First Call 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of First Call 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of First Call 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by First Call Home Health Agency, LLC (formerly First Call Home Health, LLC) (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2024 and March 31, 2026, First Call Hospice LLC and First Call Meals, LLC, affiliates of the Company, adopted the Plan, respectively.

Eligibility

The Plan covers substantially all employees of the Company who have attained age 18 and completed one year of service with a minimum of 1,000 hours with the Company. Employees who have satisfied the eligibility requirements may enter into the Plan on the first day of each Plan quarter coincident with or following the date the requirements are met.

Contributions

Plan participants are permitted to make elective deferrals on a pre-tax basis up to 100% of their total compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Plan participants are also permitted to contribute to the Plan on an after-tax (Roth) basis. The maximum amount that a participant may contribute is limited by provisions of the Internal Revenue Code (the Code).

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, frequently known as rollover contributions.

The Company may make a discretionary matching contribution on behalf of each eligible participant at the option of the Plan's trustees. The Plan's trustees voted to match 50% of the first 8% of employee elective deferrals for the year ended December 31, 2025.

The Company may also make a discretionary profit sharing contribution on behalf of each eligible participant in an amount equal to a percentage of each eligible participant's compensation at the option of the Plan's trustees. The Plan's trustees voted to not make a discretionary profit sharing contribution for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution or withdrawal and allocations of the Company's contribution and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a guaranteed investment contract and various mutual funds and common/collective trusts.

Vesting

Participants are immediately vested in their elected deferral contributions and actual earnings thereon. Participants earn vesting in the Company's contributions based on years of service. A participant's vested interest in their account derived from employer contributions and investment earnings shall be based on the following:

Years of Service	Vesting Percentage
1	33%
2	67%
3 or more	100%

Participants are 100% vested in their account derived from employer contributions and investment earnings upon attaining normal retirement age (age 65), death, or becoming permanently and totally disabled.

Forfeitures

Participants who terminate their employment prior to becoming 100% vested forfeit their nonvested account balances. These benefits, plus interest accumulated thereon, are left in the Plan to either offset the Company's contributions or pay administrative expenses. During 2025, $2,760 was utilized to fund Company contributions. The remaining balance of forfeited nonvested accounts was $92 and $145 as of December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow up to $50,000, subject to certain limitations and vested account balance, as set forth in the Plan document.

Payment of Benefits

Upon termination of employment, including death or disability, a participant may elect to receive a lump sum amount equal to the value of the participant's vested account balance. Distributions elected as a result of death may also be paid out in installments. Participants may also take an in-service withdrawal upon reaching age 59½ or exhibiting financial hardship.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of the common/collective trusts are valued at the underlying net asset value (NAV) of units held by the Plan at year-end. See Note 9 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has considered transactions or events occurring through October 6, 2026, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Investment Contract with Insurance Company

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

4. Income Tax Status

The Company has adopted the Professional Benefit Services, Inc. Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion letter dated November 30, 2020 from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

5. Information Prepared and Certified by Custodians

The investments and related transactions including net appreciation in fair value of investments and interest and dividend income amounts were obtained by management and agreed to or derived from the information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of Principal Financial Group, and Principal Global Investors Trust Company, the custodians, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

6. Parties-in-Interest

The Company provides certain accounting and administrative services for which no fees are charged. The employees that provide these services are also participants of the Plan.

Principal manages the investment contract and certain investment funds. Principal is a third-party administrator and an affiliate of the custodians of those investments and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan for the investment management services amounted to $39,089 for the year ended December 31, 2025.

BDMP Assurance, LLP serves as the auditor of the Plan and therefore qualifies as a party-in-interest. Direct fees paid by the Plan for audit services amounted to $17,020 for the year ended December 31, 2025.

True Private Wealth Advisors serves as an investment advisor to the Plan and therefore qualifies as a party-in-interest. Direct fees paid by the Plan for the investment advisory services amounted to $26,479 for the year ended December 31, 2025.

Professional Benefit Services is a third-party administrator to the Plan and therefore qualifies as a party-in-interest. Direct fees paid by the Plan for services amounted to $7,069 for the year ended December 31, 2025.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment options. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted NAV of shares held by the Plan at year-end.

Common/collective trusts: Valued using the market approach based on the NAV of the units held by the Plan at year-end. The NAV is provided by Principal Global Investors Trust Company and is used as a practical expedient to estimate fair value. No redemption notice is required prior to withdrawal of funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025
