# INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Ready Rabbit Delivery LLC 401(k) Plan
Plano, Texas

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ready Rabbit Delivery LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1 – Description of the Plan

The following description of the Ready Rabbit Delivery LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of Plan provisions.

General
The Plan is a defined contribution plan originally effective January 1, 2022, covering substantially all employees of Ready Rabbit Delivery LLC (the Company) who are age 18 or older and complete 3 months of service. Excluded employees include employees whose employment is governed by a collective bargaining agreement under which retirement benefits were subject to good faith bargaining, nonresident aliens with no US source income, leased employees, and interns. Employees can enter the Plan immediately on meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan engages Matrix Trust Company (the trustee) to hold and invest Plan assets and execute Plan transactions, and Human Interest to act as the recordkeeper for the Plan.

Effective January 1, 2025, the Plan was amended to remove the Qualified Automatic Contribution Arrangement (QACA) safe harbor match and add an employer matching contribution of 100% of participant contributions, up to 2% of eligible compensation. Additionally, the Plan's automatic enrollment feature was changed from a QACA to an Eligible Automatic Contribution Arrangement (EACA).

Contributions
Each year, participants may contribute up to 90% of their annual compensation, as defined in the Plan, into a pre-tax deferral account and/or 50% of their annual compensation into an after-tax Roth account, subject to limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective 2025, certain participants who attain ages 60 to 63 as of the close of the taxable year may be eligible to make increased catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans.

Participants are automatically enrolled in the Plan at a 7% deferral rate under the Plan's EACA unless they elect not to participate in the Plan or elect a different deferral rate. Participants who are automatically enrolled also have their deferral rate increased by 1% annually, to a maximum of 15%.

During 2025, the Company made employer matching contributions equal to 100% of participant salary deferrals that do not exceed 2% of compensation. The Plan also allows the Company to make discretionary nonelective contributions and participants must be employed at year end to be eligible for an allocation. No discretionary nonelective contributions were made during the periods presented.

Contributions are subject to certain limitations.

Investment Elections
Participants direct the investment of their and the Company's contributions into various investment options offered by the Plan. Participants that do not make an election will be enrolled in the Plan's qualified default investment alternative. Participants can change their investment elections daily.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses and any related transaction fees for loans and distributions that are paid by the Plan. Allocations are made based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Note 1 – Description of the Plan, continued**

Vesting
Participants are immediately vested in their deferrals, plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service. Participants are 100% vested in their QACA safe harbor match and employer match after 2 years of credited service. Vesting in the Company's discretionary nonelective contributions plus actual earnings occurs gradually. A participant is partially vested after 2 years of credited service and is 100% vested after 6 years of credited service. A participant becomes fully vested in the entire balance of their account upon attainment of normal retirement age, permanent disability, death or termination of the Plan.

Payment of Benefits
Upon termination of service due to any reason, participants with vested account balances of $7,000 (previously $5,000) or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled over to an Individual Retirement Account (IRA) provider or another qualified retirement plan. Participants with vested account balances of more than $7,000 (previously $5,000) may elect to receive a single lump-sum amount, choose to roll over their balance into another qualified retirement plan or IRA, or leave their balance in the Plan. Participants may also take in-service or hardship distributions subject to the terms of the Plan and Internal Revenue Service (IRS) regulations.

Notes Receivable from Participants
Participants may borrow up to 50% of their vested account balance to a maximum of $50,000. These loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. The repayment term may not exceed five years. Participants can have one loan outstanding at any time. Principal and interest are paid through payroll deductions.

Forfeited Accounts
Generally, a participant's unvested portion of the Company's contributions is forfeited upon termination of employment. Forfeitures are maintained in a separate account and can be used to pay Plan expenses or reduce Company contributions.

At December 31, 2025 and 2024 forfeited nonvested accounts totaled $293 and $23,697, respectively. During the year ended December 31, 2025, $45,556 of forfeitures were used to reduce the Company's contribution.

**Note 2 – Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Note 2 – Summary of Significant Accounting Policies, continued**

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or to a participant's account for transactions specifically related to that participant.

Certain investment management fees and other charges paid to the trustee are offset against fund performance in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits and are not, therefore, separately reflected as administrative expenses. Certain Plan expenses are paid directly by the Company and therefore are excluded from these financial statements.

Risks, Uncertainties, and Concentrations
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 approximately 45% and 30%, respectively, of the Plan's investments were invested in the Vanguard Total Stock Market Index and Vanguard Total International Stock Index Funds.

Contributions
Contributions from Plan participants and the Company, when applicable, are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

**Note 3 – Certified Information**

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including noninterest-bearing cash and investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, the trustee, a qualified institution.

Notes receivable from participants as of December 31, 2025 and 2024, and the related interest income on notes receivable from participants for the year ended December 31, 2025 are not certified.

**Note 4 – Tax Status**

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5 – Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

> Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

*Registered Investment Companies (Mutual Funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Note 5 – Fair Value Measurements, continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

| | Investments at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 1,045,802 | $ - | $ - | $ 1,045,802 |
| Total investments at fair value | $ 1,045,802 | $ - | $ - | $ 1,045,802 |

| | Investments at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 727,879 | $ - | $ - | $ 727,879 |
| Total investments at fair value | $ 727,879 | $ - | $ - | $ 727,879 |

**Note 6 – Related-Party and Party-in-Interest Transactions**

Matrix Trust Company is the trustee as defined by the Plan. Additionally, Human Interest provides recordkeeping and administrative services to the Plan. Transactions with these entities qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions.

**Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

**Note 8 – Delinquent Participant Contributions**

During the year ended December 31, 2025, the Company erroneously failed to remit certain employee deferrals totaling $28 to the Plan in the time period described in 29 CFR 2510.3-102. The contributions were remitted to the Plan, and the Company completed all corrections, including the deposit of lost earnings during 2026.
