INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Alpine Intel 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alpine Intel 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31,2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALPINE INTEL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of Alpine Intel 401(k) Plan (the "Plan") provides only general information. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and became effective on January 1, 1988. The Plan is sponsored by Alpine Intel, LLC (the "Company") and is joined by the following subsidiaries and/or affiliates of the Company: Donan Engineering, LLC; Donan Solutions, LLC; HVAC Investigators, LLC; Strike Check, LLC; Veracity Research Co., L.L.C; Alpine Intel Forensics, LLC; Robinson Group Investigative Solutions, LLC; Alpine Intel Commercial Solutions, LLC; Donan Claim Service, LLC; Horticultural Asset Management, LLC; and Mecanica Scientific Services, LLC; (collectively, the "Employer").

During the year ended December 31, 2025, the Company completed the following acquisitions to expand its service offerings and geographic presence. The acquired entities include:

1. Mecanica Scientific Services, LLC (Acquisition Date: March 14, 2025)
2. Horticultural Asset Management, LLC (Acquisition Date: October 1, 2025)

The qualified defined contribution plans maintained by the acquired entities were terminated through board resolution or plan amendments. Participants from these acquired entities were added to the Plan during 2025 and permitted to rollover the account balances into the Plan. The total amount of rollover contributions associated with the enrollment of these participants was $1,506,119 and is reported in the total rollover contributions within the statement of changes in net assets available for benefits for the year ended December 31, 2025.

The Plan covers substantially all employees of the Company.

Plan Amendments—As a result of the corporate acquisitions described above, the Plan document has been amended to include the names of the following employers: Mecanica Scientific Services, LLC and Horticultural Asset Management, LLC.

Trustee and Administration of the Plan—The recordkeeper of the Plan is Fidelity Workplace Services LLC. The trustee is Fidelity Management Trust Company ("Fidelity" or "trustee"). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility—There is a six-month eligibility waiting period for newly hired employees. During 2025, the Company grandfathered in employees' services during their tenure with the acquired entities for purposes of eligibility and vesting service. Existing employees remain eligible to enter the Plan on the first day of the month on or following the later of their date of hire or attainment of age 21. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and discretionary nonelective contributions.

Contributions—Participants may contribute up to the maximum allowable annual contribution as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Employer shall make a safe harbor matching contribution equal to 100% of the participant's elective deferrals up to 3% and 50% of the next 2% of eligible participant's compensation. Participants receive safe harbor matching contributions at the same time 401(k) contributions are contributed. The Employer may also elect to contribute a discretionary nonelective contribution, to be determined by the Employer, although none was made for the year ended December 31, 2025.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings. Participant accounts are charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting—Participants are vested immediately in their contributions, plus actual earnings thereon. Participants vest in Employer contributions at 20% per year after the first two years of service and become 100% vested after six years of service. With the adoption of safe harbor provisions effective January 1, 2023, participants immediately vests 100% in Employer contributions.

Investments Options—Participants may direct the investment of their contributions and any Employer contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Notes Receivable from Participants—Participants may borrow up to a maximum of the lesser of $50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months ending on the day before the date of the new loan. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus 1%. Principal and interest are paid ratably through payroll deductions. Defaults on participant loans are deemed distributions under Internal Revenue Service (IRS) regulations and are reported as deductions from the Plan's net assets. Each participant may only have one loan outstanding at a time. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC.

As of December 31, 2025, participant loans have maturities through 2030 at interest rates ranging from 4.25% to 10.50%.

Payment of Benefits—On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than $5,000 may elect to receive either a single lump-sum distribution, installments over a period of time, or a direct rollover to another qualified plan equal to the value of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than $5,000 will receive his or her benefits as a single lump-sum payment or by direct rollover to another qualified plan. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures—Forfeitures may be used to pay any administrative expenses and reduce future employer contributions. Amounts forfeited and available for use as of December 31, 2025 and 2024, were $3,122 and $74, respectively. During 2025, forfeitures totaling $63,100 were used to reduce Employer matching contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risk and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Concentration of Investments—The Plan has a concentration of investments in two mutual funds, Fidelity 500 Index Fund and Vanguard Balanced Index ADM Fund, at December 31, 2025 and December 31, 2024. At December 31, 2025 and 2024, these funds represented 41% and 48%, respectively, of the Plan's investments at fair value. A change in the value of these funds could cause the value of the Plan's net assets available for benefits to change due to this concentration.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought and sold as well as held during the year. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits—Benefits are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2025.

Contributions—Employee contributions and employer matching contributions are recorded when withheld and earned, respectively.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. Excess contributions payable as of December 31,2025 and December 31,2024 were $123 and $2,427, respectively.

Administrative Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that were prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits	**2025**	**2024**
Investments—at fair value	$66,653,254	$49,346,293
Notes receivable from participants	592,415	457,785

Statement of Changes in Net Assets Available for Benefits	**2025**
Net appreciation in fair value of investments	$ 7,611,672
Interest and dividends income	1,689,973
Interest income on notes receivable from participants	42,914

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Note 4: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurements.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used on December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Funds—Mutual funds and money market funds represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 65,699,161	$ -	$ -	$ 65,699,161
Money market funds	954,093			954,093
Total	$ 66,653,254	$ -	$ -	$ 66,653,254

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 48,248,524	$ -	$ -	$ 48,248,524
Money market funds	1,097,769			1,097,769
Total	$ 49,346,293	$ -	$ -	$ 49,346,293

5. TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the preapproved Plan document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and has since been amended. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds and accounts that are managed by Fidelity or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 per the financial statements to the Form 5500:

	2025
Net assets available for benefits per the financial statements	$ 67,245,546
Excess contributions payable	123
Net assets available for benefits per the Form 5500	$ 67,245,669

For the year ended December 31, 2025, the following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500:

	2025
Net increase in net assets per the financial statements	$ 17,443,895
Add: amounts allocated to Excess contributions payable at December 31, 2025	123
Less: amounts allocated to Excess contributions payable at December 31, 2024	(2,427)
Net increase in net assets available per the Form 5500	$ 17,441,591

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.
