age 50 by the end of the calendar year may make additional catch-up contributions. Participants may also elect to make Roth 401(k) contributions on an after-tax basis. Roth contributions are included in the participant's taxable income when made but may be distributed tax-free if certain conditions are met. Roth contributions are subject to the same applicable statutory deferral limits as pre-tax deferrals.

The Plan also contains an automatic enrollment feature. Effective July 1, 2023, certain eligible employees are automatically enrolled at a contribution rate of 7% of eligible compensation on a pre-tax basis unless they affirmatively elect otherwise. Participants subject to automatic enrollment are notified approximately 35 days prior to the automatic enrollment date.

For 2025, the Company made discretionary matching contributions equal to 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 4% contributed, resulting in a maximum Company matching contribution of 5% of eligible compensation. The Company matching contribution is invested based on the participant's investment allocation.

The Company may also make discretionary nonelective employer contributions on behalf of eligible participants in accordance with the Plan's provisions. Contributions are subject to certain limitations. For 2025, the Company did not make any discretionary nonelective employer contributions to the Plan.

The Plan accepts rollover contributions from eligible retirement plans, including Roth 401(k) contributions, provided they meet the IRS definition of an eligible rollover distribution. Eligible employees may make rollover contributions before satisfying the Plan's age and service requirements.

(Continued)

**NOTE 1 – DESCRIPTION OF PLAN** (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of Company matching contributions, discretionary nonelective employer contributions, if any, Plan earnings or losses, and forfeitures in accordance with Plan provisions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are always 100% vested in their salary deferrals, catch-up contributions, Roth 401(k) contributions, and rollover contributions. Participants become 100% vested in Company matching contributions and discretionary nonelective employer contributions after completing one year of vesting service.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a money market fund, mutual funds and a collective trust fund as investment options for participants. Participants may redirect future contributions or exchange existing balances among available investment securities at any time.

Notes Receivable from Participants: Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their vested account balance subject to the limits and other requirements established by the Plan and the Plan's loan procedures. All loans are adequately secured and charged a reasonable rate of interest. Loan repayments generally continue in accordance with the applicable loan note and Plan provisions, including following termination of employment, except as otherwise provided by the Plan.

Payment of Benefits: Upon termination of service before normal retirement age, a participant may elect to receive a lump-sum payment or partial withdrawal of the participant's vested account balance, or to rollover the distribution directly to another qualified plan or eligible retirement arrangement, as permitted by the IRC and Plan provisions.

If a participant's vested account balance does not exceed $1,000 upon termination of employment, it will be automatically distributed in a lump-sum cash payment. If the vested account balance exceeds $1,000 but is not greater than the applicable cash-out limit under the IRC, it will be automatically rolled over to an individual retirement account (IRA) designated by the Plan, unless the participant elects otherwise.

Upon normal retirement, disability, or death, the participant or beneficiary is entitled to receive the amount credited to their account. Benefits may be paid to the participant in a single lump-sum payment in cash or a direct rollover to another qualified plan. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants may take in-service distributions while still employed with the Company if they are age 59½ or older at the time of the distribution. Such distributions may be made from all vested subaccount balances. If a participant has a financial hardship due to immediate and heavy financial need, they may withdraw from deferral contributions and specified vested Roth, matching, and profit-sharing account sources, as permitted under the Plan. Effective July 8, 2025, the Plan also permits in-service distributions upon disability from all account sources.

(Continued)

**NOTE 1 – DESCRIPTION OF PLAN** (Continued)

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability. The Plan defines normal retirement age as **65**. Participants who remain employed after reaching normal retirement age are entitled to receive benefits at any time and are 100% vested. A participant is considered disabled if they are eligible for Social Security disability benefits, in accordance with Plan provisions.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant's accounts will become 100% vested.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments

Forfeited Accounts: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures of $26,807 were used to reduce employer contributions during 2025. Forfeited non-vested accounts totaled $873 and $655 at December 31, 2025, and 2024, respectively.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 29, 2026, which is the date the financial statements were available to be issued.

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

**NOTE 2 – SUMMARY OF ACCOUNTING POLICIES** (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

*Level 1*: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

*Level 2*: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

*Level 3*: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Money Market Fund: Valued using the market approach based on quoted market prices in active markets obtained from nationally recognized securities exchanges. These are classified as Level 1 measurements within the fair value hierarchy as they are based on unadjusted quoted prices for identical assets.

Mutual Funds: Valued using the market approach based on quoted market prices in active markets obtained from nationally recognized securities exchanges. These are classified as Level 1 measurements within the fair value hierarchy as they are based on unadjusted quoted prices for identical assets.

Collective Trust: Valued using the net asset value (NAV) as a practical expedient, as reported by the fund manager. The NAV is based on the fair value of the underlying assets of the fund, less its liabilities, and divided by the number of units outstanding. The fund permits daily redemptions with no notice requirement and is not subject to redemption restrictions. This investment is not classified within the fair value hierarchy.

There were no changes in valuation techniques or inputs during the year presented. The Plan recognizes transfers between levels at the end of the reporting period in which the event causing the transfer occurred. Investments measured at fair value on a recurring basis are summarized below:

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

**NOTE 4 – CERTIFIED INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

**NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

(Continued)

**NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS** (Continued)

Fidelity Management Trust Company is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Notes receivable from participants and investments issued by Fidelity Management Trust Company or one of its affiliates also reflect party-in-interest transactions.

**NOTE 6 – TAX STATUS**

The IRS issued an opinion letter dated June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

**NOTE 7 – FORM 5500 RECONCILIATION**

The following is a reconciliation of net assets available for benefits per the financial statements to total assets per Form 5500 for December 31:
