Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The Maschhoffs 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

1. **Summary of Significant Plan Provisions**

The following description of The Maschhoffs 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

a. **General** – The Plan is a defined contribution plan for the benefit of employees of The Maschhoffs, Maschhoff Transport, LLC, Maschhoff Environmental, Inc., and MAIT, LLC (collectively, the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. **Eligibility** – Employees are eligible to participate in the Plan at the next entry date after attaining the age of 21 and completion of three months of service. Entry dates are the first day of the month following the date the participant meets the eligibility requirements and elects to participate.

c. **Contributions** – Participants may contribute to the Plan through payroll deductions and rollover contributions. Employees may defer from 1% to 90% of their eligible compensation up to the Internal Revenue Service's ("IRS") 401(k) elective deferral limitations on a pre-tax or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified plans (rollover). The Employer makes safe harbor matching contributions in the amount of 100% of a participant's contribution up to 4% of the participant's eligible compensation. The Employer may also make a nonelective contribution at the discretion of the Employer. No such discretionary contributions were made during 2025 or 2024. The Plan contains provisions as to the maximum annual additions to a participant's account that can be made.

d. **Participant accounts** – Each participant's account is credited with the participant's and Employer contributions and allocations of Plan earnings/losses, and is charged with applicable withdrawals and an allocation of administrative expenses. Allocations are based on participant's earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. **Vesting** – A participant is fully vested, at all times, in their own contributions, Employer safe harbor matching contributions, and earnings/losses thereon. A participant shall be fully vested in nonelective contributions made by the Employer plus earnings/losses thereon if the participant reaches normal retirement age of 65, becomes totally disabled, or dies. If a participant terminates employment other than because of death, disability, or retirement, they are entitled to a vested percentage of nonelective contributions made by the Employer and earnings/losses thereon.

1. **Summary of Significant Plan Provisions (cont.)**

This vested percentage is determined as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

f. **Investment options** – Upon enrollment in the Plan, participants may direct their contributions to any of the investment options offered under the Plan. Participants may change their investment selections at any time.

g. **Notes receivable from participants** – Participants may borrow from their accounts in amounts ranging from $1,000 to the lesser of $50,000, as reduced in the Plan document, up to a maximum of 50% of their vested account balance. Note terms range from one to five years unless the note is used to acquire the participant's primary residence for which the period of the note can be extended. The notes are secured by the participant's vested account balance and bear a reasonable interest rate which is commensurate with local prevailing borrowing rates, as determined by the Plan administrator. Principal and interest are paid at least quarterly through payroll deductions.

h. **Forfeitures** – The portion of a participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures may be used to pay the administrative expenses of the Plan or used to reduce Employer contributions. Forfeitures of approximately $200 were utilized during the years ended December 31, 2025 and 2024 to pay administrative expenses. There were no significant forfeitures available for future use as of December 31, 2025 or 2024.

i. **Payment of benefits** – Upon separation of service due to death, disability, retirement, or termination, the participant or their beneficiary can elect to have the vested portion of their account paid in a lump sum as soon as administratively possible. If the participant's account balance is equal to or less than $5,000, the balance will be automatically distributed. Any distribution greater than $1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement account designated by the Plan administrator. In-service withdrawals are available from participants' accounts resulting from rollover contributions and from the vested accounts for participants who have attained age 59½ or meet certain hardship requirements.

j. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. **Summary of Significant Accounting Policies**

a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.

e. **Payment of benefits** – Benefits are recorded when paid.

f. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Fees related to loans and distributions are charged directly to the participants' accounts. Certain other administrative expenses paid by the Employer are excluded from these financial statements.

3. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing such information with the related information included in the financial statements and supplemental schedule:

a. Investments at fair value as shown on the accompanying statement of net assets available for benefits of $54,883,956 and $45,092,836 as of December 31, 2025 and 2024, respectively.

b. Interest and dividends as shown on the accompanying statement of changes in net assets available for benefits of $2,304,139 and $1,436,362 (excluding $43,909 and $32,695 in interest from notes receivable from participants) for the years ended December 31, 2025 and 2024, respectively.

3. **Investments (cont.)**

c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of $5,683,997 and $4,035,755 for the years ended December 31, 2025 and 2024, respectively.

d. All investment transactions that occurred during the years ended December 31, 2025 and 2024.

e. All information included in the supplemental schedule, excluding participant loans.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. **Fair Value Measurements (cont.)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Money market fund: This investment is valued at fair value of the underlying investments, which are valued based on the quoted market prices on the last business day of the Plan year. The underlying investments' objective is to achieve a $1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust funds: These investments are stated at fair value based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the funds, minus its liabilities, divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Money market fund	$ 166,066	$ -	$ -	$ 166,066
Mutual funds	54,195,672	-	-	54,195,672
Total assets in the fair value hierarchy	$ 54,361,738	$ -	$ -	54,361,738
Investments measured at NAV*				522,218
Investments at fair value				$ 54,883,956
December 31, 2024				
Mutual funds	$ 44,714,295	$ -	$ -	$ 44,714,295
Total assets in the fair value hierarchy	$ 44,714,295	$ -	$ -	44,714,295
Investments measured at NAV*				378,541
Investments at fair value				$ 45,092,836

4. **Fair Value Measurements (cont.)**

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
Common collective trust funds	$ 522,218	$ 378,541	N/A	Daily	30 days

5. **Tax Status**

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the "Plan Document"), which received an opinion letter dated June 30, 2020, in which the IRS stated the Plan Document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter of the Plan Document for its own qualification. Although the Plan Document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. **Parties-in-Interest Transactions**

Fidelity is the trustee and third-party administrator of the Plan. The Plan pays Fidelity for its services. Inasmuch as Fidelity serves as the trustee and third-party administrator of the Plan's assets, it is by definition a party-in-interest and, as a result, all investments and investment transactions with Fidelity were with a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

7. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2025 financial statement date and determined there were no significant events necessary for disclosure through October 7, 2026, which is the financial statement issuance date.

Plan Administrator and Participants
The Maschhoffs 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The Maschhoffs 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

1. **Summary of Significant Plan Provisions**

The following description of The Maschhoffs 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

a. **General** – The Plan is a defined contribution plan for the benefit of employees of The Maschhoffs, Maschhoff Transport, LLC, Maschhoff Environmental, Inc., and MAIT, LLC (collectively, the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. **Eligibility** – Employees are eligible to participate in the Plan at the next entry date after attaining the age of 21 and completion of three months of service. Entry dates are the first day of the month following the date the participant meets the eligibility requirements and elects to participate.

c. **Contributions** – Participants may contribute to the Plan through payroll deductions and rollover contributions. Employees may defer from 1% to 90% of their eligible compensation up to the Internal Revenue Service's ("IRS") 401(k) elective deferral limitations on a pre-tax or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified plans (rollover). The Employer makes safe harbor matching contributions in the amount of 100% of a participant's contribution up to 4% of the participant's eligible compensation. The Employer may also make a nonelective contribution at the discretion of the Employer. No such discretionary contributions were made during 2025 or 2024. The Plan contains provisions as to the maximum annual additions to a participant's account that can be made.

d. **Participant accounts** – Each participant's account is credited with the participant's and Employer contributions and allocations of Plan earnings/losses, and is charged with applicable withdrawals and an allocation of administrative expenses. Allocations are based on participant's earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. **Vesting** – A participant is fully vested, at all times, in their own contributions, Employer safe harbor matching contributions, and earnings/losses thereon. A participant shall be fully vested in nonelective contributions made by the Employer plus earnings/losses thereon if the participant reaches normal retirement age of 65, becomes totally disabled, or dies. If a participant terminates employment other than because of death, disability, or retirement, they are entitled to a vested percentage of nonelective contributions made by the Employer and earnings/losses thereon.

1. **Summary of Significant Plan Provisions (cont.)**

This vested percentage is determined as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

f. **Investment options** – Upon enrollment in the Plan, participants may direct their contributions to any of the investment options offered under the Plan. Participants may change their investment selections at any time.

g. **Notes receivable from participants** – Participants may borrow from their accounts in amounts ranging from $1,000 to the lesser of $50,000, as reduced in the Plan document, up to a maximum of 50% of their vested account balance. Note terms range from one to five years unless the note is used to acquire the participant's primary residence for which the period of the note can be extended. The notes are secured by the participant's vested account balance and bear a reasonable interest rate which is commensurate with local prevailing borrowing rates, as determined by the Plan administrator. Principal and interest are paid at least quarterly through payroll deductions.

h. **Forfeitures** – The portion of a participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures may be used to pay the administrative expenses of the Plan or used to reduce Employer contributions. Forfeitures of approximately $200 were utilized during the years ended December 31, 2025 and 2024 to pay administrative expenses. There were no significant forfeitures available for future use as of December 31, 2025 or 2024.

i. **Payment of benefits** – Upon separation of service due to death, disability, retirement, or termination, the participant or their beneficiary can elect to have the vested portion of their account paid in a lump sum as soon as administratively possible. If the participant's account balance is equal to or less than $5,000, the balance will be automatically distributed. Any distribution greater than $1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement account designated by the Plan administrator. In-service withdrawals are available from participants' accounts resulting from rollover contributions and from the vested accounts for participants who have attained age 59½ or meet certain hardship requirements.

j. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. **Summary of Significant Accounting Policies**

a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.

e. **Payment of benefits** – Benefits are recorded when paid.

f. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Fees related to loans and distributions are charged directly to the participants' accounts. Certain other administrative expenses paid by the Employer are excluded from these financial statements.

3. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing such information with the related information included in the financial statements and supplemental schedule:

a. Investments at fair value as shown on the accompanying statement of net assets available for benefits of $54,883,956 and $45,092,836 as of December 31, 2025 and 2024, respectively.

b. Interest and dividends as shown on the accompanying statement of changes in net assets available for benefits of $2,304,139 and $1,436,362 (excluding $43,909 and $32,695 in interest from notes receivable from participants) for the years ended December 31, 2025 and 2024, respectively.

3. **Investments (cont.)**

c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of $5,683,997 and $4,035,755 for the years ended December 31, 2025 and 2024, respectively.

d. All investment transactions that occurred during the years ended December 31, 2025 and 2024.

e. All information included in the supplemental schedule, excluding participant loans.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. **Fair Value Measurements (cont.)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Money market fund: This investment is valued at fair value of the underlying investments, which are valued based on the quoted market prices on the last business day of the Plan year. The underlying investments' objective is to achieve a $1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust funds: These investments are stated at fair value based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the funds, minus its liabilities, divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Money market fund	$ 166,066	$ -	$ -	$ 166,066
Mutual funds	54,195,672	-	-	54,195,672
Total assets in the fair value hierarchy	$ 54,361,738	$ -	$ -	54,361,738
Investments measured at NAV*				522,218
Investments at fair value				$ 54,883,956
December 31, 2024				
Mutual funds	$ 44,714,295	$ -	$ -	$ 44,714,295
Total assets in the fair value hierarchy	$ 44,714,295	$ -	$ -	44,714,295
Investments measured at NAV*				378,541
Investments at fair value				$ 45,092,836

4. **Fair Value Measurements (cont.)**

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
Common collective trust funds	$ 522,218	$ 378,541	N/A	Daily	30 days

5. **Tax Status**

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the "Plan Document"), which received an opinion letter dated June 30, 2020, in which the IRS stated the Plan Document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter of the Plan Document for its own qualification. Although the Plan Document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. **Parties-in-Interest Transactions**

Fidelity is the trustee and third-party administrator of the Plan. The Plan pays Fidelity for its services. Inasmuch as Fidelity serves as the trustee and third-party administrator of the Plan's assets, it is by definition a party-in-interest and, as a result, all investments and investment transactions with Fidelity were with a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

7. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2025 financial statement date and determined there were no significant events necessary for disclosure through October 7, 2026, which is the financial statement issuance date.
