Independent Auditor's Report

Plan Administrator
The 401(k) Plan of UCC Holdco, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The 401(k) Plan of UCC Holdco, LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of The 401(k) Plan of UCC Holdco, LLC (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible U.S. employees of UCC Holdco, LLC (the Company), United Conveyor LLC, and United Conveyor Supply LLC. To be eligible for all contributions, employees must complete 30 days of service and then are eligible to participate on the first of the following month and attain the age of 21. The Plan Administrator is responsible for the oversight of the Plan. The Plan's trustee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Contributions: Each year, participants may contribute up to the maximum dollar limit of pretax annual compensation, as defined in the Plan, as allowed by the Internal Revenue Service (IRS) starting on the first day of the calendar month immediately following the participant's date of hire. Participants are automatically enrolled to have a pretax deduction equal to 6% of eligible compensation unless they elect to enroll at a different deferral rate or elect not to enroll in the Plan. All automatically enrolled participants have the option to increase, decrease or eliminate their automatic enrollment contribution prior to it becoming effective. Participants with a deferral rate greater than zero will have that deferral increased annually by 1% until a deferral rate of 15% is reached. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants may also contribute in the form of Roth contributions.

Participating employees of UCC Holdco, LLC, United Conveyor LLC or United Conveyor Supply LLC, will receive matching contributions equal to 100% of the participant's elective deferrals up to 3% of the participant's compensation, plus 50% of the next 2% of the participant's compensation (for a maximum matching contribution of 4%).

The Company may also make discretionary profit sharing contributions to the Plan as approved by the Company's Board of Directors for eligible participating employees of United Conveyor LLC and United Conveyor Supply LLC who have completed 1,000 hours of service during the plan year and are employed on the last day of the plan year. All eligible participants receive an allocation of the profit sharing contribution based on a percentage of participants' eligible compensation during the plan year. The Company made a discretionary profit sharing contribution equal to 7% of participants' eligible compensation for the year ended December 31, 2025, totaling approximately $2,093,000. This discretionary profit sharing contribution is included in Company receivables on the statements of net assets available for benefits.

Investment options: Upon enrollment in the Plan, participants may direct all contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Under the Plan, separate accounts are maintained to reflect the interests of each participant. Each participant's account is credited with the participant's contribution and Company matching contributions, and allocations of the Company's discretionary profit sharing contributions, forfeitures and investment earnings. Each participant's account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings, Plan account balances or specific participant contributions, as defined.

Terminated or retired participants with undistributed benefits remaining as part of the Plan's assets continue to earn pro rata allocation of investment income.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their contributions and the Company's matching contributions, plus actual earnings thereon. Participants become 100% vested in their discretionary profit sharing allocations after two years of service.

Notes receivable from participants: The Plan allows each participant to borrow a minimum amount of $1,000 and a maximum amount not to exceed the lesser of one-half of the participant's vested account balance or $50,000. The loan term may not exceed five years unless it is for the purchase of a principal residence, in which case the term will be within a reasonable amount of time, not to exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates for the plan year as of December 31, 2025, ranged from 3.25% to 8.50%. Loans are repaid ratably through weekly or semi-monthly payroll deductions.

Payment of benefits: On termination of service due to death, permanent disability, retirement or separation from service, a participant may elect to receive their vested balance in a lump-sum amount or in the form of equal installments over a period of time not exceeding the participant's life expectancy or the joint life expectancy of the participant and their beneficiary.

Administrative costs: The Plan pays certain administrative expenses that are not paid directly by the Plan Sponsor. These administrative expenses are recorded as administrative expenses on the statement of changes in net assets available for benefits.

Forfeited accounts: At the Company's discretion, forfeited balances may be used to pay administrative expenses or to reduce the employer's contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $2 and $387, respectively. Forfeitures of approximately $55,000 were used to reduce Company matching contributions during the year ended December 31, 2025.

Note 2. Summary of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies using information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivables from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule of assets (held at end of year).

Note 2. Summary of Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 6, 2026, the date the financial statements were available to be issued.

Note 3. Summary of Investment Information Certified by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2025	2024
Fidelity Management Trust Company:		
Shares of registered investment companies	$ 104,311,205	$ 92,809,130
Shares of common/collective trust	7,730,282	3,379,088
Notes receivable from participants	861,716	806,903
Net appreciation in fair value of investments	13,115,038	
Interest and dividends	3,153,698	
Interest income on notes receivable from participants	58,236	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Investments are valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value, as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	$ 104,311,205	$ -	$ -	$ 104,311,205
Total assets in fair value hierarchy	$ 104,311,205	$ -	$ -	104,311,205
Investments measured at NAV (a)				7,730,282
Investments at fair value				$ 112,041,487

	2024			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	$ 92,809,130	$ -	$ -	$ 92,809,130
Total assets in fair value hierarchy	$ 92,809,130	$ -	$ -	92,809,130
Investments measured at NAV (a)				3,379,088
Investments at fair value				$ 96,188,218

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investment	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust funds:					
Columbia Trust Stable Government I-0 Fund	$ -	$ 3,379,088	$ -	Immediate	None

ClearBridge Small Cap Growth CIT Class R2	626,827	-	-	Daily	5 days *
Great Gray Trust EuroPacific Growth Trust Class FD	1,040,665	-	-	Daily	5 days *
American Century U.S. Small Cap Value Equity Trust Class FD	461,976	-	-	Daily	5 days *
BlackRock Total Return Bond Fund J	1,472,673	-	-	Daily	30 days
Stable Value Collective Trust Institutional Series Class 1	3,743,308	-	-	Daily	**
	$ 7,730,282	$ 3,379,088	$ -		

* Any withdrawal that exceeds $1,000,000
^ Any withdrawal that exceeds 20% of investment in fund
** None for participant-directed transactions; 12 months for plan-level redemptions

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of a common/collective trust fund and of mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for management services totaled approximately $77,000 for the year ended December 31, 2025.

Certain employees of the Company provide administrative services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Tax Status

The Plan, as adopted, is a non-standardized pre-approved profit sharing plan sponsored by Fidelity Management & Research Co. that has been adopted by the Sponsor. The pre-approved plan provider obtained its latest opinion letter on June 30, 2020, by which the IRS has determined and informed the Sponsor that the Plan, as then designed, was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31:

	2025	2024
