Independent Auditor's Report

To the Retirement Committee of
Assurance Technology Corporation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Assurance Technology Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year the ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Assurance Technology Corporation 401(k) Savings Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Assurance Technology Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Assurance Technology Corporation 401(k) Savings Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Assurance Technology Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Assurance Technology Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2025 Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2025, and schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of Assurance Technology Corporation 401(k) Savings Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 18, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Assurance Technology Corporation 401(k) Savings Plan (the Plan) of Assurance Technology Corporation and its affiliates, ATC Power Systems, Inc. and New England Sports Management, Inc. (collectively, the Company), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are age 20 or older, and part-time employees who satisfy the Plan's applicable eligibility requirements. Generally, a part-time employee satisfies the Plan's eligibility requirements by completing 1,000 hours of service during the applicable 12-month period (as defined) and attaining age 20. Certain long-term part-time employees may also become eligible to make elective deferrals under the provisions described below. The Retirement Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Retirement Committee. The Plan was most recently amended on July 30, 2025, making minor changes to the definition of eligible compensation.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

Setting Every Community Up for Retirement Enhancement (SECURE) Act
The SECURE Act and the SECURE 2.0 Act include various provisions affecting the Plan. Effective at various dates through December 31, 2025, the Plan implemented the required provisions applicable to long-term part-time employees, including the reduction, effective January 1, 2025, from three to two consecutive 12-month periods during which an employee must complete at least 500 hours of service to become eligible to make elective deferrals. The Plan also implemented changes to the required minimum distribution (RMD) provisions, as described below, and operationally permits the increased catch-up contribution limit for eligible participants who attain ages 60 through 63 during the calendar year. Effective January 1, 2026, catch-up contributions made by participants whose prior-year Federal Insurance Contributions Act (FICA) wages exceed the applicable statutory threshold must be made as Roth contributions. The Plan is required to adopt conforming amendments reflecting these provisions by December 31, 2026.

Contributions
Non-highly compensated participants may contribute between 1% and 75% of annual eligible compensation as pre-tax and Roth contributions in the aggregate. Highly compensated participants may contribute up to 10% of annual eligible compensation as pre-tax and Roth contributions in the aggregate. All participants may contribute up to an additional 10% of their annual eligible compensation as after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for discretionary employer matching contributions for all eligible participants, limited to 8% of eligible compensation that each participant contributes to the Plan as pre-tax and Roth contributions, excluding catch-up and after-tax contributions. For the year ended December 31, 2025, the discretionary employer matching contribution was 50% of the first 8% of eligible compensation that each participant contributes to the Plan on each pay date. Contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan…continued

Participant Accounts
Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, and an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. The allocation of earnings or losses is based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
The Plan permits its participants to obtain loans against their account balances. A participant may borrow a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of the participant's vested account balance or $50,000, reduced by the excess of the participant's highest outstanding loan balance during the preceding 12-month period over the outstanding loan balance on the date of the new loan. Loan terms are generally limited to a maximum of five years, with an exception for loans used to purchase a primary residence that have loan terms limited to a maximum of 15 years. Notes receivable from participants are secured by no more than 50% of the participant's vested interest in the Plan, determined immediately after origination of the loan, and shall bear interest at the prime rate plus 1% (7.75% December 31, 2025) at the date the loan application is processed. A participant may only have one loan outstanding at any given time. Principal and interest are generally repaid through payroll deductions for actively employed participants, although other repayment methods may be permitted under the Plan's loan procedures.

The Plan Administrator will treat a loan in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment; however, the participant will have the opportunity to repay the loan or resume current status of the loan by paying any missed payment plus interest. Upon termination of employment, a participant may continue to repay the outstanding portion of the note receivable subject to the terms and conditions of the underlying provisions of the promissory note.

Certain other restrictions may apply to notes receivable from participants, as defined in the plan document.

As of December 31, 2025, the rates of interest on outstanding notes receivable from participants ranged from 4.25% to 9.50%, with various maturities through 2036.

Vesting
Participants are immediately vested in their pre-tax, Roth, after-tax, and rollover contributions plus actual earnings thereon. Each participant vests in discretionary employer matching contributions based on years of service (as defined) and becomes fully vested after five years of service. Discretionary profit sharing contributions transferred from the New England Sports Management, Inc. plan become fully vested after seven years of service. A participant becomes fully vested in employer contribution accounts upon death or total and permanent disability (as defined), or upon attaining the Plan's normal retirement age of 65 while employed by the Company.

Forfeitures
Forfeitures represent nonvested participant account balances forfeited in accordance with the terms of the Plan, plus related earnings. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $36,696 and $18,757, respectively. Forfeitures may be used to pay Plan expenses, reduce employer matching contributions, or be allocated to eligible participants in accordance with the terms of the Plan. During the year ended December 31, 2025, forfeited nonvested balances totaling $6,100 were used to pay Plan expenses, and no forfeited nonvested balances were used to reduce discretionary employer matching contributions related to the year ended December 31, 2025.

1. Description of Plan…continued

Payment of Benefits
Distributions may be made from a participant's vested account upon retirement, death, total and permanent disability (as defined), or severance from employment. An active participant may also receive an in-service withdrawal after attaining age 59½, subject to the Plan's applicable limitations.

If a participant terminates service, any portion of the vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Upon severance from employment, vested account balances of $7,000 or less may be distributed without participant consent. If a participant does not make an election regarding a mandatory distribution, the vested account balance will be automatically rolled over to an individual retirement account, subject to the applicable Plan provisions.

RMDs are required for non-Roth accounts at age 70½ if born before July 1, 1949, age 72 if born between July 1, 1949 and December 31, 1950, age 73 if born between 1951 and 1959, and age 75 if born after 1959 (for participants other than 5% owners, RMDs generally may be delayed until retirement if retirement occurs after the applicable RMD age). Otherwise, the participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment or partial payments, subject to certain restrictions as defined in the plan document.

Distributions from a participant's rollover contribution account or after-tax voluntary contribution account may be made at any time. An eligible participant may take no more than one rollover account withdrawal and two after-tax contribution withdrawals per plan year. An eligible participant may receive no more than one age 59½ withdrawal during any 12-month period. Eligible participants may receive hardship distributions from the vested portions of their accounts in an amount not exceeding the amount necessary to satisfy an immediate and heavy financial need (as defined). If a participant is married, spousal consent witnessed by a notary public is required for in-service withdrawals.

All distributions are subject to the applicable provisions of the Plan.

Investment Elections
Each participant shall direct the investment of his or her account and shall select among various mutual funds, a common collective trust fund, and a guaranteed interest account held with an insurance company. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies…continued

Investment Valuation and Income Recognition
The Plan's mutual funds and common collective trust fund are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Fully benefit responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals, transfers, expense charges, and other amounts withdrawn in accordance with the contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of a fully benefit-responsive investment contract. See Note 3 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest from notes receivable from participants is recorded on an accrual basis. As of December 31, 2025 and 2024, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, the balance of notes receivable from participants is reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, investment advisory expenses, and other fees related to participant directed transactions are charged directly to the participant's account and are included in administrative expenses. Service credits funded by John Hancock are recorded as a reduction of administrative expenses.

3. Investment Contract with Insurance Company

The Plan invests in a traditional fully benefit-responsive group annuity contract with New York Life Insurance Company (NYLI) through a guaranteed interest account. The contract value of the guaranteed interest account was $11,437,097 and $11,901,412 as of December 31, 2025 and 2024, respectively.

3. Investment Contract with Insurance Company…continued

Contributions are credited to the guaranteed interest account, which is credited with interest at rates established by NYLI and charged for participant withdrawals, transfers, expense charges, and other payments made in accordance with the contract.

The interest crediting rate is established by NYLI and reset semiannually on January 1 and July 1. The contract provides for a minimum interest rate, after deduction of the applicable expense charge, equal to the lesser of 3.00% and a variable rate based on a formula specified in the underlying contract which cannot be less than 1.00%.

The contract specifies certain conditions under which withdrawals or transfers associated with Company initiated events, including total or partial plan termination, mergers, spinoffs, layoffs, early retirement incentive programs, sales or closings of operations, bankruptcy, or receivership, may result in an additional charge to the guaranteed interest account. Such withdrawals and transfers are subject to a 5% annual limitation, and amounts exceeding that limitation may result in an additional charge determined using a market value adjustment specified in the contract.

The Plan may terminate the contract upon written notice and elect either a single sum payment subject to a market value adjustment or payment in six annual installments. NYLI may terminate the contract upon 30 days' written notice, in which case the balance in the guaranteed interest account, adjusted for interest and applicable expense charges through the payment date, will be paid in a single sum within 90 days following the termination date. The contract does not provide for a market value adjustment upon termination by NYLI. Management believes that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is not probable.

The guaranteed interest account is subject to an annual expense charge of 0.05%, which is accrued daily and withdrawn monthly. None of this charge is used to offset recordkeeping, administrative, or advisory expenses otherwise charged to the Plan.

4. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

4. Fair Value Measurements…continued

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds - Valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission, which are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund - Valued at the NAV of units of the common collective trust. The NAV, as provided by John Hancock Trust Company LLC (John Hancock), the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on the fund. There were no unfunded commitments as of December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 53,729,235	$ -	$ -	$ 53,729,235
Investments measured at NAV (a)				7,207,583
Total investments at fair value				$ 60,936,818

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 48,011,494	$ -	$ -	$ 48,011,494
Investments measured at NAV (a)				7,854,035
Total investments at fair value				$ 55,865,529

4. Fair Value Measurements…continued

(a) In accordance with ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly John Hancock has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and the related investment activity and interest income on notes receivable from participants activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

6. Tax Status

The Plan has adopted a volume submitter plan that the IRS has determined, by an opinion letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

8. Party-in-Interest Transactions

The Plan holds a guaranteed interest account under a group annuity contract issued by New York Life Insurance Company. John Hancock Trust Company LLC serves as directed trustee with respect to the contract. Therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues notes receivable to participants, which are secured by participants' vested interests in the Plan and constitute party in interest transactions.

8. Party-in-Interest Transactions…continued

John Hancock funds a service credit to the Plan based on the amount of service revenue that John Hancock receives pursuant to arrangements with investment option issuers, if such amount exceeds a percentage of the Plan's total assets as defined in the agreement between John Hancock and the Plan. Such amounts may be used to pay the Plan's administrative expenses or be allocated to the accounts of participants. During the year ended December 31, 2025, the service credit funded by John Hancock totaled $67,010 and was included as a reduction in administrative expenses, net of service credits on the accompanying Statement of Changes in Net Assets Available for Benefits.

Certain service providers to the Plan, including the trustees and investment advisers, are parties-in-interest as defined by ERISA. During the year ended December 31, 2025, the Plan paid fees to these parties for various services. These transactions qualify as exempt party-in-interest transactions under ERISA.

9. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through October 5, 2026, the date the financial statements were available to be issued.
