Plan Administrator
Merani Hotel Group Inc 401(k) Retirement Savings Plan
Niagara Falls, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Merani Hotel Group Inc 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we have evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following plan description of the Merani Hotel Group Inc ("MHG") (the "Company" or "Employer") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of MHG, as well as qualifying employees of the related participating employers including LaSalle Hospitality, Inc., Merani Hospitality, Inc. and Merani Holdings, LLC. MGH is the plan sponsor and plan administrator of the Plan. To be eligible to participate in the Plan, an employee must have attained the age of 18 and have completed one year (1,000 hours) of service. The same age and service minimums are required for employees to be eligible for the Company contributions. The plan allows for an auto enroll provision whereby newly eligible participants will be automatically enrolled in a deferral agreement at 1% of eligible compensation. Effective January 1, 2025, the automatic deferral amount was increased to 3%. All participants have the ability to opt out of this agreement. Related to this is a provision to automatically increase the deferral percentage for all participants automatically enrolled by 1% annually to a maximum of 5% of compensation. Effective January 1, 2025, the maximum was increased to 10% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective in January 2025, the Company adopted an Actuarial Consulting Services, Inc. pre-approved plan replacing the existing plan document. In August 2025, Plan assets were transferred to Transamerica Retirement Solutions ("Transamerica") and Transamerica became trustee and assumed recordkeeping responsibilities for the Plan at that time.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For each of the 2025 and 2024 Plan years, the Company contributed 50% of up to 5% of compensation that a participant contributes to the Plan. The Company may also make an additional discretionary contribution. Participants may also contribute after-tax contributions to the Plan up to 100% of annual compensation. The Company contributed $89,326 and $81,099 to the Plan during the years ended December 31, 2025 and 2024, respectively.

1. Description of the Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Employer's contribution, if any, the participant's share of Plan earnings and loss, and charged with participant transaction specific fees and an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, certain qualified matching contributions, and rollover contributions, plus actual earnings thereon. Participants become vested in matching contributions and discretionary employer contributions based on years of continuous service, as defined. Participants are 100% vested in matching contributions after five years, and are 100% vested in other discretionary contributions after six years.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts were not material to the Plan. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During the years ended December 31, 2025 and 2024, Company contributions were reduced by $-0- and $6,088, respectively, from forfeited non-vested accounts.

Notes Receivable From Participants

Participants are not permitted to borrow against their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation

The investments of the Plan are reported at fair value in accordance with Accounting Standards Codifications ("ASC") 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 7 for discussion of fair value measurements.

Investment Transactions and Income

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In accordance with the policy of stating investments at fair value, net appreciation for the year (including both realized and unrealized gains and losses) is reflected in the statement of changes in net assets available for benefits.

Contributions

Participant contributions are made through payroll deductions and are recorded as additions to net assets available for benefits when the deduction is made. Employer contributions are recorded as additions to net assets available for benefits when such liability arises. Participant contributions not yet deposited and amounts not funded by the Employer are recorded as contributions receivable.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date on which the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Information Certified by the Plan's Trustee and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica and Mid Atlantic Trust Company, the trustee and custodian, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	**2025**	2024
Investments at fair value	**$1,005,238**	$ 722,174
Investments at contract value	**91,893**	-
Noninterest-bearing cash	**-**	381

Years Ended December 31,	**2025**	2024
Net appreciation in fair value of investments	**$ 126,223**	$ 57,308
Dividends	**1,690**	15,467

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Related Party and Party-In-Interest Transactions

The Plan invests in accounts maintained by the trustee who is considered a party-in-interest and, therefore, these transactions qualify as exempt party-in-interest transactions.

Administrative fees paid by the Plan to the trustee, third-party administrator and the investment advisor totaled $7,647 and $7,329 during the years ended December 31, 2025 and 2024, respectively. All of these transactions are exempt from the prohibited transaction rules of ERISA. Certain costs of administrating the Plan are paid by the Company.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

6. Income Tax Status

Based upon the third-party administrator's receipt of a favorable determination letter from the Internal Revenue Service dated June 30, 2020 with respect to a Non-Standardized Pre-Approved plan on which the Plan is based, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

7. **Fair Value Measurements (Continued)**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and fixed income funds - valued at the daily closing price as reported by the fund. Mutual funds and fixed income funds held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/Collective Trust - the fair market value of the PIMCO Stable Income Fund (the "Fund"), a common/collective trust ("CCT") is based on the net asset value, as reported by the manager of the collective trust fund, SEI Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The objective of the Fund is to seek to provide current income in excess of money market investments and reduce the risk of principal loss over time. The Fund is an actively managed, diversified investment strategy which invests through the use of PIMCO Funds Private Account Portfolio Series ("PAPS") investments in the Low Duration Fund and Moderate Duration Fund. The PAPS investments each primarily invest in various investment grade fixed income investments. The average duration of the Fund's investments will vary over time, but is typically expected to be between two to three years. Other Trust investments may include a variety of stable value investment contracts issued by insurance companies, banks, and other financial institutions, which are intended to help reduce principal volatility of, while providing steady income from, any associated Fund fixed income investments. The Fund generally provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

Common/Collective Trust – The Transamerica RetireOnTrack Funds (collectively, the "Transamerica Funds" and each a "Transamerica Fund") is a series of CCT funds designed for participants who want to structure their asset allocation under their employer's retirement plan to make a specific target year in which they intend to retire or, with respect to Transamerica Funds with target years that have passed, anticipated retiring. An investment in a Transamerica Fund is expressed as a

7. **Fair Value Measurements (Continued)**

number of "Fund Units." The value of a Fund Unit will be based on the net asset value ("NAV") per unit which equals the total value of its assets, less its liabilities, divided by the number of understanding units. Units are valued as of the close of the regular trading on the New York Stock Exchange ("NYSE") each day the NYSE is open for trading.

The assets of each Transamerica Fund are valued at fair market value, in accordance with generally accepted accounting principles consistently followed and uniformly applied. The trustee may conclusively rely upon any regularly published reports of sale prices, bid and asked prices, and over-the-counter quotations for the values of any listed or unlisted securities or futures contracts. With respect to underlying funds, the trustee may conclusively rely upon the published net asset value of the underlying fund.

Each Transamerica Fund may have an asset allocation among a group annuity contract as well as mutual funds that primarily invest in one or more of the following: fixed income, high-yield debt, emerging markets, emerging markets equity, international stocks, US large, small, and mid-cap stocks. The risk level of each Fund varies in proportion to the risk level of the underlying funds in which it invests.

A contribution, withdrawal, or exchange received after the close of trading on the NYSE, or on a day other than a business day, will be credited at the Unit value of the Transamerica Fund determined as of the next business day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements at Reporting Date Using:			
December 31, 2025	*Level 1*	*Level 2*	*Level 3*	*Total*

Investments measured at net asset value*	-	-	-	23,190
Total Fair Value of Investments	$ 698,984	$ -	$ -	$ 722,174

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

8. Investments in Insurance Contracts

The Plan holds a Guaranteed Investment Contract ("GIC") issued by Transamerica. The contract provides for a guaranteed credited rate of interest on amounts allocated to the General Account Stable Value Fund, with rates declared semi-annually and effective for six-month intervals, with notice provided at least 45 days in advance of the date the new rate becomes effective. Interest is credited daily based on the applicable effective annual rate of interest established for each six-month period. The guaranteed rate of interest shall not change during the six-month period for which it is effective. The General Account Stable Value Fund is presented at contract value (stable value) in the Plan's financial statements. The contract value represents the principal amount of contributions plus accrued interest at

8. Investments in Insurance Contracts (Continued)

the guaranteed credited rate, adjusted for distributions and transfers. There is no minimum guaranteed interest rate; however, whatever rate Transamerica declares is fixed for the applicable six-month period. The guaranteed credited rate was 2.25% per annum (effective January 1, 2025 – December 31, 2025). While the interest rate is guaranteed for each six month period, there is no minimum floor rate guaranteed under this contract. The contract value approach assumes the Plan's ability to hold the investment to maturity or until participant withdrawals occur.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
