INDEPENDENT AUDITORS' REPORT

To the Plan Committee
Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan
South San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103 (a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee than an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by Standard Insurance Company and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The Watchpoint Logistics, Inc. 401(k) Profit Sharing Plan (the "Plan") is designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1989 to provide retirement benefits for the employees of Watchpoint Logistics, Inc. (the "Plan Sponsor"). The Plan is a defined contribution plan covering employees of the Plan Sponsor and Watchpoint Transportation LLC who have attained the age of twenty-one (21) and have completed one month of service. The Plan is designed to comply with section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). Two employees of the Plan Sponsor serve as the Plan's trustees. Standard Insurance Company is the custodian of the Plan's assets.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions to the Plan

The Plan allows for the following types of contribution:

Employee Salary Deferral 401(k) Contributions

The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the IRS Code. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

Employer Safe Harbor Matching Contributions

The Plan Sponsor makes safe harbor matching contributions equal to 100% of a participant's elective salary deferrals up to 4% of the participant's compensation. The Plan Sponsor made safe harbor matching contributions of $249,481 for the year ended December 31, 2025.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Employer Discretionary Profit-Sharing Contributions

The Plan Sponsor may make profit sharing contributions equal to a discretionary amount. Profit sharing contributions are allocated to participants based on an integrated formula as defined by the Plan document. Participants must be employed with the Plan Sponsor on the last day of the Plan year and complete 1,000 hours of service during the Plan year to be eligible for an allocation of employer profit sharing contributions. The Plan Sponsor elected not to make a profit-sharing contribution for the year ended December 31, 2025.

Employee Rollover Contributions from Another Qualified Plan

Participants may make rollover contributions from another qualified plan. For the year ended December 31, 2025, rollover contributions were $115,124.

Participant Accounts and Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and employer safe harbor matching contributions. Employer discretionary contributions are subject to a graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures may be used to pay reasonable Plan expenses and reduce the amount of employer discretionary contributions for the Plan year in which the forfeiture occurs. $26,078 of forfeitures were used for employer contributions for the year ended December 31, 2025. At December 31, 2025 and 2024, forfeiture ending balances included in plan net assets were $0 and $25,950, respectively.

Excess Employer Contributions

Excess employer contributions may be used to reduce the amount of future employer discretionary contributions. $2,086 of excess employer contributions were used to reduce employer safe harbor contributions for the year ended December 31, 2025. At December 31, 2025 and 2024, excess employer contributions ending balances included in plan net assets were $0 and $2,075, respectively.

Retirement

Normal retirement under the Plan is age 65.

Notes Receivable from Participants

The Plan allows participants to borrow against their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of the participants' vested account balance. Loans are secured by the balance in the participant's account and bear interest charged at a commercially reasonable rate as determined by the Plan's administrator. Principal and interest are paid ratably through payroll deductions and loan periods shall not exceed five years, except for loans made for the purchase of a principal residence, which may not exceed 10 years. At December 31, 2025, interest rates on participant notes range from 4.25% to 9.5%, with maturities through April 2028.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan:

1. Normal retirement
2. Termination of employment of the participant
3. Death or disability of the participant
4. Upon demonstration of financial hardship, or
5. Attainment of age 65

Benefit payments are made in installment or lump sum payments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Plan Sponsor, are charged to and paid from the Plan's assets. Expenses related to specific participant transactions are charged to the respective participant's account.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions Receivable

Employee and employer contributions receivable are recorded in the financial statements for amounts contributed but not received by the Plan as of year-end.

Investment Valuation and Income Recognition

Investments are reported at fair value which is based on underlying quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date and includes capital gain distributions. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Increases in the share values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Plan adopted a volume submitter plan which obtained a favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter, however the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2025 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress. The Plan's income tax returns remain subject to examination for the years 2022 through 2024 for federal purposes and the years 2021 through 2024 for state purposes.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following amounts were obtained by management and were taken directly from statements provided and certified as complete and accurate by Standard Insurance Company for the years ended December 31, 2025 and 2024, respectively:

	2025	2024
Pooled separate accounts	$ 17,766,379	$ 14,741,145
Guaranteed investment account	$ 297,325	$ 300,408
Net appreciation in fair value of investments	$ 2,280,446	
Dividend, interest and other income	$ 7,474	
Interest income, notes receivable from participants	$ 5,962	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Pooled separate accounts: Pooled separate accounts invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Stable value fund: Composed primarily of fully benefit-responsive investment contracts and valued at net asset value (NAV) of units of insurance company stable value fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 17,766,379	$ -	$ 17,776,379
Investment measured at Net asset value	-	-	-	297,325
	$ -	$ 17,766,379	$ -	$ 18,073,704

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 14,741,145	$ -	$ 14,741,145
Investment measured at Net asset value	-	-	-	300,408
	$ -	$ 14,741,145	$ -	$ 15,041,553

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investment for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 297,325	n/a	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 300,408	n/a	Daily	12 months

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Standard Insurance Company. Standard Insurance Company is the custodian of the Plan's assets. Fees paid by the Plan for investment management and advisory services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Standard Insurance Company, the record keeper and third-party administrator of the Plan. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 6, 2026, the date the financial statements were available to be issued. Management has determined that no additional subsequent events have occurred that should be disclosed in the financial statements.
