Amazon 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Amazon 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025, and delinquent participant contributions for the year then ended (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Amazon 401 (k) Plan

Notes to Financial Statements

(*In Thousands*)

December 31, 2025

1. Description of Plan

The following description of the Amazon 401(k) Plan (the Plan) provides only general information. The plan document contains a complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan that covers eligible employees of Amazon.com Services, LLC. and participating subsidiaries of Amazon.com, Inc. (collectively, the Company). Amazon.com Services, LLC., a wholly owned subsidiary of Amazon.com, Inc., is the plan sponsor. All such employees who are at least 18 years of age are eligible to contribute to the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Contributions

Subject to the annual limitations prescribed by the Internal Revenue Code of 1986 (the Code), participants may contribute up to 90% of their individual annual compensation, as defined in the plan document. Participants may also roll over amounts representing pre-tax or Roth after-tax distributions from other qualified plans. Participants may direct the investment of contributions to any of the Plan's investment fund options. The Company Stock Fund is an available investment alternative for matching contributions and is not an available investment alternative for employee contributions.

The Company makes matching contributions to the Plan equal to 50% of each participant's contributions (excluding rollover and catch-up contributions), with a maximum contribution amount eligible to be matched of 4% of a participant's annual compensation as defined by the Plan.

1. Description of Plan (continued)

Participant Accounts

The Plan requires an individual account for each participant and provides individual benefits based on amounts contributed to the participant's account and the investment experience on such amounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, as well as any actual earnings thereon. Participants are 100% vested in Company contributions and any actual earnings on such amounts after three years of service.

Forfeitures

To the extent a participant is not 100% vested upon termination of employment, the participant forfeits Company contributions in his or her account on the earlier of the date the participant takes a distribution of his or her vested interest in the Plan or the date the participant incurs a five-consecutive-year break in vesting service (within the meaning of the plan document). Any contribution by the Company to a participant's account that is so forfeited will be used for the following purposes as directed by the plan administrator: (i) reduce future matching contributions (ii) pay plan administrative expenses (iii) restore forfeited accounts. At December 31, 2025 and 2024, unallocated forfeitures were $68,607 and $58,002, respectively. During 2025, the Company used $82,679 in forfeitures to offset Company contributions.

1. Description of Plan (continued)

Payments of Benefits

A participant who has not terminated employment is entitled to withdraw all or any portion of his or her vested account balance upon attainment of age 59 1/2 by using the plan's in-service withdrawal provision or upon financial hardship. A participant who has terminated employment and whose vested account balance exceeds $5 will receive a distribution of his or her entire vested interest in the Plan only when so elected and not later than his or her required beginning date (within the meaning of the plan document). If the participant's vested account balance is more than $1 but less than $5, the amount will be rolled over to a Fidelity individual retirement account equal to his or her entire vested interest. If the participant's vested account balance is $1 or less upon termination of service, the amount will be distributed to the participant in a lump sum equal to his or her entire vested interest.

Plan Termination

Although it has no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts**.**

Participant Loans

Participants may borrow from their fund accounts a minimum of $1 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50 (less the highest outstanding loan balance in the prior year). Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. All loans will bear interest at a commercially reasonable rate determined by the plan administrator and are secured by the participant's vested account balance. Participant loans are treated as notes receivable to participants' accounts. Principal and interest can be repaid by participants ratably through payroll deductions or as a lump sum for the outstanding loan balance. Partial repayments of the outstanding loan balance are permitted.

1. Description of Plan (continued)

Administrative Expenses

The Plan's trustee and recordkeeper are Fidelity and Fidelity Workplace Services Defined Contribution Recordkeeping Services, respectively. Investment management fees are charged on all plan investments, except the Company Stock Fund asset base. Recordkeeping fees for terminated participants and transaction fees deducted from net assets available for benefits were $7,132 for the year ended December 31, 2025. In addition, the Company pays recordkeeping fees for active participants and other administrative expenses of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedules. Although the plan administrator believes that the Plan's estimates, assumptions, and judgments are reasonable, they are based upon information presently available. Actual results may differ significantly from these estimates under different assumptions, judgments, or conditions.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3, Fair Value Measurements).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded using the accrual method of accounting. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits and Other Distributions

Benefit payments and other disbursements are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds, the Company Stock Fund, and collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the fair values of the investment securities will occur in the near term and that such changes could materially affect the value of participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measurements, the following hierarchy prioritizes the inputs to valuation methodologies used to measure fair value.

Level 1: Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2: Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Valuations based on unobservable inputs reflecting the plan administrator's own assumptions, consistent with reasonably available assumptions made by other market participants.

3. Fair Value Measurements (continued)

The Plan did not hold any cash, cash equivalents, or marketable securities categorized as Level 2 or Level 3 as of December 31, 2025 or 2024.

The self-directed brokerage account feature primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan based on quoted prices in active markets.
- *Company Stock Fund*: Valued at share value based on quoted prices in an active market.
- *Collective trust funds*: Valued at the net asset value (NAV) as the practical expedient based on the collective trust's underlying investments as determined by the fund's issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025	
	Level 1	**Total**
Investments:		
Self-directed brokerage accounts	$ 1,463,543	$ 1,463,543
Mutual funds	2,205,334	2,205,334
Company Stock Fund	2,622,755	2,622,755
	$ 6,291,632	6,291,632
Collective trust funds (NAV)		37,539,435
Total investments at fair value		$ 43,831,067

3. Fair Value Measurements (continued)

	2024	
	Level 1	**Total**
Investments:		
Self-directed brokerage account	$ 919,465	$ 919,465
Mutual funds	1,981,827	1,981,827
Company Stock Fund	2,701,378	2,701,378
	$ 5,602,670	5,602,670
Collective trust funds (NAV)		28,564,954
Total investments at fair value		$ 34,167,624

4. Investments

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity, except for comparing such information to information included in the Plan's financial statements and the applicable supplemental schedules.

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained or derived from investment information provided to the plan administrator and certified as complete and accurate by Fidelity.

There are no participant level redemption restrictions or future commitments on the instruments that use NAV as the practical expedient. There is a plan level 12 month put option redemption restriction for the Vanguard Retirement Savings Trust II.

5. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS), dated September 29, 2016, stating that the terms of the Plan qualify under the requirements of Section 401(a) of the Code to be exempt from taxation. Subsequent to this determination by the IRS, the Plan was restated and amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes the plan, as amended, is qualified and the related trust is tax-exempt.

The plan administrator is required to evaluate uncertain tax positions, if any, taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon termination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions.

6. Party-in-Interest Transactions

Party-in-interest transactions under ERISA include the purchases and sales of shares of mutual funds and the collective trust funds managed by Fidelity, purchases and sales of shares of the Company common stock in the Company Stock Fund, administrative fees paid to Fidelity, and the issuance of participant loans. During 2025, the Plan made purchases of $49,057 and sales of $258,637 in the Company Stock Fund. Additionally, as of December 31, 2025 and 2024, the Plan held $2,622,755 and $2,701,378 respectively, in the Company Stock Fund. The Company Stock Fund held 11,361,852 and 12,312,379 shares as of December 31, 2025 and 2024, respectively. As of December 31, 2025, through the self-directed brokerage feature, the Plan held investments issued by affiliates of Fidelity totaling $337,093.

7. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits for the financial statements to the Plan's Form 5500, Annual Return/Report of Employee Benefit Plan:

	December 31	
	2025	**2024**
Net assets available for benefits per the financial statements	$ 44,565,538	$ 34,593,744
Benefits payable to participants at end of year	(1,154)	(2,264)
Net assets available for benefits per the Form 5500	$ 44,564,384	$ 34,591,480

The following is a reconciliation of benefits paid to participants per the financial statements to the Plan's Form 5500:

	Year Ended December 31, 2025
Benefits paid to participants per the financial statements	$ 3,392,836
Plus benefits payable to participants at December 31, 2025	1,154
Less benefits payable to participants at December 31, 2024	(2,264)
Benefits paid to participants per the Form 5500	$ 3,391,726

The difference between benefits paid to participants per the financial statements and per the Plan's Form 5500 is due to amounts allocated to withdrawing participants. The Plan's Form 5500 benefits paid to participants include benefit claims that have been processed and approved for payment prior to year-end but not yet paid as of year-end. However, for financial statement purposes, these amounts are not included in benefits paid to participants until actual payment is made.
