INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Uniroyal Holding, Inc. Welfare Benefit Plan for Salary Employees and Retirees

Opinion

We have audited the accompanying financial statements of Uniroyal Holding, Inc. Welfare Benefit Plan for Salary Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held At End Of Year) as of December 31, 2025 and Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024 AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

General—The following brief description of the Uniroyal Holding, Inc. Welfare Benefit Plan for Salary Employees and Retirees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a health and welfare benefit plan established to provide certain medical and prescription drug and group life insurance benefits for certain salaried employees and retirees of Uniroyal Holding, Inc. ("Holding") and certain retired salaried employees of Uniroyal, Inc., as amended.

The benefits to be provided to the majority of salaried retirees are governed by the provisions of a settlement agreement of a class action suit entitled Tourangeau vs. Uniroyal, Inc., as amended.

The Plan provides benefits to three participant groups. A separate Voluntary Employee Benefit Association ("VEBA") was established by Holding to hold the Plan assets for each group with The Northern Trust Company serving as Trustee. The groups are known as the Salary VEBA, Corporate VEBA and Salary VEBA II.

Benefits—The Plan pays premiums to the United American Insurance Company for an insured medical policy for Medicare participants in all fifty states. The annual out-of-pocket maximums per participant amounted to $2,000 for each single participant and $1,350 for each married participant covered in a family unit. Claims for certain non-Medicare benefits are processed on a self-insured basis by WEB-TPA Employer Services, LLP of Irving, Texas, ("WEBTPA"), or on an insured basis. The Plan also pays premiums to Anthem Blue Cross and Blue Shield for an insured medical policy for certain salaried employees.

The Plan also pays premiums to The Hartford Insurance Company for group life insurance benefits.

Eligibility—Full-time salaried employees and all retirees and their eligible dependents are eligible to participate in the Plan.

Contributions—Holding has made contributions to the Salary VEBA and Corporate VEBA as required under the Amended and Restated Stipulation of Settlement Agreement dated October 25, 1994 as approved by the Tourangeau Court plus additional contributions as approved by Holding's Board of Directors on April 30, 2003 and thereafter. Contributions to Salary VEBA II were approved by Holding's Board of Directors at their April 15, 1998, April 24, 2002, and June 16, 2003 meetings, in amounts determined by its actuaries. Contributions are made by the participants in amounts approved by the Tourangeau Court. In addition to deductibles and co-payments, during 2025, single participants paid monthly contributions of $58 and participants in a family unit paid $137.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities, and the actuarial present value of the postretirement benefit obligation at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investments—The Plan invests in various securities including U.S. Treasury Bills, U.S. Treasury Notes, a money market fund, and a short-term investment fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Investment Valuation—Fair Value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical investments at the measurement date (observable).

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable at the measurement date, such as quoted prices for similar investments; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that include situations where little, if any, market activity exists for the investment.

Following is a description of the valuation methodologies used for assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

U.S. Treasury Bills and U.S. Treasury Notes are valued using quoted market prices.

Money market fund is valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value ("NAV") and to transact at that price, which approximates $1. The money market fund held by the Plan is deemed to be actively traded.

Short-term investment fund is valued using amortized cost which approximates fair value.

Administrative Expenses—Certain administrative expenses are paid by the Plan. The Plan sponsor provides accounting and other administrative services to the Plan at no charge. In addition, certain investment related expenses are included in net appreciation/depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

Postretirement Benefits—The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) current retirees or their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with Holding. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date. The postretirement benefit obligation is funded from existing Plan assets and retiree contributions. When Plan assets from any VEBA are depleted, Holding will fund the periodic benefit payments.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims, cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants and other providers.

For measurement purposes, the medical and drug cost trend rate was 7.00% for 2025 and 2024, gradually decreasing to 4.40% in the year 2039 for 2025 and 2038 for 2024.

Other significant assumptions used in the valuations as of December 31, 2025 and 2024, were as follows:

- The assumed discount rate used to measure the postretirement benefit obligation was 5.00% for 2025 and 5.25% for 2024.

- The assumed rate of return on Plan assets used to measure the postretirement benefit obligation was 3.50% for 2025 and 2024.

- Mortality assumptions were primarily based on the Pri-2012 Total Dataset Mortality projected to valuation date with Scale MP-2021 for 2025 and 2024.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue unchanged. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations.

Subsequent Events—For the year ended December 31, 2025, subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued.

3. BENEFIT OBLIGATIONS

Aggregate VEBA assets exceed the Plan's benefit obligations at December 31, 2025 and 2024. In the case of an underfunding, the underfunding is expected to be funded through future increases in Holding's contribution and the participants' contribution rates.

4. INVESTMENTS

During 2025, the Plan's investments (including investments bought, sold, and held during the year) appreciated/(depreciated) in value as follows:

U.S. Treasury Bills	$ (125)
U.S. Treasury Notes	(1,045)
Net depreciation in fair value of investments	$ (1,170)

The Plan's policy is to recognize significant transfers between Levels at the time of transfer. There were no significant transfers between Level 1 and Level 2 of the fair value hierarchy nor transfers in and/or out of Level 3, for the year ended December 31, 2025. The following table summarizes the levels in the fair value hierarchy into which the Plan's investments fall as of December 31, 2025 and 2024:

December 31, 2025

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
U.S. Treasury Bills	$ 179,144	$ -	$ -	$ 179,144
U.S. Treasury Notes	3,658,252	-	-	3,658,252
Money market fund	123,092	-	-	123,092
Short term investment fund	-	14,034	-	14,034
Total	$ 3,960,488	$ 14,034	$ -	$ 3,974,522

December 31, 2024

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
U.S. Treasury Bills	$ 285,369	$ -	$ -	$ 285,369
U.S. Treasury Notes	3,556,446	-	-	3,556,446
Money market fund	399,103	-	-	399,103
Short term investment fund	-	27,257	-	27,257
Total	$ 4,240,918	$ 27,257	$ -	$ 4,268,175

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2025, Plan assets were in investments managed by The Northern Trust Company, a party-in-interest as defined by the Employee Retirement Income Security Act of 1974. Fees paid by the Plan for the investment management services were $41,323 for the year ended December 31, 2025. During the year ended December 31, 2025, fees paid to third party administrator WEBTPA and AmWINS amounted to $216 and $10,143, respectively.

6. TAX STATUS

The Trusts established under the Plan to hold the Plan's assets are intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code and, accordingly, the Trusts' net investment income is exempt from income taxes except as described below. The Sponsor has obtained a favorable tax exemption letter from the Internal Revenue Service, and the Plan Sponsor believes that the Trusts, as amended, continue to qualify and operate in accordance with the applicable requirements of the Internal Revenue Code. Therefore, except for the unrelated business income tax stated below, no provision for income taxes has been included in the Plan's financial statements.

Generally Accepted Accounting Principles (GAAP) requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2022.

Certain earnings of the Plan are subject to unrelated business income tax. The tax expense for the year ended December 31, 2025 for the Plan was $14,800. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

7. PLAN TERMINATION

Holding cannot terminate or materially reduce the level of benefits provided under the terms or conditions of the Plan with respect to participants who retired prior to December 2, 1986 pursuant to the Tourangeau agreement as described in Note 1. With respect to all other active and retired Plan participants, Holding amended the Plan effective January 1, 2002 to provide such participants with lifetime benefits so that they are treated similarly to those participants who retired prior to December 2, 1986. In no event shall Holding cause any portion of the Plan's assets to be used for purposes other than for the exclusive benefit of the participants and their beneficiaries (including payment of reasonable expenses for administering the Plan) nor may any portion of the Plan's assets become the property of Holding.

8. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of the postretirement benefit obligation is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. SUBSEQUENT EVENT

Subsequent to December 31, 2025, the Plan Sponsor began taking steps toward terminating the Plan. The proposed termination is expected to include the purchase of life insurance contracts and an annuity contract from an insurance company to provide annual payments to participants for their purchase of individual medical and drug insurance coverages. As of the date the financial statements were available to be issued, the terms of the arrangements have not been finalized, and the financial effect of the proposed termination was not reasonably determinable.
