INDEPENDENT AUDITOR'S REPORT

To the Investment Committee and participants of the
Printpack, Inc. Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Printpack, Inc. Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the Plan's qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Printpack, Inc. Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Printpack, Inc. (the Company or Plan Sponsor). The Plan covers all employees of the Company, except specifically identified Puerto Rican employees of the Company and union participants who are covered under collectively bargained plans. Employees are eligible to participate in the Plan on their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pre-tax and/or Roth contributions up to 60% of their eligible compensation, as defined in the Plan document, not to exceed $23,500 in 2025, plus up to an additional $7,500 for participants who have reached at least 50 years of age by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025 are eligible for catch-up contributions of $11,250. Employees are automatically enrolled on their hire date with a 5% deferral rate unless the employee elects differently. Annual scheduled increases of the automatic deferral amount will apply to all participants and will be administered as an "opt-out" feature and will take effect as of the anniversary date of each participant's date of hire subsequent to a one-year waiting period. After the second year of employment, contributions will automatically increase in increments of 1% each year, up to a maximum amount of 10%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes safe harbor matching contributions to the Plan based on each contributing participant's elective deferral. The safe harbor matching contribution is calculated as 100% of the participant's deferrals up to 3% of eligible compensation and 50% of the deferrals between 3% and 5% of eligible compensation. The Company may also make non-safe harbor non-elective contributions to the Plan to participants on a per capita basis to those employees who have completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. In 2025, the Company did not make any non-safe harbor non-elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with administrative expenses and certain individual transaction fees. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the

Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions and Company contributions plus earnings thereon. Matching contributions from prior employers of merged plans are 100% vested.

Forfeited Accounts

At December 31, 2025 and 2024, accumulated forfeitures totaled $31,600 and $28,381, respectively, and are included in the fully benefit-responsive investment contract on the statements of net assets available for benefits. Forfeitures may be used to pay administrative expenses and to reduce future Company contributions. During 2025, no forfeitures were used to pay Plan expenses and $3,598 in forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the excess of the participant's highest outstanding note balance during the previous twelve-month period) or 50% of their vested account balance. A participant may have one (1) note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan document. At December 31, 2025, the notes had fixed rates ranging from 4.25% to 9.50% for the term of the note not to exceed 5 years, unless used for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, total disability, retirement, or termination of service, the participant or their beneficiary may receive payment of the vested balance in their account in a lump sum, or installment payment. Participants are also eligible to receive hardship withdrawals when certain conditions are met. In-service withdrawals are also permitted for participants who have attained age 59½. Vested account balances less than $7,000 may be automatically distributed without participant consent upon termination of service.

Administrative Expenses

The Plan established an ERISA account in which the Plan's qualified institutions deposits revenue sharing funds. During 2025, $191,627 was deposited to the account, which includes investment earnings and $162,618 in expenses were paid from the account. The account had available balances of $95,509 and $66,500 as of December 31, 2025 and 2024, respectively, which are included in the fully benefit-responsive investment contract on the statements of net assets available for benefits.

The Plan pays for recordkeeping fees through forfeitures and the ERISA account. Fees paid to service providers of the Plan qualify as party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses. Additionally, an asset-based participant fee is assessed quarterly on certain investments at the participant level for administrative and record-keeping support. Participants also pay fees for enrolling the investment advice service program, distributions, loans, and other transactions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Non-safe harbor non-elective contributions are considered payable to the Plan upon approval by the Board of Directors of the Company. Any unfunded participant or employer contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

In accordance with the Financial Accounting Standards Board Accounting Standards Codification (ASC) 326, *Financial Instruments—Credit Losses*, the Plan estimated the current credit risk associated with the employer contributions receivable. After giving consideration to the risk characteristics, including historical payment experience, the Plan determined that no allowance for credit loss was necessary and there was no current year activity in the allowance for credit losses.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments and net change in contract value of the fully benefit-responsive investment contract includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding principal balance. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant's note balance is reduced, and a deemed distribution is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and the net change in fair value and contact value of investments and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), the Plan's qualified institutions.

4. Investments and Fair Value Measurements

Plan investments include units of pooled separate accounts and a fully benefit-responsive investment contract managed by an affiliate of the Plan's qualified institutions; therefore, transactions in these investments qualify as party-in-interest transactions.

Investments are exposed to various risks, such as interest rate, currency, market, and credit risks. Market risks include U.S. and global events which could impact the value of the Plan investments. Such events would include healthcare crises, such as pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks, among others. It is at least reasonably possible that changes

in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are valued at quoted market prices for the identical security in an active market (Level 1).

Fair value of the common/collective trust funds is determined by prices published daily by the trust managers, which is the net asset value (NAV) of each common/collective trust fund (Level 1). NAV is determined by the fair value of the mutual funds, stock, and other securities in each common/collective trust fund. Participants can trade common/collective trust funds daily at the published NAV.

Fair value of the pooled separate accounts is determined by prices published daily by the account manager, which is the NAV of the account. The NAV is based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the account. Participants can trade the pooled separate accounts daily at the published NAV. The market in which the pooled separate accounts trade is not considered active, therefore the investment is included as a Level 2 investment.

The following table summarizes the Plan's investments based on the inputs used to measure their fair values as of December 31:

	2025		
	Level 1	**Level 2**	**Total**
Mutual funds	**$ 234,024,808**	**$ -**	**$ 234,024,808**

Fully Benefit-Responsive Investment Contract

The Plan holds a portfolio of investment contracts that comprises a synthetic guaranteed investment contract (GIC). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Restrictions may apply to transfers of funds from this guaranteed interest contract to other contract investment options.

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The synthetic GIC is a wrap contract paired with underlying investments which are owned by the Plan. The underlying investments consist of high-quality, intermediate fixed income securities. The trust's crediting interest rate on the synthetic GIC is determined using an explicit formula specified in the interest schedule within the synthetic GIC contract. The rate is reset every six months.

5. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by Empower Retirement LLC, an affiliate of the Plan's qualified institutions. The Internal Revenue Service has opined and informed Empower Retirement LLC, by letter dated September 16, 2022, that the pre-approved plan is designed in accordance with the applicable

sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	**$ 494,889,301**	$ 460,879,586
Employer contributions receivable	**(289,809)**	(282,454)
Net assets available for benefits per the Form 5500	**$ 494,599,492**	$ 460,597,132

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

Net increase in net assets available for benefits per the financial statements	**$ 34,009,715**
Contributions receivable at December 31, 2024	**282,454**
Contributions receivable at December 31, 2025	**(289,809)**
Net increase in net assets available for benefits per the Form 5500	**$ 34,002,360**

Contributions are recorded when earned on the financial statements but are not recorded until received on the Form 5500.
