Independent Auditors' Report

To the Plan Administrator, Trustees, and Participants
Alert Plating Company Profit Sharing Plan
Sun Valley, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Alert Plating Company Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

805 Aerovista Pl, Ste 103, San Luis Obispo, CA 93401 Phone: (805) 888-0241 Fax: (805) 888-0245

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alert Plating Company Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alert Plating Company Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

805 Aerovista Pl, Ste 103, San Luis Obispo, CA 93401 Phone: (805) 888-0241 Fax: (805) 888-0245

Independent Auditors' Report - Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alert Plating Company Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alert Plating Company Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Alert Plating Company Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a profit-sharing plan covering the employees of Alert Plating Company (the Company) who have attained age 21 and completed 1,000 hours of service within a twelve-month period. Employees enter the Plan on the first January 1 or July 1 that occurs after the employee has completed the eligibility service period. The long-term part-time rules under SECURE 2.0 do not apply to the Plan since there are no employee contributions through 2025. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The Company contracts with U.S. Bank National Association to provide custodial and recordkeeping services and with HowardSimon to provide third-party administrator services.

Contributions:

The Plan allows for nonelective Company contributions. Company contributions are discretionary and may be made for the Plan year up to a percentage of eligible compensation as defined by the Plan document. Contributions are funded annually and are allocated to participants who worked at least 500 hours during the Plan year or are employed on the last day of the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Contributions are calculated using cross-testing methods, testing contributions on an equivalent benefit basis using eligible income. The allocation of the profit-sharing contribution, if applicable, is discretionary, as long as it satisfies the IRS testing requirements.

Participant accounts:

Each participant's account is credited with the allocation of the Company's contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The accounts are nonparticipant-directed and are invested in a portfolio of investments directed by the Company.

Vesting:

A participant's vested account balance available for the payment of benefits is based on years of service as follows:

Years of service	*Percent Vested*
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A year of service is credited when an employee works 1,000 hours within the Plan year. If an active participant dies prior to attaining the normal retirement age, the participant becomes 100% vested.

After a five-year break-in-service, as defined by the Plan, the non-vested portion of a participant account is forfeited.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and the loan is charged interest at a rate which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through weekly payroll deductions or through direct payments from the participants.

Benefit payments and withdrawals:

On termination of service due to death, disability, or retirement, participants, or their beneficiaries, are entitled to a distribution of their vested account balance as soon as administratively feasible, after the latest of the close of the plan year in which separation occurred, upon receipt of written election, or upon the date specified by the participant. On termination of service before retirement age, if the participant's vested account does not exceed $7,000, a distribution can be made without consent of the participant following the close of plan year in which separation occurred, with rollover provisions for balances over $1,000.

At December 31, 2025 and 2024, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. The forfeiture balance was $6 and $39 at December 31, 2025 and 2024, respectively. These accounts shall first be used to pay Plan expenses in the

year of forfeiture and the following year. Any forfeitures not used by the end of the second plan year following forfeiture shall be allocated in the same manner as employer contribution for that second year.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

All investments in the Plan are nonparticipant-directed.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit payments and withdrawals:

Benefits are recorded when paid.

Administrative expenses:

Certain Plan expenses are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant loans, benefit payments and other fees are charged directly to the participant's account and are included in administrative expenses or in net appreciation in fair value of assets. Quarterly fees for investment advisor services and other investment-related expenses are included in net appreciation in fair value of investments.

Note 3. Certified Information

The following information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by U.S. Bank National Association, as of December 31, 2025 and 2024:

	2025	*2024*
Investments, at fair value	$ 788,446	$ 713,871
Notes receivable from participants	$ 17,525	$ 23,349
Investment income	$ 69,531	
Interest income on notes receivable from participants	$ 840	

Note 4. Nonparticipant-Directed Investments and Fair Value Measurements

All of the assets in the Plan are nonparticipant-directed, as such, all of the activity presented and disclosed about the Plan relate to nonparticipant-directed net assets.

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Mutual funds (including money market): Valued at the daily closing price as reported by the fund. The Plan holds mutual funds that are both closed-end and open-end, which are registered with the Securities and Exchange Commission. For the funds held in this Plan, closed-end mutual funds are traded on the Intercontinental Exchange and recorded at the market closing price and are deemed to be actively traded (Level 1). Open-end funds are required to publish their daily net asset value (NAV) and to transact at that price, but valuation is based on calculated NAV (Level 2).

Exchange traded funds (ETF): Valued at the last sales price or official closing price on the exchange or primary market on which they trade. ETF hold assets such as stock, commodities, or bonds, and are designed to trade close to their net asset value. The fair values of exchange-traded funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	*Level 2*	*Total*
Money market fund	$ 24,688	$ -	$ 24,688
Mutual funds - closed-end	112,539	-	112,539
Mutual funds - open-end	-	586,178	586,178
Exchange traded funds	64,722	-	64,722
Other	-	319	319
Total investments at fair value	$ 201,949	$ 586,497	$ 788,446

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	*Level 2*	*Total*
Money market fund	$ 28,014	$ -	$ 28,014
Mutual funds - closed-end	117,885	-	117,885
Mutual funds - open-end	-	526,749	526,749
Exchange traded funds	41,096	-	41,096
Other	-	127	127
Total investments at fair value	$ 186,995	$ 526,876	$ 713,871

Note 5. Related Party and Party-in-Interest Transactions

HowardSimon is the third-party administrator of the Plan and provides administrative services. U.S. Bank National Association is the custodian and recordkeeper of the Plan assets. Therefore, any transactions with these entities qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from participants and related interest income are also considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 6. Tax Status

The Company has adopted a non-standardized pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Including any applicable amendments, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2025, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

There are no reconciling items between the financial statements and the Form 5500 as of December 31, 2025 and 2024.

Note 9. Subsequent Events

The Plan was restated on January 1, 2026, to add employee 401(k) deferral and safe harbor matching contribution provisions, effective April 1, 2026. In connection with these changes, all Plan assets were transferred to a new custodian, Transamerica, under a group of plans structure to aggregate trading. The Plan will continue as a stand-alone plan.

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued.
