INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
MegaMex Foods, LLC 401(k) Plan
Orange, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of MegaMex Foods, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

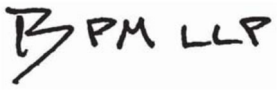

Other Matter - *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following summary description of MegaMex Foods, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

General

On April 1, 1985, MegaMex Foods, LLC (the "Employer") adopted the Plan, which was most recently restated effective February 18, 2022, to bring the Plan into compliance with legislative and regulatory changes. The Plan is a defined contribution profit-sharing retirement plan containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who have attained the age of 21 and have completed three months of service are eligible to participate in the Plan and enter the Plan on the first day of the month coincident with or next following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Employer is the administrator of the Plan. As administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, was the appointed custodian for the Plan for the years ended December 31, 2025 and 2024, and acted at the direction of the Plan's trustee. Principal Life Insurance Company serves as the Plan's recordkeeper and service provider.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to the required minimum distribution age, changes to long-term and part-time employee eligibility, new annual funding notice requirements, increased catch-up contribution limits for certain participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026, and, accordingly, the Employer is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact on the Plan and its participants (see Note 10).

Contributions

Employees who elect to participate in the Plan may contribute up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits. Participants may elect to make pre-tax elective deferral contributions and/or Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a safe harbor plan under IRC Sections 401(k)(12) and 401(m)(11). The Employer makes a qualified matching contribution equal to 100% of a participant's salary deferral contributions up to 4% of compensation, determined for each payroll period, which is intended to satisfy both the ADP and ACP test safe harbors. Compensation is defined under the Plan as wages, tips, and other compensation as reported in the applicable box of Form W-2. The Plan also allows discretionary contributions, allocated in proportion to compensation, and qualified non-elective contributions at the Employer's discretion; none were made for the year ended December 31, 2025. Participants direct their contributions among the Plan's investment options.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, as adjusted for actual earnings or losses thereon. Participants are also immediately vested in the Employer's safe harbor matching contributions, discretionary contributions and rollover contributions. Employer matching contributions attributable to a prior plan merger vest upon the completion of one year of vesting service. Participants become fully vested upon death, disability while employed, or upon termination of the Plan.

Notes Receivable from Participants

Participants can only have one loan outstanding at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Notes receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of 10 years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants ranged from 3.25% to 8.50% per annum as of December 31, 2025. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants terminate their employment with the Employer, upon retirement, death, disability, or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment or, for vested accounts greater than $5,000, in installments or an annuity form of payment as provided in the Plan. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship, and for deemed severance withdrawals by participants on active military duty. In-service withdrawals may be taken from the pre-tax elective deferral account, matching contributions, profit-sharing contributions, and rollover accounts as long as they are vested, with the exception of hardships, which are limited to the participant's elective deferral contributions. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. Mandatory distributions of account balances of $5,000 or less will be made as soon as possible. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan's administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan's administrator.

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of common/collective trusts, pooled separate accounts, mutual funds, and a stable value collective investment trust offered by the Plan. Participants may change their investment options at any time.

Forfeitures and Unallocated Employer Contributions

As participants are immediately vested in the Employer's safe harbor matching and discretionary contributions, there are no forfeited non-vested participant account balances as of December 31, 2025 and 2024.

During the year ended December 31, 2025, the Employer remitted employer matching contributions of $24,865 in excess of the amount required under the Plan's matching formula. The excess was deposited into a suspense account maintained under the Plan and was applied during the year, together with related earnings, as a contribution credit toward employer matching contributions allocated to participant accounts. Amounts applied from the suspense account during the year ended December 31, 2025 totaled $25,082, including earnings of $217. There was no forfeiture or suspense account balance as of December 31, 2025 and 2024, and no amount is receivable from or payable to the Employer as of either date.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments sold during the year, as well as any unrealized appreciation or depreciation on investments held at year-end.

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make required loan repayments and the Plan's administrator deems the note receivable to be in default, the participant's account balance is reduced and the balance of the note receivable is recorded as a benefit payment. Deemed distributions of notes receivable included in benefits paid to participants totaled $13,836 for the year ended December 31, 2025.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Information Certified by the Custodian

Principal Trust Company has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

Reclassifications

Certain reclassifications have been made to the December 31, 2024 amounts to conform to the current year presentation. Amounts previously presented as mutual funds and as pooled separate accounts on the statement of net assets available for benefits and the related fair value disclosures have been reclassified between those captions. In addition, the Plan's investment in the Principal Stable Value Fund, previously presented as a guaranteed investment contract at contract value, is presented as a stable value collective investment trust measured at fair value using net asset value ("NAV") per unit as a practical expedient. The reported value of the Plan's investment in the fund is the same under both presentations.

The reclassifications had no effect on total investments, total assets, net assets available for benefits of $22,530,744 as of December 31, 2024, or the net increase in net assets available for benefits of $3,028,973 for the year then ended, and had no effect on individual participant account balances.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for determining fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

3. Fair Value Measurements, continued

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. . There have been no changes in the methodologies used as of December 31, 2025 and 2024:

Common/collective trusts: Valued at the daily NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective investment trust: Valued at the NAV per unit of the collective investment trust, as provided by the trustee, which is used as a practical expedient to estimate fair value. The trust invests in a portfolio of conventional guaranteed investment contracts, synthetic investment contracts and separate account contracts issued by insurance companies, banks, and other financial institutions, which are designed to permit benefit-responsive participant transactions at contract value. Participant transactions (purchases and sales) may occur daily.

3. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the valuation of the Plan's investments by the Accounting Standards Codification 820 fair value hierarchy levels as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,569,061	$ -	$ -	$ 2,569,061
Total assets in the fair value hierarchy	$ 2,569,061	$ -	$ -	2,569,061
Investments measured at NAV				26,172,206
Investments, at fair value				$ 28,741,267

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,223,363	$ -	$ -	$ 2,223,363
Total assets in the fair value hierarchy	$ 2,223,363	$ -	$ -	2,223,363
Investments measured at NAV				19,904,253
Investments, at fair value				$ 22,127,616

The Plan invests in common/collective trusts, pooled separate accounts and a stable value collective investment trust which are measured at fair value using the NAV per unit practical expedient. These investments are not categorized within the fair value hierarchy. As described in Note 2, certain December 31, 2024 amounts in the table above have been reclassified to conform to the current year presentation.

3. Fair Value Measurements, continued

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per unit as of December 31, 2025 and 2024. There are no restrictions on participant-level redemptions from these investments. The redemption notice periods presented below apply only to redemptions initiated by the Plan. Withdrawals from the stable value collective investment trust initiated by the Plan's sponsor, other than benefit payments and participant transfers to noncompeting investment options, require twelve months' advance written notice under the fund's declaration of trust.

As of December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common/collective trusts	$ 18,012,023	N/A	Daily	None
Pooled separate accounts	6,294,996	N/A	Daily	30 Days
Stable value collective investment trust	1,865,187	N/A	Daily	12 Months
Total	$ 26,172,206			

As of December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common/collective trusts	$ 12,323,116	N/A	Daily	None
Pooled separate accounts	5,641,153	N/A	Daily	30 Days
Stable value collective investment trust	1,939,984	N/A	Daily	12 Months
Total	$ 19,904,253			

4. Information Prepared and Certified by the Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Principal Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Investments, at fair value	$ 28,741,267	$ 22,127,616
Notes receivable from participants	$ 488,170	$ 403,128
Net appreciation in fair value of investments	$ 3,056,096	N/A
Interest and dividends	$ 59,911	N/A
Interest on notes receivable from participants	$ 31,771	N/A

5. Stable Value Collective Investment Trust

The Plan holds units in the Principal Stable Value Fund (the "Fund"), a collective investment trust maintained by Principal Global Investors Trust Company. The Fund had a fair value of $1,865,187 and $1,939,984 as of December 31, 2025 and 2024, respectively. The Fund invests entirely in the Morley Stable Value Fund, which is sub-advised by Morley Capital Management and holds a diversified portfolio of conventional guaranteed investment contracts, synthetic investment contracts and separate account contracts issued by insurance companies, banks, and other financial institutions. These contracts are designed to permit benefit-responsive participant transactions at contract value.

The Plan's investment in the Fund is measured at fair value using the NAV per unit as a practical expedient and is not categorized within the fair value hierarchy. The Plan does not hold a direct interest in any investment contract. Participant-directed transactions may occur daily. Withdrawals initiated by the Plan's sponsor, other than benefit payments and participant transfers to noncompeting investment options, require twelve months' advance written notice under the Fund's declaration of trust.

The Plan's ability to realize the reported value of its investment in the Fund is dependent upon the ability of the issuers of the underlying contracts to meet their financial obligations. Those abilities may be affected by future economic and regulatory developments.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are issued or managed by subsidiaries of Principal Financial Group, Inc. Principal Trust Company, the custodian of the Plan, Principal Life Insurance Company, the issuer of the pooled separate accounts and the Plan's recordkeeper, and Principal Global Investors Trust Company, the trustee of the collective investment trusts, are each members of Principal Financial Group, Inc. Purchases and sales of these funds are transacted at NAV. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants of $488,170 and $403,128 as of December 31, 2025 and 2024, respectively, also qualify as party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, management believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liability has been recorded by the Plan. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

The Employer has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Employer reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Employer contributions.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of common/collective trusts, pooled separate accounts, mutual funds, and a stable value collective investment trust offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2025 and 2024, approximately 14% and 10%, respectively, of net assets available for benefits were held in a single investment option.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 7, 2026, the date these financial statements were available to be issued. Management concluded that, other than as disclosed below, no material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in these financial statements.

Effective January 1, 2026, under SECURE 2.0, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior-year Federal Insurance Contributions Act wages exceed $150,000, as indexed. The change affects the tax treatment of affected participants' catch-up contributions and is not expected to have a financial effect on the Plan's net assets available for benefits.

On September 10, 2026, Principal Life Insurance Company executed a unilateral interim amendment to the pre-approved plan document, on behalf of adopting employers, to formally document provisions of the Coronavirus Aid, Relief, and Economic Security Act and the Consolidated Appropriations Act, 2021 under which the Plan has been operating. The amendment did not change the Plan's operations and had no effect on the accompanying financial statements.
