Independent Auditor's Report

Plan Administrator
Washington University Retirement Medical
Savings Account Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Washington University Retirement Medical Savings Account Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Washington University Retirement Medical Savings Account Plan (the "Plan"), which was established January 1, 2007, by Washington University (the "University", the "Employer", or the "Plan Administrator"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan enables the Employer to provide any Eligible Employee with an account that they can use to save for retiree medical expenses on a tax-favored basis (earnings grow tax-free) while employed. Eligible Employee is defined as an employee hired on or before the first day of the Plan Year and either (a) a benefits-eligible regular faculty member of the Employer with an appointment of 50% of the required full-time faculty workload or a regular semester-based teaching faculty member on the Danforth campus with a semester appointment of at least 6.5 credit hours, (b) a benefits-eligible staff member whose standard work schedule is 20 hours or more per week, or (c) a benefits-eligible staff member who regularly works 20 hours or more per week and who is a member of the International Union Operating Engineers Local No. 148.

Prior to 2014, the Employer made a contribution to the accounts of those employees who contributed a minimum annual amount or greater based on their salary. The contribution amounts by both employees and the Employer were made each pay period. Employees were immediately vested in the Employer contributions. The Employer stopped making contributions effective January 1, 2014, however, employees remain eligible to make contributions each pay period. The employee selects from several options for investment of the funds. Earnings on the amounts contributed are not subject to income tax if they are used by employees to pay for eligible medical expenses for themselves or their dependents after the employee retires. Eligible expenses include retiree health plan premiums, Medicare premiums and out-of-pocket health expenses after retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Additions and Changes to the Plan

There were no significant amendments to the Plan effective during plan years 2025 and 2024. Amendments to the Plan, approved in September 2025 and effective January 1, 2026, are disclosed in Footnote 8 – Subsequent Events.

Funding

The Employee After-Tax Contribution Trust and the University-Contribution Trust (collectively the "Trusts"), established under the Trust Agreement are funded by after-tax contributions made by the employee and by tax-free contributions that were made by the Employer, respectively. Employee contributions are withheld from the individual participants' payroll.

Employees may invest their contribution accounts in investment options according to procedures and requirements set forth by the Plan Administrator. The participant may select and may change investment selections periodically, according to procedures and requirements set forth by the Plan Administrator.

Administrative Expenses

Administrative expenses consist primarily of trustee and claims administration fees.

The Employer pays the account administration fees for active employees and for retirees and surviving spouses, provided the employee retired in accordance with Employer policies and procedures. Those who terminate employment with the Employer will be responsible for their own account administrative fees. Investment fees are paid out of the investment earnings on the funds prior to being credited to the account.

Forfeitures

Forfeitures include residual balances remaining in either the employee after-tax contribution account or the University-contribution account, after (a) the participant has died, and (b) the spouse has died, or (c), if for a period of five consecutive years following termination of employment a Participant's account is inactive and the Plan Administrator is unable to locate the Participant (or confirm that the Participant is deceased), the Plan Administrator may instruct the Trustee to forfeit the balance of the Participant's accounts, subject to reinstatement (including applicable gains and losses) paid out of each Trust's forfeiture account (or by the Employer if such forfeiture accounts are insufficient) in the event that the Participant or other individual with rights to the accounts contacts the Plan Administrator. Such forfeited amounts may be used to reduce future Plan administrative costs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are held at the Trustee and Custodian, Teachers Insurance and Annuity Association of America (TIAA) as of December 31, 2025 and 2024, and are stated at fair value as determined using publicly stated quotes.

Payments to Participants

Payments to participants for eligible expenses are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain

investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information available to the Plan as of December 31, 2025.

3. TAX STATUS

The Trusts received exemption letters dated September 27, 2007 from the Internal Revenue Service (IRS), in which the IRS determined that the Trusts of the Plan are exempt from federal income taxes under Section 501(c)(9) of the Internal Revenue Code. The Plan has been amended since receiving the exemption letters. However, the Plan Administrator believes that the Plan and related Trusts are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments at Fair Value as of December 31, 2025 and 2024 included in the Statements of Net Assets Available for Benefits.
- Interest and Dividends and Net Change in Fair Value of Investments as reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.
- Investments as reported in the supplemental Schedule of Assets (Held at End of Year) at December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. DISCLOSURES ABOUT FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level III – Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

As of December 31, 2025 and 2024, all of the Plans investments were in mutual funds having daily quoted net asset values (NAV) in active markets and are considered Level I in the fair value hierarchy. The funds are valued by the Trustee and compared with quotes received from a third party. Appropriate procedures are undertaken by the Trustee to assure pricing of the funds is accurate. To provide further assurance, the Plan Administrator compares NAV provided by the Trustee with publicly available quotations. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

6. PARTY IN INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in assets managed by an affiliate of TIAA. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of applicable law. Effective January 1, 2014, the Employer chose to discontinue its contributions. In the event of plan termination, the net assets will be used for the payment of claims outstanding.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 26, 2026, which is the date the financial statements were available to be issued.

During September 2025, the following amendments to the Plan were approved, each effective January 1, 2026: (1) discontinuation of employee contributions to the Plan; (2) adoption of the WashU Death Benefit Plan to provide for payment of a death benefit to the estate of an employee or such employee's surviving spouse equal to the remaining RMSA employee contribution account

balance as of the death of such employee or surviving spouse; and (3) amendment of the Plan and the accompanying VEBA Trust to permit the use of RMSA Plan forfeitures to pay current employee medical expenses. These amendments do not impact the Plan's net assets available for benefits as of December 31, 2025 or 2024.
