Independent Auditor's Report

To the Retirement Committee of
Community Memorial Health System 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Community Memorial Health System 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Community Memorial Health System 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Community Memorial Health System 403(b) Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer Opinion

As discussed in Note D, the Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Memorial Health System 403(b) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

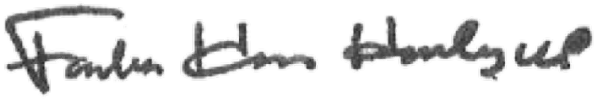

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

A. Description of Plan

The following description of the Community Memorial Health System 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2001, as restated September 1, 2014, for the benefit of substantially all employees of Community Memorial Health System (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

An employee is eligible to make salary deferrals to the Plan on their first day of employment. An employee is eligible for a discretionary matching contribution and a discretionary non-elective contribution on the first day of each quarter upon completion of 500 hours of service in either: 1) a 6-month period from their initial date of employment or 2) in any two consecutive calendar quarters thereafter, or after completion of 1,000 hours of service in a plan year. Employees covered under a collective bargaining agreement are not eligible to receive discretionary matching or non-elective contributions. Non-resident aliens are excluded from participation in the Plan.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

A. Description of Plan (Continued)

Contributions (Continued)

The Plan includes an automatic enrollment provision that allows the Organization to withhold 6.5% from all newly eligible employees' compensation as an employee contribution after two months of employment, unless the participant affirmatively elects a specific percentage or elects not to participate in the Plan. Automatically enrolled participants will have their deferral rate increase by 1% on July 1 of each year until their deferral rate reaches 12.5%. Participants may stop or change their deferral election at any time.

For the year ended December 31, 2025, the Organization made discretionary matching contributions equal to 50% of the first 6.5% of compensation that participants contributed to the Plan. In addition, the Organization may elect to make discretionary non-elective contributions. There were no discretionary non-elective contributions for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment Options

Participants may direct employee and Organization contributions, as desired, in any of a variety of investment options held by Fidelity Management Trust Company (“Fidelity”), as chosen by the Organization. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions rollovers, Organization's matching contribution and allocations of the Organization's non-elective contribution, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

A. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, adjusted for previous loan balances taken in the twelve months prior to the new loan. The loans are secured by the balance in the participant's account. The loan interest rate, determined at origination date, is set at a reasonable rate, as determined by the Organization. Principal and interest are paid ratably through deductions from a participant's personal bank account. Terms range up to five years, or greater for the purchase of a primary residence.

Benefit Payments

Upon termination of service, participants are entitled to receive a benefit payment of their vested account balance. Upon retirement, disability or death while working for the Organization, a participant or a participant’s beneficiary is entitled to receive a benefit payment equal to the total value of the participant’s account balance. In-service and hardship distributions are permitted if certain criteria are met. Benefit payments may be made in the form of a lump sum, installments, or as an annuity.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $346 and $575, respectively. These accounts will be used to reduce future Organization contributions. During 2025, Organization contributions were reduced by $288,191, from forfeited nonvested accounts, in accordance with plan provisions.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the matching contributions from the Organization are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

B. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 2, 2026, the date the financial statements were available to be issued.

C. Certified Investment Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the Plan and a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

D. Excluded Contracts

The Plan has certain known annuity and custodial accounts with Lincoln National Life Insurance Company ("Lincoln"), which were issued to current and former employees prior to January 1, 2009 ("Excludable Contracts"). As permitted by the Department of Labor's Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these Excludable Contracts are not required to be reported in the Plan's financial statements and supplementary information for the years ended December 31, 2025 and 2024.

If the Excluded Contracts, as reported by Lincoln were included, net assets available for benefits would increase by approximately $12,000,000 and $14,910,000 as of December 31, 2025 and 2024, respectively, and net assets available for benefits would decrease by approximately $2,910,000 during the year ended December 31, 2025. Investment income of approximately $940,000 and distributions of approximately $3,850,000 related to such contracts have also been excluded from the accompanying Statement of Changes in Net Assets Available for Benefits. Other accounts may exist for which amounts are unknown. Accounting principles generally accepted in the United States of America require that these Excluded Contracts and the related income and distributions be included in the accompanying financial statements.

E. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

E. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consistent of interest bearing cash and mutual funds that are valued on the basis of readily determinable market prices

Interest-bearing cash: Valued at cost plus interest.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 483,803,304	$ -	$ -	$ 483,807,304
Self-directed brokerage accounts	8,054,796	-	-	8,054,796
Interest-bearing cash	767,144	-	-	767,144
Total assets in the fair value hierarchy	492,625,244	-	-	492,629,244
Total investments at fair value	$ 492,625,244	$ -	$ -	$ 492,629,244

E. Fair Value Measurements (Continued)

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 416,458,077	$ -	$ -	$ 416,458,077
Self-directed brokerage accounts	6,781,584	-	-	6,781,584
Total assets in the fair value hierarchy	423,239,661	-	-	423,239,661
Total investments at fair value	$ 423,239,661	$ -	$ -	$ 423,239,661

F. Fully Benefit-Responsive Investment Contract

The Plan holds an investment in the Met Life Stable Value Fund, which is a group annuity contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of this investment totaled $23,196,383 and $20,602,871 as of December 31, 2025 and 2024, respectively.

The contract issuer will guarantee principal and accrued interest, based on credited interest rates. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. The minimum crediting rate is 1%. The crediting interest rate for the year ended December 31, 2025 was 2.35%. The contract issuer may reset the guaranteed interest rate on an annual basis. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

F. Fully Benefit-Responsive Investment Contract (Continued)

In order to maintain the contract issuer's promise to pay such withdrawals and exchanges at book value, the contract subjects the fund and its participants to certain restrictions. For example, withdrawals prompted by certain events (layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the fund's securities, which may be less than the book value, or the contract issuer may restrict withdrawals for these events. However, the Plan administrator does not believe such events are probable. Certain investment options offered by the Plan may be deemed by the contract issuers to "compete" with this fund. The terms of the contract prohibit a direct exchange from this fund to such competing funds, but instead such transfers must go through a non-competing fund and reside there for at least ninety days, before transferring to a competing fund.

G. Related-Party and Party In Interest Transactions

Fidelity is the custodian and record-keeper of the Plan. Plan investments are managed and held by the custodian and, therefore, transactions with this entity qualify as party in interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Fidelity receives revenue from mutual fund service providers. This revenue is used to offset plan expenses incurred by the record-keeper, custodian, and other service providers of the Plan. Revenue and expenses received and paid during the plan year totaled $691,808 and $614,930, respectively. The available balance in the expense account as of December 31, 2025 and 2024 was $767,671 and $660,577, respectively, and are included in the Statements of Net Assets Available for Benefits.

H. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Organization contributions, further contributions to the Plan would cease and the assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

I. Tax Status

The Organization is a tax-exempt organization under IRC Section 501(c)(3) and adopted a 403(b) Volume Submitter Plan (VSP). The VSP received a favorable opinion letter from the IRS dated August 7, 2017, which stated that the VSP is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction programs. Therefore, the plan administrator believes that the Plan was qualified and no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
