Independent Auditor's Report

Board of Trustees
UFCW Local 2013 Annuity Fund

Opinion

We have audited the accompanying financial statements of the UFCW Local 2013 Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 13 through 15 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Schedule H – Part IV, Line 4f:

There was an incident in which an email account from Tri-State Administrators was compromised and used to process unauthorized disbursements directly from John Hancock totaling approximately $300,000. Due to control deficiencies acknowledged by John Hancock, the funds were subsequently reimbursed by John Hancock, including interest, resulting in no financial loss to the Plan. In response to this incident, the Plan strengthened its controls by implementing two forms of multi-factor authentication on email accounts and requiring that disbursement requests to John Hancock be submitted through a secure email portal, along with phone call verification of the withdrawal requests. John Hancock has strengthened its controls by enhancing security measures related to changes in the Plan's banking information, strengthening administrative controls and red-flag detection processes, and improving case management systems to better validate Plan level disbursements, including enhanced tracking and oversight.

Independent Auditor's Report

Board of Trustees
UFCW Local 2013 Annuity Fund

Opinion

We have audited the accompanying financial statements of the UFCW Local 2013 Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 13 through 15 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the UFCW Local 2013 Annuity Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective January 05, 1981 and is a defined contribution money purchase plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the United Food and Commercial Workers Local 2013 (the "Union") and various employers encompassing a range of industries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide retirement benefits to eligible participants.

Participation

An individual becomes a participant in the Plan the first day their employer, subject to a collective bargaining agreement, is required to make contributions to the Plan.

Vesting

Participants are immediately 100% vested in all contributions and related earnings credited to their individual accounts.

Benefits

A participant, or the participant’s beneficiary, is entitled to receive benefits, if the participant:

1. Attains age 65 and retires
2. Dies
3. Has no employer contributions credited to their individual account for 60 days.

Plan regulations mandate that the distribution of a participant’s benefit commences when the participant attains age 73.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Benefits (cont'd)

Benefits are recorded when paid.

A participant may elect any one of the following methods of payment:

a. Single life annuity or a qualified joint survivor annuity
b. One lump sum
c. Benefits in the form of 36, 60 or 120 monthly payments until the accumulated share is exhausted
d. Rollover all or a portion of the lump-sum payment to another qualified annuity plan

In accordance with IRS Regulations, minimal account balances may be distributed in one lump sum payment without consent of the participant.

Participant accounts

Individual accounts are maintained for each participant of the Plan and are "participant directed" for investment purposes. Under this approach, each participant directs the investment of their account into various investment options offered by the Plan. Each participant's account is credited with contributions made on their behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, the rights of all affected participants and beneficiaries, to the value of the amounts credited to participants' accounts, shall be non-forfeitable and the Plan assets will be allocated to pay all obligations of the Plan and to provide benefits to those eligible under the terms of the Plan and as otherwise required by law.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Investment valuation and income recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Employers' contributions receivable

Employers' contributions receivable is estimated based on receipts in the subsequent plan year that pertain to prior plan years.

The Plan, in its normal course of business, performs audits of the records of contributing employers to monitor compliance with their obligation to make contributions to the Plan. It is the Plan's policy that any employer contributions due to the Plan based on these procedures are recorded as income in the period in which such amounts are received.

Lease

The Plan assesses whether a contractual arrangement qualifies as a lease at inception and only reassesses its determination if the terms and conditions of the arrangement are modified. If an arrangement qualifies as a lease, the Plan evaluates whether it should be classified as an operating or financing lease.

For leases assessed as long-term, lease right-of-use assets represent the Plan's right to use the underlying asset for the lease term and lease liabilities represent the Plan's obligation to make lease payments arising from the leases. The Plan records a lease liability based on the future estimated cash payments discounted over the non-cancellable portion of the lease term. In the event an implicit discount rate is not readily determined in lease agreements, the Plan uses the risk-free Treasury rate at the lease commencement date in determining the present value of future lease payments. Lease right-of-use assets may include lease payments made and exclude lease incentives. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Plan will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Administrative expense allocation

The administrative office is occupied by the Plan, the Union, the Pension Fund and the Welfare Fund, related organizations. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements received from related organizations for the years ended December 31, 2025 and 2024 were $1,214 and $0, respectively.

Reimbursements paid to related organizations for the years ended December 31, 2025 and 2024 were $121,430 and $117,700, respectively.

For the years ended December 31, 2025 and 2024, reimbursements paid to related organizations includes third party administration expenses of $91,307 and $89,710 respectively. The Plan leases office space from the UFCW Local 2013 Realty Corp., a subsidiary of the Union and a related party. Rent and related costs are included in the total occupancy expense of the Plan.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 - Fair value measurements (cont'd)

Interest bearing cash: Valued at cost.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of December 31, 2025, with fair value measurements on a recurring basis:

	2025	Level 1	Level 2	Level 3
Investments at fair value				
Interest bearing cash	$ 536,871	$ 536,871	$ -	$ -
Registered investment companies	32,319,840	32,319,840	-	-
Total assets in the fair value hierarchy	$ 32,856,711	$ 32,856,711	$ -	$ -

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of December 31, 2024, with fair value measurements on a recurring basis:

	2024	Level 1	Level 2	Level 3
Investments at fair value				
Interest bearing cash	$ 292,675	$ 292,675	$ -	$ -
Registered investment companies	26,584,712	26,584,712	-	-
Total assets in the fair value hierarchy	$ 26,877,387	$ 26,877,387	$ -	$ -

Note 3 - Unallocated insurance contract

The Plan is party to a fully benefit-responsive Guaranteed Interest Contract with New York Life Insurance Company. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The interest crediting rate may not be reset more frequently than semi-annually after the first contract year and may not be less than 1%. The contract value of the Plan's investment as of December 31, 2025 and 2024 was $6,784,315, and $7,561,488, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 4 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note 5 - Party-in-interest transactions

Certain Plan investments are held by the manager of the investment; therefore, transactions relating to those investments qualify as exempt party-in-interest transactions and are identified as such on the supplemental schedules of investments.

Note 6 - Employers' contributions

In accordance with collective bargaining agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Contributions are generally based on monthly rates. Two employers contributed approximately 60% and 57% of the Plan's total employer contributions for the years ended December 31, 2025 and 2024, respectively.

Note 7 - Minimum funding

As of the years ended December 31, 2025 and 2024, the Plan met minimum funding requirements of ERISA.

Note 8 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

The following is a reconciliation of the reclassifications:

	Per Financial Statements	Reclassification	Per Form 5500
Investment income	$ 4,357,551	$ 530,448	$ 4,887,999
Contributions	4,057,895	-	4,057,895
Total additions	8,415,446	530,448	8,945,894

Note 9 - Reconciliation of participants' accounts to net assets available for benefits

	2025	2024
Participants' account balances	$ 38,226,644	$ 33,671,127
Employer contributions receivable	349,000	352,000

Unallocated assets/liabilities	660,845	415,447
Net assets available for benefits	$ 39,909,038	$ 34,716,217

Note 10 - Tax status

The Plan has received a determination letter from the Internal Revenue Service dated January 12, 2016, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Trustees believe that the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date. Additionally, the Plan believes it has no uncertain tax positions as of December 31, 2025 and 2024 in accordance with FASB ASC Topic 740 "Income Taxes".
