INDEPENDENT AUDITOR'S REPORT

The Board of Directors and Participants
Porsche Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Porsche Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of July 31, 2025, and net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the period January 1, 2025 through July 31, 2025, and statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, JPMorgan Investment Services, as of July 31, 2025 and December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

MITCHELL TITUS

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan was terminated effective May 31, 2024. Accordingly, the Plan's financial statements after the date of termination have been prepared using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

MITCHELL TITUS

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

MITCHELL TITUS

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of July 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following brief description of the Porsche Employees' Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined benefit pension plan that provides retirement income for eligible employees of Porsche Business Services, Incorporated (the Plan Sponsor), Porsche Cars North America, Inc., Porsche Motor Sport North America, Inc., Porsche Financial Services, Inc., Porsche Enterprises, Inc., Porsche Aviation Products, Inc., and Porsche Latin America (collectively, the Companies).

All employees become eligible to participate in the Plan after completing one year (1,000 hours) of service and attainment of age 21. Participants become fully vested, depending on their employment date, after five years of credited service. The Plan agreement contains complete and detailed descriptions of the benefit and eligibility provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2012, the Plan was closed to: (i) new employees hired on or after January 1, 2012, (ii) any other employees who have not met the Plan's eligibility requirements prior to December 31, 2012, (iii) former employees rehired after December 31, 2012, and (iv) current employees transferred to a participating employer after December 31, 2012, from a nonparticipating employer.

The defined benefit plan, which was previously frozen effective January 1, 2023, was terminated effective May 31, 2024. During 2025, the Plan completed the settlement of its remaining benefit obligations through lump-sum distributions and the purchase of annuity contracts. All remaining plan assets were distributed by July 31, 2025, at which time the Plan had no remaining assets or benefit obligations.

Contributions

The Companies' funding policy is to contribute such amounts as are deemed necessary, on an actuarial basis, to provide assets sufficient to meet the benefits to be paid to the Plan's participants. Prior service costs are funded over the average future years of service of the active participants. The Plan has met the ERISA minimum funding requirements for the period from January 1, 2025 to July 31, 2025 and for the year ended December 31, 2024.

NOTE 1 DESCRIPTION OF THE PLAN *(continued)*

Plan Termination

The Plan was terminated effective May 31, 2024. In connection with the termination, all remaining Plan assets were distributed to participants and beneficiaries in accordance with the terms of the Plan and applicable requirements of ERISA. The final distribution of the Plan's assets was completed as of July 31, 2025. Accordingly, the Plan has no remaining assets or benefit obligations as of July 31, 2025, and the Plan's operations have ceased.

Pension Benefits

Participating employees are entitled to pension benefits, beginning at the normal retirement age of 65, based on the provisions outlined in the Plan agreement, according to both the participant's employment date and their retirement date. The monthly retirement benefit will be determined by multiplying the years of credited service as of the retirement date by the average monthly compensation (as defined in the Plan document).

Effective for determining the accrued benefit of a participant on or after August 1, 2004, the monthly benefit of a participant will be 0.8% (previously 1.3%) of the participant's average monthly compensation, plus 0.3% (previously 0.5%) of the participant's average monthly compensation in excess of 1/12 of the participant's Social Security-covered compensation, multiplied by the years of credited service.

An employee is credited with a year of vested service for each year in which they have 1,000 or more creditable hours, up to a maximum of five years of vested service, at which point the employee is fully vested.

The Plan also allows early retirement for participants who have attained the age of 55, with at least 10 years of credited service.

Effective January 1, 2023, the Plan was frozen, and the participating employees stopped gaining pension benefits.

Administration

The Plan is administered by an Administrative Committee appointed by the Board of Directors of the Plan Sponsor.

JPMorgan Chase Bank, N.A. is the trustee and custodian of the Plan. INVESCO Institutional (N.A.), Inc. is the investment manager of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan was terminated effective May 31, 2024. As a result, the accompanying financial statements have been prepared on the accrual basis of accounting until May 31, 2024 and on the liquidation basis after May 31, 2024 in conformity with the accounting principles generally accepted in the United States of America (U.S. GAAP). This liquidation basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. There were no material changes to these financial statements as a result of the liquidation basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.*, an exit price). See Note 5 for further discussion on fair value measurements.

Investment Transactions and Investment Income

Investment transactions of the Plan are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Normal retirement benefits are determined from a formula based upon the highest average monthly compensation for the five consecutive calendar years during the last 10 years of employment and considering the participant's Social Security benefit. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that may affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Administrative Expenses

Expenses not paid by the Plan are paid by the Companies. For any expense paid by the Plan that is the Companies' responsibility, the amount is reimbursed by the Companies.

NOTE 3 ACCUMULATED PLAN BENEFITS

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information is as follows:

	December 31, 2023	May 31, 2024 (Ongoing)	May 31, 2024 (Plan Termination)	December 31, 2024 (Plan Termination)	July 31, 2025 (Final Distribution)
Actuarial present value of accumulated plan benefits					
Vested benefits					
Participants currently receiving payments	$ 23,894,837	$ 24,421,000	$ 22,075,000	$ 32,300,000	$ -
Other participants	29,783,851	29,373,000	29,398,000	4,800,000	-

Total actuarial present value of accumulated plan benefits	$ 53,688,344	$ 53,794,000	$ 51,473,000	$ 37,100,000	$ -

NOTE 3 ACCUMULATED PLAN BENEFITS *(continued)*

Changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits, at December 31, 2023	$	53,688,344
(Decrease) increase during the year attributable to		
Interest Accumulation		1,143,000
Benefits paid		(877,000)
Plan amendments		-
Assumption changes		(160,344)
Actuarial present value of accumulated plan benefits, at May 31, 2024 (Ongoing)	$	53,794,000
Actuarial present value of accumulated plan benefits, at May 31, 2024 (Ongoing)	$	53,794,000
(Decrease) increase during the year attributable to		
Interest Accumulation		-
Benefits paid		-
Plan amendments		(2,321,000)
Assumption changes		-
Actuarial present value of accumulated plan benefits, at May 31, 2024 (Plan Termination)	$	51,473,000
Actuarial present value of accumulated plan benefits, at May 31, 2024 (Plan Termination)	$	51,473,000
(Decrease) increase during the year attributable to		
Interest Accumulation		1,335,000
Benefits paid		(19,711,000)
Plan amendments		-
Assumption changes		4,003,000

Actuarial present value of accumulated plan benefits, at December 31, 2024 (Plan Termination)	$	37,100,000

NOTE 3 ACCUMULATED PLAN BENEFITS *(continued)*

Actuarial present value of accumulated plan benefits, at December 31, 2024 (Plan Termination)	$	37,100,000
(Decrease) increase during the year attributable to		
Interest Accumulation		(35,440,000)
Benefits paid		-
Plan amendments		(1,660,000)
Assumption changes		-
Actuarial present value of accumulated plan benefits, at July 31, 2025 (Final Distribution)	$	-

Significant actuarial assumptions are as follows:

Assumed rate of return on investments	5.23% (5.15% in 2024)
Retirement	Graduated from ages 55 to 65
Mortality basis	2025—Base table: MRP-2007 (benefits based) white collar employee and retiree tables for males and females, projected to the valuation date with Social Security actual and projected improvements. Projection scale: MSS-2007 (Mercer developed scale based on rates published by the SSA) – RP-2024 mortality tables without collar adjustments are projected generationally using Scale MP-2024 2024—Base table: MRP-2007 (benefits based) white collar employee and retiree tables for males and females, projected to the valuation date with Social Security actual and projected improvements. Projection scale: MSS-2007 (Mercer developed scale based on rates published by the SSA) – RP-2023 mortality tables without collar adjustments are projected generationally using Scale MP-2023

NOTE 3 ACCUMULATED PLAN BENEFITS *(continued)*

The actuarial assumptions used to determine the actuarial present value of accumulated plan benefits were based on the presumption that the Plan would continue. Following the termination of the Plan, the accumulated plan benefits were settled through lump-sum distributions and the purchase of annuity contracts, as applicable. Accordingly, the actuarial present value of accumulated plan benefits is no longer applicable as of July 31, 2025, when all Plan assets were distributed.

NOTE 4 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-S(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JPMorgan Investment Services, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of July 31, 2025 and December 31, 2024; the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the period from January 1, 2025 to July 31, 2025, and the year ended December 31, 2024; and the supplemental schedule of assets (held at end of year) as of July 31, 2025 and December 31, 2024.

NOTE 5 FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.,* an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets.

NOTE 5 FAIR VALUE MEASUREMENTS *(continued)*

Level 2: (continued)

- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (*e.g.,* interest rate and yield curve quotes at commonly quoted intervals).

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs for the asset or liability (*i.e.*, supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value:

Common trust fund: The shares held are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets carried at fair value as of July 31, 2025:

	Level 1	Level 2	Level 3	Total
Common trust fund	$ -	$ -	$ -	$ -
Total investments, at fair value	$ -	$ -	$ -	$ -

The following table sets forth, by level within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Common trust fund	$ 35,104,892	$ -	$ -	$ 35,104,892
Total investments, at fair value	$ 35,104,892	$ -	$ -	$ 35,104,892

NOTE 6 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 7, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 31, 2025, there were no uncertain tax positions taken or are expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to several risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's contributions are made, and the actuarial present value of accumulated plan benefits is reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that near-term changes in these estimates and assumptions could materially affect the amounts reported and disclosed in the financial statements.

NOTE 8 RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items involving the amounts shown per the financial statements and Form 5500 for the period from January 1, 2025 to July 31, 2025.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued, and determined that there were no subsequent events to be recognized in these financial statements.
