INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrators of
Gastro Florida 401(k) Plan
Clearwater, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Gastro Florida 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gastro Florida 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gastro Florida 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gastro Florida 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Gastro Florida 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gastro Florida 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Description Of Plan

The following description of Gastro Florida 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 2011 and was restated January 1, 2016 when the Employer changed the Plan name to "Gastro Florida 401(k) Plan". Prior to the name change, the Plan was known as West Central Gastroenterology 401(k) Plan.

The Plan covers all eligible employees of West Central Gastroenterology, LLP d/b/a Gastro Florida and Gastro Florida Pharmacy, LLC (collectively the "Company") who have met certain eligibility requirements.

Eligibility

Employees of the Company who have attained age twenty-one and completed one year of service are eligible to participate in the Plan.

Contributions

After enrollment in the Plan, participants may elect to contribute, in the form of salary deferrals, up to 100% of their annual compensation, not to exceed the regulatory maximum. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from another qualified plan or individual retirement account are permitted under the Plan.

The Company may make discretionary matching and profit sharing contributions to the Plan. The employer's discretionary matching contribution is a percentage of participant's compensation or a discretionary dollar amount to be determined by the employer on a uniform basis for all participants.

The discretionary profit sharing contribution is allocated to eligible participants based on eligible compensation and participant classification. The discretionary matching and profit sharing contributions are determined annually by the Company. The Company will make safe harbor contributions to each eligible participant in an amount equal to 3% of the participant's compensation for the Plan year. Eligible employees for the purpose of the safe harbor contributions exclude highly compensated employees. There was no matching contribution for 2025 and 2024. The Company made profit sharing and safe harbor contributions totaling $1,969,055 and $1,941,965 for 2025 and 2024, respectively.

Note A - Description Of Plan (Continued)

Participants direct the investment of their contributions among various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund. Each investment fund has unique and varied investment objectives.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions, as well as investment earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, equally among participants or to specific participants for transactions specifically incurred by them. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and in Company safe harbor contributions and earnings thereon and, if applicable, any amounts "rolled over" into their accounts. Vesting of the employer discretionary contributions and earnings thereon is based on the participant's period of service with the Company. Participants vest 20% per year beginning in the second year of service and are fully vested after six years.

Forfeited Accounts

Forfeitures may be used to reduce future employer contributions or pay Plan expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $16,454 and $21,937, respectively. For the year ended December 31, 2025 and 2024, the entire balance of forfeitures were applied against the 2025 and 2024 employer contributions which were allocated in 2026 and 2025, respectively. During 2024, $3,156 forfeitures were applied against the 2022 employer contributions which were allocated in 2024.

Notes Receivable From Participants

The Plan allows participants to borrow up to the lesser of 50% of their vested balance or $50,000. Loans must be for a minimum of $1,000 and are limited to one loan per participant at a time. Loans to participants are secured by the participant's vested account balance. Interest rates are based on the Wall Street Journal Prime Rate plus 1%, and loans must be repaid within five years.

Note A - Description Of Plan (Continued)

Payment of Benefits

Participants are eligible to receive benefits upon termination of service, retirement, disability or death. Distributions will be made in one lump sum payment in cash. The Plan also allows in-service distributions from fully vested account balances for participants age 59½ or older. Hardship distributions for immediate and heavy financial need are allowed but are limited to the participant's elective deferral accounts. Distributions of rollover contributions may be made at any time as elected by the participant.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Also, Company personnel provided administrative services to the Plan at no charge in 2025 and 2024. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's accounts. Investment related expenses are included in net appreciation of fair value of investments.

Note B - Summary Of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Employer profit sharing contributions are accrued by the Plan based on participants' eligible compensation for the Plan year and authorized rate for each participant classification. Employee contributions and the related employer matching contributions are accrued when wages are paid.

Note B - Summary Of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. A loan is considered in default if payment is not made by the last day of the calendar quarter following the calendar quarter when the participant missed the scheduled payment or upon termination of employment. Upon default the entire principal balance shall become immediately due and payable. Loans in default are reclassified as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management has evaluated events occurring subsequent to year end through October 8, 2026, the date the financial statements were available to be issued, for financial reporting and disclosure purposes. Plan management concluded that no events occurred that required adjustments to or disclosures in the financial statements.

Note C - Investments

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, a qualified institution.

The only non-participant directed investments are forfeitures (Note A) and unused service provider credits (Note E) totaling $55,134 and $54,807 at December 31, 2025 and 2024, respectively, which are included in a U.S. Government money market mutual fund and the stable value fund, respectively. See Forfeited Accounts in Note A.

Note D - Fair Value

GAAP provides a framework for measuring fair value and has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than publicly quoted prices that are observable, either directly or indirectly, and Level 3 inputs consist of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The level is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

- Mutual funds: The fair value is based on quoted net asset values of the shares held by the Plan at year-end (market approach).
- Stable value fund: As a practical expedient, the net asset value of units of the bank collective trust is used to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024. There are no Level 2 or 3 type investments.

	2025	
	Fair value measurements using:	
	Total	Level 1
Mutual funds	$ 32,205,914	$ 32,205,914
Investments measured at net asset value (a)	396,424	-
Investments at fair value	$ 32,602,338	$ 32,205,914

	2024	
	Fair value measurements using:	
	Total	Level 1
Mutual funds	$ 27,828,204	$ 27,828,204
Investments measured at net asset value (a)	1,655,704	-
Investments at fair value	$ 29,483,908	$ 27,828,204

Note D – Fair Value (Continued)

(a) In accordance with Financial Accounting Standards Board, Accounting Standards Codification 820-10, investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value per share (or its equivalent) practical expedient, as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2025			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 396,424	N/A	Daily	12 months

	2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 1,655,704	N/A	Daily	12 months

The Key Bank EB MaGIC Stable Value Fund, a collective investment fund, seeks to provide investors with a reasonable level of income together with stability of principal. The fund invests in traditional guaranteed investment contracts (GICs), synthetic GICs, bank investment contracts, separate account GICs, repurchase agreements, other collective investment trusts, cash and cash equivalents and other investments having the characteristics of a guaranteed return of principal and fixed rate of interest. An investment in the fund is not insured or guaranteed. Generally, participant directed transfers and withdrawals from the Fund will be made at book value, as determined pursuant to the terms of the Trust documents governing the Fund. Withdrawals for participant benefit payments in accordance with the provisions of the Plan (including benefit distributions, elections to change investments, or to obtain a loan), will be processed as soon as administratively practicable, subject to available liquidity of the Fund. However, participants are prohibited from transferring from the Fund to a "competing investment", as defined in the Trust document of the Fund, without first investing in a "non-competing investment" for a period of three months. Employer directed withdrawals may be delayed for up to twelve months at the sole discretion of the trustee of the Fund.

Note E – Related Party and Party In Interest Transactions

The Plan has investments consisting of mutual funds with American Funds totaling $14,192,420 and $11,975,875 as of December 31, 2025 and 2024, respectively, which were managed by Capital Research and Management Company, an affiliate of American Funds and Capital Bank and Trust Company, the trustee. Therefore, these transactions qualify as party-in-interest.

Capital Research and Management Company or any assignee or agent thereof (collectively referred to as the "service provider") provides recordkeeping and administrative services to the Plan pursuant to a Recordkeeping Services Agreement. The service provider may receive revenue from investments held by the Plan. Revenue received is used to offset service provider fees otherwise payable by the Plan. If revenue received is in excess of service provider fees, the Plan is given credits to use against future Plan expenses.

Recordkeeping fees of $17,559 and $15,626 paid to Capital Research and Management Company, Inc. for the years ended December 31, 2025 and 2024, respectively, are included in administrative expenses net of revenue sharing credits applied.

Administrative and investment advisory fees of $74,011 and $70,937 paid to the Plan investment advisor for the years ended December 31, 2025 and 2024, respectively, are included in administrative expenses net of revenue sharing credits applied.

Investment management fees relating to the mutual funds and administration fees relating to the stable value fund are charged against the participant's investment, and are reflected in the return on the investment.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G – Tax Status

Effective January 1, 2022, the Plan was restated and adopted the KB Pension Services, Inc. Defined Contribution Pre-Approved Plan. The Pre-Approved Plan obtained an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Note G – Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
