Independent Auditor's Report

To the Plan Administrator and Trustees
Envolve Employee Savings Plan
Montgomery, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Envolve Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Envolve Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Envolve Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE 1. PLAN DESCRIPTION

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Envolve Employee Savings Plan (the "Plan") is a defined contribution plan covering all eligible employees of Envolve Client Services Group, LLC (the "Company"). The Plan also covers all eligible employees of Envolve Community Management, LLC; Ross Management LMG, LLC; and MacDonald Property Management, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2020, the Plan changed its name from LEDIC Management Group Employee Savings Plan to Envolve Employee Savings Plan.

Participation

In order to participate in the Plan, the employee must be at least age 21 and have completed twelve months of service. The employee will become a participant on the first day of the quarter following completion of the eligibility requirements.

Contributions

Each year, participants may contribute a certain percentage of their compensation as defined in the Plan. The Plan allows participant contributions up to the maximum allowed by the Internal Revenue Service ("IRS"). Participants direct the investment of their contributions into investment options offered by the Plan. The Plan currently offers various mutual funds held in pooled separate accounts as investment options for participants. The Plan provides for an automatic participant deferral of 3% upon attainment of eligibility. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes a match of 50% of contributions up to 6% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, the employer's discretionary match, and allocations comprising (a) Plan earnings or losses and (b) expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of service. A participant is 100% vested after five years of credited service for matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% at the date of the loan. Loan terms range from one to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

A participant becomes eligible for distributions at the normal retirement age of 65 regardless of years of service. All distributions are paid in lump sum amounts. In the event of total and permanent disability, a participant shall be eligible to receive the entire amount in his individual account. If a participant dies while in the service of the Company, his or her beneficiary shall receive the entire amount of the participant's individual account. In the event of death of an inactive participant, any remaining benefits which were payable to the inactive participant shall be paid to his or her beneficiary.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested and nonforfeitable.

Forfeitures

If an employee terminates before his or her Company matching contribution account has become fully vested, such portion of the account is forfeited. Participant forfeitures are used to reduce future matching contributions by the Company or to pay Plan expenses. Participant forfeitures totaled $83,909 and $41,727 as of December 31, 2025 and 2024, respectively. The Plan used $23,743 of forfeitures to reduce Plan expenses during 2025.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution Income

The Plan records employer and employee contributions receivable when compensation is paid and deferrals are withheld. In accordance with ASC 326, no allowance for credit losses has been recorded at December 31, 2025 or 2024, as employer and employee contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had excess contributions payable of $57,846 and $18,931 as of December 31, 2025 and 2024, respectively.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2025 or 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

NOTE 3. ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The majority of the administrative expenses are paid directly by the Company; however, certain fees are paid directly from the Plan. Fees incurred by the Plan for investment management services are included in administrative expenses. Recordkeeping fees are also included in administrative expenses.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Mutual funds held in pooled separate accounts: Valued at the net asset value ("NAV") of units of the pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals can be executed any time but are generally limited to one per calendar quarter. Were the Plan to initiate a full redemption of a pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the account in order to ensure that the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments related to the pooled separate accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 24,260,997

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 19,384,068

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INFORMATION CERTIFIED BY PLAN CUSTODIANS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management, the custodian of the Plan, has certified to the completeness and accuracy of the retirement investment fund contracts reflected in the statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025. As permitted under the election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to said information certified by the custodian previously mentioned, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the custodian that the following information is complete and accurate.

	2025	2024
Statements of net assets available for benefits:		
Pooled separate accounts	$ 24,260,997	$ 19,384,068
Notes receivable from participants	720,192	401,676
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$ 3,471,864	
Interest on notes receivable from participants	52,668	

NOTE 6. INCOME TAX STATUS

The IRS has determined that the volume submitter profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the third-party administrator of such in a letter dated June 30, 2020. Although the Plan has been amended since adopting the volume submitter profit sharing plan, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds in pooled separate accounts managed by Fidelity Management Trust Company as of December 31, 2025. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for the periods denoted above.

The Company pays directly any other fees related to the Plan's operations. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 24,923,343	$ 19,766,813
Excess contribution liability	57,846	18,931
Net assets available for benefits per the Form 5500	$ 24,981,189	$ 19,785,744

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 5,156,530
Change in excess contribution liability	38,915
Change in net assets available for benefits per the Form 5500	$ 5,195,445
