To the Plan Administrators of the
MCE 401k Retirement Plan

We have audited the financial statements of the MCE 401(k) Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025 and have issued our report dated October 5, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee during 2025, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 18, 2026 and through discussions with the Plan administrator. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates and financial statement disclosures are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was:

> Management's estimate of the fair value of the Plan's investments, which are based on the trustee's certified fair value. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We received excellent cooperation from Plan management and encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such misstatements were identified during the audit.

Disagreements with Management

For the purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of the audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 5, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independence

Sisterson's quality management document identifies the policies and procedures established to provide reasonable assurance that all Sisterson personnel maintain independence in all required circumstances, perform all professional responsibilities with integrity, and maintain objectivity in discharging professional responsibilities. As defined by the profession, independence is the ability to act with integrity and objectivity. On an annual basis, all professional personnel of the firm must disclose any circumstances and relationships that create a threat to independence. During the planning phase of the audit, we also evaluate whether there are any changes to the firm's independence with respect to the Plan. Based on these procedures, there have been no independence issues identified between Sisterson and the Plan.

Peer review results

Every three years, Sisterson is subject to a peer review of the system of quality control in place for the accounting and auditing practice of Sisterson. The most recently issued peer review report is dated in December 2025, and resulted in an opinion that the system of quality control for the accounting and auditing practice of the Firm has been suitably designed and complied with. Firms can receive a rating of pass, pass with deficiency (ies) or fail. Sisterson has received a peer review rating of pass.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of the MCE 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the MCE 401(k) Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the MCE 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility

The Plan is a defined contribution plan covering all non-union employees of Motion & Control Enterprises, LLC (aka Fluid Power Resources) ("Company") who have met three months of service and are age twenty-one or older, as well as long-term, part-time employees, as defined in the Plan document. Leased employees and independent contractors are not eligible to participate.

Employees hired by the Company, who have met the eligibility requirements defined above, are automatically enrolled in the Plan with a 3% pre-tax deferred salary contribution. Such participants are automatically invested into the age-appropriate target date fund. Automatic enrollment occurs on the date immediately following the time in which the eligibility requirement was met.

The Plan had numerous amendments during 2025 and 2024 to incorporate the employees of entities acquired by the Company during these years. Such employees were eligible to participate in the Plan generally under the same terms as noted above, with certain exceptions for Plan amendments that permitted the employees prior service with the acquired employer to count towards service requirements under the Plan provisions.

Contributions

Participants are allowed to direct the Company to contribute 1% to 100% of their compensation (as defined) as deferred salary contributions. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions as deferred salary contributions. During 2025, participants who attain ages 60 through 63 before the end of the Plan year are eligible to make additional catch-up contributions as deferred salary contributions. Contributions for any calendar year are subject to certain Internal Revenue Code ("Code") limitations. Deferred salary contributions are classified as participant contributions in the accompanying financial statements. Additionally, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan.

The Company may make discretionary matching contributions equal to a percentage of participant salary deferrals. The matching percentage is determined each year by the Company. During both the years ended December 31, 2025 and 2024, the Company contributed matching contributions equal to 50% of the first 6% of the participants' compensation contributed. The Plan documents also provide for discretionary profit-sharing contributions, of which there were none in 2025 or 2024. Both types of employer contributions are classified as company contributions in the accompanying financial statements.

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's deferred salary contributions, company matching contributions, and an allocation of Plan earnings based on the investment options elected by the participant.

Forfeitures

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $29,580 and $115,574, respectively. Amounts from forfeited non-vested accounts were used to offset a portion of company contributions in the amount of $351,735 and $0 during the years ended December 31, 2025 and 2024, respectively. Amounts from forfeited non-vested accounts were used to offset a portion of Plan expenses in the amount of $0 and $16,216 during the years ended December 31, 2025 and 2024, respectively.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Principal and interest are paid by regular payroll deductions over a period between 12 to 60 months at the participant's option, except that any loan used to acquire or construct the principal residence of a participant may be repaid over any whole multiple of 12 months, up to and including 120 months. The loans are secured by the balance in the participant's account. Generally, interest is charged on the outstanding loan amount at the Prime rate in effect at the time the loan is made, plus 100 basis points. All loans as of December 31, 2025 and 2024 bear interest at a rate between 3.25% and 9.50%.

Distributions of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments for a specific period of time. The Plan provides for normal retirement at the age of 65, and early retirement at 55 years of age with the completion of 5 years of service. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 - PLAN DESCRIPTION (continued)

Plan expenses

Trustee fees are paid by the Plan. All administrative expenses of maintaining the Plan are paid by the Company.

Plan termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. In the event of termination, the interest of participants affected by the termination and their beneficiaries under the Plan shall be nonforfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 5, 2026, the date on which the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at their fair values as reported to the Plan administrator by Fidelity Management Trust Company and Ascensus, LLC, as the authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustees of the Plan ("Trustees"). Shares of mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year-end. The Plan holds an investment in a common collective trust. The common collective trust fund invests primarily in synthetic, separate account, and traditional guaranteed investment contracts backed by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks. The common collective trust is valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the Trustees, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments comprising the trust, less its liabilities. Income from the common collective trust fund is included in dividends income in the statements of changes in assets available for benefits.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Interest and dividend income are recorded as earned. Capital gain distributions from mutual funds are included in dividend income.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Payment of benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

Investments are measured and reported at fair value, except for those measured and reported using NAV, are classified and disclosed in one of the following categories based on the extent of market price observability.

NOTE 3 - INVESTMENTS (continued)

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The Plan's investments in mutual funds are classified as Level I as of December 31, 2025 and 2024.

Level II – Pricing inputs are other than quoted market prices included in Level I, however are observable directly or indirectly for the investment. The Plan has no Level II investments.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan has no Level III investments.

The valuation of the Plan's investments by the above fair value hierarchy levels as of December 31, are as follows:

	Level	2025	2024
Mutual funds	I	$ 49,960,982	$ 40,496,429
Common collective trust fund	NAV	1,776,547	3,041,560
Total investments at fair value		$ 51,737,529	$ 43,537,989

The following table sets forth disclosure of the Plan's investment whose fair value is estimated at NAV per share, as a practical expedient, as of December 31:

Investment	Fair value 2025	Fair value 2024	Redemption frequency	Redemption notice period
Federated Investors Capital Preservation Fund R6 (a)	$ 1,776,547	$ 3,041,560	daily	n/a

(a) Capital Preservation Fund R6 is a common collective trust fund established, operated, and maintained by Federated Investors Trust Company under the declaration of a trust agreement. The investment objective of the fund is to provide current and stable income. The fund invests primarily in traditional, separate account and synthetic guaranteed investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The Plan has no unfunded commitments with respect to this investment.

NOTE 4 - FEDERAL INCOME TAX EXEMPTION

The Plan adopted the Trustee's prototype plan, which has received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 5 - CERTIFICATION OF FINANCIAL INFORMATION

During the period January 1, 2024 through October 31, 2024, the Plan's investments were held by Ascensus, LLC, as the authorized representative of Ascensus Trust Company and Newport Trust Company, LLC. Commencing November 1, 2024, the Plan's investments were held under an arrangement with Fidelity Management Trust Company.

The information about investments, investment income, and notes receivable from participants contained in the financial statements and supplemental schedule of assets held at end of year has been certified as accurate and complete by Fidelity Management Trust Company and Ascensus, LLC, as the authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the Trustees of the Plan's assets, for the respective periods, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan paid administrative expenses and fees to the Trustees, which qualify as party-in-interest transactions. The Plan also holds notes receivable from participants, which qualify as party-in-interest transactions. Plan investments include shares of mutual funds which are managed by an affiliate of Fidelity Management Trust Company and, therefore, these fund transactions qualify as party-in-interest transactions.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of notes receivable from participants per the financial statements to the Form 5500 for the years ended December 31:

	2025	2024
Notes receivable from participants per the financial statements	$ 667,385	$ 328,144
Less: participant loans deemed distributed as of Plan year-end	8,402	8,012
Participant loans per the Form 5500	$ 658,983	$ 320,132

The following is a reconciliation of payment of benefits per the financial statements to the Form 5500 for the year ended December 31:

	2025	2024
Benefits paid to participants per the financial statements	$ 8,716,650	$ 4,743,343
Plus: change in participant loans deemed distributed	390	8,012
Total benefit payments per the Form 5500	$ 8,717,040	$ 4,751,355

The financial statements present participant loans that have been deemed distributions as notes receivable from participants until a distributable event, such as employment termination, death, or disability, has occurred. However, the instructions for Schedule H of the Form 5500 state that a participant loan that has been deemed distributed during the Plan year should be reported as an expense if the participant loan is treated as a directed investment solely of the participant's individual account and, if as of the end of the plan year, the participant is not continuing repayment under the loan.
