Consolidated Networks Corporation 401(k) Plan
Oklahoma City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Consolidated Networks Corporation 401(k) Plan (the "Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained the certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

CONSOLIDATED NETWORKS CORPORATION 401(K) PLAN

DECEMBER 31, 2025

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Consolidated Networks Corporation 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Employees of Consolidated Networks Corporation (the “Company”) are allowed to participate in the Plan. The Plan is a defined contribution plan with a cash or deferred arrangement covering all employees who are 21 or older and have completed three months of service, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants can make either pre-tax contributions or Roth after-tax contributions up to the maximum amount allowed by the Internal Revenue Service (IRS). The IRS’ limit was $23,500 for the year ended December 31, 2025. Plan participants age 50 and older were eligible to make catch-up contributions of an additional $7,500 during the year ended December 31, 2025, or if participants turned 60, 61, 62 or 63 during 2025, they were eligible to contribute an additional $11,250. The Plan also permits participants to make rollover contributions from other qualified plans.

The Company, at its discretion, may elect to make a rigid matching contribution each pay period based on the participants’ deferrals and/or other nonelective profit-share contributions to the Plan. For the Plan year ending December 31, 2025, the Plan made a profit-sharing contribution of approximately $100,000. This profit-sharing contribution was accrued (less forfeitures that will be utilized) at December 31, 2025.

Participant Accounts and Investment Options: Participants direct the investment of their contributions into various mutual funds offered by the Plan.

Each participant's account is credited with the participant's contributions, an allocation of the Plan Sponsor’s contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Vesting: Participant contributions to the Plan and earnings thereon are fully vested at all times. Vesting of Plan Sponsor contributions is based upon the years of service with the Plan Sponsor as follows:

Years of Service	Vested Percentage
Zero to one year	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Forfeitures of nonvested Plan Sponsor contributions are used to reduce future Plan Sponsor contributions or Plan administrative costs. At December 31, 2025 and 2024, the amount for forfeited non-vested accounts was $34,223 and $7,318, respectively. These accounts will be used to reduce future administrative costs. During 2025, employer matching contributions were reduced by approximately $8,300 from forfeited non-vested accounts.

Payment of Benefits: Upon termination of employment for reasons other than death, disability, or retirement, the participant is entitled to receive a lump sum payment equal to his or her vested interest or may rollover their vested account balance into an individual retirement account, individual retirement annuity or another employer's tax qualified plan, or choose to keep the balance in the Plan until reaching retirement age of 59.5. If the participant's vested benefit in the Plan is less than $5,000 but greater than $200, the participant will receive the balance as a distribution to an Individual Retirement Account or Annuity for the participant's benefit. Participants that have a vested benefit that does not exceed $200 will receive a lump sum payment as soon as practicable following the event entitling the participant to a distribution. Certain early distributions made upon termination of employment may be subject to a penalty.

Upon retirement at age 59.5, retirement due to disability or the death of the participant, the participant or participant's designated beneficiary is entitled to receive the participant's entire account balance.

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Payment of Benefits--Continued: Hardship withdrawals are permitted up to the amount of the participant's account balance attributable to their contributions made to the Plan, but only after they have taken the maximum allowed in-service withdrawal. Hardship withdrawals are only permitted for accounts that are fully vested in the Plan.

At December 31, 2025, net assets available for benefits included approximately $1,605,000, relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at reasonable rates determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Adjustments to the cash basis trust reports include contributions withheld by employers but not remitted to the Plan until after year-end.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded as expenses when paid.

Administrative Expenses: The majority of administrative expenses of the Plan are paid by the Plan Sponsor. These are related to the administration of the Plan's investment transactions, recordkeeping, custodian fees, and other expenses incurred in the administration of the Plan.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid balance plus any accrued but unpaid interest. Interest income on notes receivable from participant is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

Income Tax Status: The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2025. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2022.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events: Plan management has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued, and determined that there were no subsequent events requiring recognition or disclosure.

NOTE C--FAIR VALUE MEASUREMENTS

FASB ASC 820-10-35-39 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are investment vehicles valued using net asset value (NAV) per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The underlying investments held are valued as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C--FAIR VALUE MEASUREMENTS--CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy.

NOTE D--INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, which was the custodian of the Plan's assets during the years ended December 31, 2025 and 2024, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets held at end of year is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule H, Line 4i—schedule of assets held at end of year as of December 31, 2025.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information per the custodian's certified statements to the related information included in the financial statements and supplemental schedule.

NOTE E--TRANSACTIONS WITH PARTIES-IN-INTEREST

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Company provides certain administrative services at no cost to the Plan.

Certain assets of the Plan consist of mutual funds managed by the custodian and notes receivable from participants which are considered party-in-interest transactions under ERISA.

NOTE F--INVESTMENT CONCENTRATION, RISKS AND UNCERTAINTIES

As of December 31, 2025, approximately 78% of Plan assets consist of one mutual fund investment.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE G--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to net assets available for benefits reported on Form 5500 for the years ended December 31:

	2025	2024
Net assest available for benefits per financial statements	$ 3,582,768	$ 3,327,726
