The Garlands of Barrington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **The Garlands of Barrington Retirement Savings Plan** (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –*Supplemental Schedule Required by ERISA*

The supplemental Schedule of Assets Held for Investment Purposes at the End of the Year – Schedule H, Line 4i, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Garlands of Barrington Retirement Savings Plan
Notes to the Financial Statements

1. **Description of Plan**

The following brief description of the The Garlands of Barrington Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Barrington Venture Holding Company LLC (Company) for the benefit of its non-union employees of The Garlands of Barrington, LLC, Garlands Management Services, LLC and The Garlands of Briarcliff Manor, LLC, who are at least 21 years of age, have completed 90 days of employment for full-time employees scheduled to work at least 1,000 hours per year. Other employees may enter the Plan on the entry date coinciding with or next following 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Voya Retirement Insurance and Annuity Company (Voya) serves as Plan custodian.

Contributions – The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan provides for automatic enrollment contributions, deferring 2% of eligible compensation, for all eligible employees that do not elect to opt out of the Plan prior to their eligibility date. Contributions are subject to certain limitations.

The Plan allows for employer matching contributions at the sole discretion of the Company. The employer matching contribution is subject to a 2 to 6-year graded vesting schedule. During 2025, the Company made a discretionary match of up to 50% of 6% of eligible compensation deferred to the Plan by the participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon.

1. **Description of Plan** (cont'd)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.00% to 9.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in a single lump-sum amount. In-service withdrawals from rollover contribution accounts, distributions after age 59-1/2 and hardship distributions are also allowed by the Plan.

Plan Termination – Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are recorded at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

2. **Summary of Significant Accounting Policies** (cont'd)

Payment of Benefits – Benefits are recorded when paid.

Forfeited Accounts – At December 31, 2025, there were no forfeitures available ($1,528 at December 31, 2024). Forfeited accounts consist of distributions to former participants that were not cashed and returned to the Plan and may be used to reduce administrative expenses as determined by the Plan Administrator. During 2025, forfeitures of $1,706 were used to pay for plan expenses (None used in 2024).

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to optional educational and fund selection services are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

3. **Information Prepared and Certified by Custodian**

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Voya Retirement Insurance and Annuity Company, the custodian, and furnished to the Company. The Company has obtained certifications from the custodian as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, that such information is complete and accurate.

	2025	2024
Investments at fair value	**$ 4,197,351**	$ 3,446,766
Fully benefit-responsive investment contract at contract value	**455,294**	5,333
Notes receivable from participants	**87,400**	39,420
Net investment income	**596,022**	
Interest on notes receivable from participants	**6,197**	

4. Fair Value of Investments

Investments at fair value consists of pooled separate accounts which qualify for a practical expedient to value them at net asset value (NAV) per unit. The NAV, as provided by the custodian, is based on the fair value of the underlying investments comprising the pooled separate accounts. The practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

All of the Plan's investments recorded at fair value are valued using NAV practical expedient for fair value, and as such are not classified pursuant to the valuation hierarchy. The significant investment strategies and investment balances of pooled separate accounts is as follows as of December 31:

		2025	2024
Investments measured at NAV practical expedient, pooled separate accounts:			
(1)	Equity investments	**$ 1,220,515**	$ 1,298,182
(2)	Fixed-income investments	**33,899**	21,382
(3)	Balanced investments	**599,091**	511,767
(3)	Retirement year-based investments	**2,343,846**	1,615,435
		$ 4,197,351	$ 3,446,766

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

5. **Fixed Income Investment Option**

The Plan invests in one traditional fully benefit-responsive guaranteed investment contract (FBRIC) with Voya Retirement Insurance and Annuity Company (Voya). The contract had a balance of $455,294 and $5,333 at December 31, 2025 and 2024, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.00%. Such interest rates are reviewed periodically for resetting.

This contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, and 4) a material amendment to the agreement without the consent of the issuer.

6. **Tax Status**

The Plan has adopted a prototype profit sharing plan document with an IRS opinion letter dated June 30, 2020, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. **Related Party and Party-in-Interest Transactions**

The Plan has investments in a fixed interest investment contract and pooled separate investment accounts managed by Voya. As Voya is the custodian and recordkeeper for the Plan, these are party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity of $6,081, which was not covered by revenue sharing. These payments were made to Voya and Hunter Benefits Consulting Group, which provides optional educational and fund selection services. These are also party-in-interest transactions.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
