Independent Auditor's Report

October 7, 2026

Plan Administrator
HEA Clinic, P.A. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the HEA Clinic, P.A. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following brief description of the HEA Clinic, P.A. 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of HEA Clinic, P.A., operating as Houston Eye Associates, and participating employers (collectively, the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 1997, and has since been amended and restated.

The Company has appointed an employee to serve as the plan administrator. Ascensus Trust Company serves as the Plan's trustee. Ascensus, LLC is an agent for the trustee and serves as the Plan's recordkeeper.

Eligibility

Participation in the Plan is available for all eligible employees, as defined. Employees are eligible to begin participating in the Plan on the first open enrollment date coinciding with or following the date that the participant has completed six months of service and attained the age of 18. Open enrollment dates are January 1, April 1, July 1 and October 1 of each year. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Employee pre-tax and Roth contributions are made to the Plan by participants electing to contribute up to 100% of the employee's compensation, as defined, subject to the maximum limits allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to limitations of the IRC. The Plan has an auto-enrollment feature, whereby all eligible employees hired or rehired are automatically enrolled in the Plan at a pre-tax deferral rate of 3% of their eligible compensation, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. Participants may also make rollover contributions from other qualified plans and certain other qualified sources as defined in the plan document.

The Company may elect to make discretionary matching contributions. For the year ended December 31, 2025, the Company elected to make discretionary matching contributions for eligible employees equal to 50% of the participant's contributions, not to exceed 6% of the participant's compensation, as defined. For the year ended December 31, 2025, the Company made matching contributions of $848,992.

The Company may also make discretionary nonelective profit-sharing contributions on behalf of eligible employees. For the year ended December 31, 2025, the Company elected to make nonelective profit-sharing contributions as a percentage of compensation, based on class and status. The contributions were as follows: 3.43% for highly compensated non-owners and staff, 10.29% for partners with annual compensation of $350,000 or less, and $36,000 for partners with annual compensation greater than $350,000. For the year ended December 31, 2025, the Company made nonelective profit-sharing contributions of $1,963,513.

Participant Accounts

Upon enrollment in the Plan, participants may direct the trustee with regard to the investment of their account balance into various investment options offered by the Plan, or act as their own asset manager and elect to invest up to 100% of their account balances in a self-directed brokerage account. Participants may change their investment elections at any time.

Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service. A participant becomes 20% vested upon the completion of two years of service and the vesting percentage increases 20% for each additional year of service until the employee is 100% vested after six years. Regardless of the vesting schedule, participants become fully vested upon death, reaching normal retirement age, which is 65, or disability.

There were $8,315 and $76,651 of forfeitures available at December 31, 2025 and 2024, respectively. Forfeitures are used to pay plan expenses or reduce future Company contributions. For the year ended December 31, 2025, the Plan used $72,736 of available forfeitures to pay plan expenses and $111,851 of available forfeitures to offset 2024 employer contributions. Subsequent to year end the Company utilized $25,787 of forfeitures to offset the 2025 employer contributions.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the vested balance of the participant's account. A participant may not have more than one loan outstanding at any one time. Outstanding loans bear an interest rate of the Prime rate plus 2%. Notes must be repaid within five years unless used to acquire a principal residence. With the exception of a few grandfathered home loans that could be extended to 30 years, loans taken to acquire a principal residence must be repaid within 10 years. Generally, principal and interest are repaid ratably through after-tax payroll deductions.

Benefit Payments

Distributions may be made to participants upon termination of employment, death, disability or retirement. Under certain circumstances, participants may withdraw the value of their account while still employed for reasons of financial hardship, upon the attainment of age 59½ and for other permitted reasons. Distributions from the Plan are paid in the form of a lump sum distribution. Participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of year are shown as net appreciation or depreciation in the fair value of investments in the statement of changes in net assets available for benefits. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Contributions

Contributions from participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary non-elective profit-sharing contributions are recorded in the plan year in which participant compensation is paid.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Loan fees and certain transactional charges are paid by the participants. All other administrative costs are paid by the Plan unless paid by the Company, at its discretion. Investment related expenses are included in the net appreciation or depreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 7, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Ascensus, LLC as agent for Ascensus Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year), is presented in reliance solely upon these certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund and Mutual Funds: These funds are valued daily based upon their quoted market prices.

Self-Directed Brokerage Account: This account consists primarily of an interest-bearing cash account, mutual funds, and common stocks that are valued daily based on their quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

Self-directed brokerage account	134,526	-	-	134,526
Total investments at fair value	$63,065,568	$ -	$ -	63,065,568

Note 5 - Federal Income Tax

The pre-approved plan document, adopted by the Plan, received an opinion letter from the Internal Revenue Service (IRS) dated June 7, 2021, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants become 100% vested.

Note 7 - Party-in-Interest Transactions

The Plan maintains a recordkeeping agreement with Vanguard Group, Inc. (VGI), whereby VGI has subcontracted with Ascensus, LLC to provide the recordkeeping for the Plan. Certain mutual funds offered by the Plan are issued by VGI, a party-in-interest with respect to the Plan. The Plan also engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

The Plan participates in a revenue sharing credit program with Ascensus, LLC. Pursuant to the service agreement between Ascensus, LLC and the Company, Ascensus, LLC provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Ascensus, LLC will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Ascensus, LLC to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the account at December 31, 2025 and 2024, was approximately $0 and $41,621, respectively. For the year ended December 31, 2025, $44,587 of funds were utilized to pay plan expenses.

Note 8 - Nonexempt Party-in-Interest Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, there were unintentional delays during 2024 in remitting $483 of participant contributions to the Plan within the time frame specified by the DOL’s Regulation 29 CFR 2510.3-102, thus constituting nonexempt party-in-interest transactions between the Plan and Company. The participant contributions were remitted to the Plan prior to December 31, 2025 and the Company is in the process of remitting the lost earnings on these monies.
