INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
ATP 401(k) PS Plan & Trust
Jacksonville Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ATP 401(k) PS Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan:

The following description of the ATP 401(k) PS Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2011, is a defined contribution plan covering employees of ATP Professionals, Inc. and ATP Jet Simulation, Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 5, 2024, the Plan's trustee and custodian transitioned from Reliance Trust Company to ADP Retirement Trust Services, LLC. This change did not result in any modifications to the Plan's provisions.

Eligibility

All employees who are age 18 or older, except non-resident aliens and residents of Puerto Rico, are eligible to participate in the Plan. Eligible employees may enroll on the first day of the month following the date the employee satisfies the Plan's eligibility requirements.

Contributions

Each year participants may elect to contribute up to 90% of their eligible compensation, subject to the maximum of their pretax annual compensation as determined by the Internal Revenue Service ("IRS") and as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. In addition, employees who have reached the age 50 by the end of the Plan year may make catch-up contributions up to the limits defined by the IRS.

Company profit sharing amounts are discretionary and are allocated to all participants still employed at the end of the year and who have worked 500 hours during the year. During 2025, the Company did not make any profit-sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Company contributions, and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

1. Description of Plan (Continued):

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to the lesser of $50,000 or 50% of their account balance. Participants may have one outstanding loans at a time. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a five-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time up to 30 years. The loans bear interest at the prime rate as published by the Wall Street Journal plus 2%.

Administrative Expenses

In accordance with Plan provisions, the Company or the Plan may pay administrative expenses of the Plan. The Plan generally pays expenses associated with the administration of the Plan, except for certain distribution fees, and loan fees which are deducted directly from the applicable participant's account.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

The entire vested balance in an individual participant's account shall be payable to the participant, upon the election of the participant, upon retirement at or after age 65, upon determination of total and permanent disability, or to the participant's beneficiary in the event of death. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met. Participants may elect to receive an in-service distribution after attaining the age of 59 ½. Account balances that are under $5,000 may be automatically distributed upon termination of service as a lump sum without the consent of the participant.

Vesting

Participants are immediately 100% vested in their voluntary contributions, including any earnings thereon. Additionally, participants are fully vested in the Company's profit-sharing contributions upon allocation.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay Plan expenses or reduce employer contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $7 and $0, respectively. No forfeiture balances were used to pay Plan expenses or reduce employer contributions during the year ended December 31, 2025.

2. Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Contributions

Participant contributions are recorded in the period in which amounts are withheld from participant compensation. Employer contributions are recorded in the period in which they become obligations of the Company under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date as described in Note 3.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Excess Contributions Payable

Excess contributions payable represent amounts determined to be refundable to participants in accordance with applicable Plan provisions and regulatory requirements. The liability is recognized when the amount becomes determinable and an obligation to refund the contributions exists.

Administrative Expenses

Administrative expenses are recognized when incurred. Certain administrative expenses are paid by the Company, while other expenses are paid by the Plan or charged directly to participant accounts in accordance with the Plan's provisions.

2. Summary of Accounting Policies (Continued):

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following description of the valuation method and assumptions used by the Plan to estimate the fair values of investments applies to investments held directly by the Plan.

Mutual funds: Mutual funds are valued at quoted market prices on nationally recognized security exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table summarizes by level within the fair value hierarchy, the Plan investments measured at fair value:

December 31,	Level	2025	2024
Mutual funds	1	$ 7,105,654	$ 6,314,500

4. Information Certified by the Plan Trustee:

Investments included in the statements of net assets available for benefits as of December 31, 2025 and 2024 and the interest and dividends and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2025 have been derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, trustee of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

December 31,	2025	2024
Mutual funds	$ 7,105,654	$ 6,314,500
Participant loans receivable	40,574	16,273

Year Ended December 31,	2025
Net appreciation in fair value of investments	$ 657,300
Dividends	324,179
Interest on participant loans receivable	3,579

5. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2025, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

6. Party-in-Interest Transactions:

ADP, Inc. (ADP) provides recordkeeping services to the Plan and is considered a party in-interest to the Plan. Fees paid by the Plan to ADP for transaction fees charged to participants amounted to $5,161 for the year ended December 31, 2025.

ADP Retirement Trust Services is the trustee and custodian of the Plan, therefore, transactions involving managed investments qualify as party-in-interest transactions. ADP Retirement is considered parties in-interest to the Plan.

The Plan receives investment advisory services through financial advisors associated with SouthState Advisory, Inc. ("SouthState"), which utilize the LPL Financial LLC ("LPL") platform. Accordingly, transactions with these service providers qualify as party-in-interest transactions. During 2025, the Plan paid LPL $25,881 for investment advisory and related services.

6. Party-in-Interest Transactions (Continued):

Included in the Plan assets are notes receivable from participants. At December 31, 2025 and 2024, notes receivable from participants amounted to $40,574, and $16,273, respectively. For the year ended December 31, 2025, interest income related to notes receivable from participants amounted to $3,579. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

7. Reconciliation of Financial Statements to the Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

December 31,	2025	2024
Net assets reflected on Form 5500	$ 7,146,228	$ 6,330,773
Refund of excess contributions payable	(46,352)	(74,343)
Net assets reflected in the financial statements	$ 7,099,876	$ 6,256,430

The following is a reconciliation of the change in Plan assets per the financial statements to the Form 5500 for the year ended December 31, 2025:

Year Ended December 31,	2025
Net income per the Form 5500	$ 815,455
Change in excess contributions payable	27,991
Net increase per the financial statements	$ 843,446

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

9. Subsequent Events:

Management has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued and has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.
